The Independents are holding numerous practices for this game as it is one of the hardest on their schedule. Last year they split even in two games played here. Eddie Wallower is showing great form in filling the shoes of Harry Rote who recently went to Governor's Island. Coach McCord will send his strongest line-up against the Philadelphia team.

Name Conditions For Sir Thomas Lipton

Boston, Mass., Nov. 8.—C. H. W. Foster, Henry A. Taggard and the syndicate of Eastern Yacht Club members who hold the old racing schooner America, are willing that Sir Thomas J. Lipton, shall have her under certain conditions. A cable asking Sir Thomas just what he wants the yacht for was sent by Hollis Burgess, who represents Sir

wants the yacht for was sent by Hollis Burgess, who represents Sir Thomas in the deal.

American yachtsmen want the historic vessel to remain a yacht or a marine museum, and are opposed to having her go abroad. If the reply comes that Sir Thomas wants the craft for a yacht, but for foreign service, the deal will not be closed. What has led the syndicate to even consider his offer is the fact that unofficial reports have come to this country lately that Sir Thomas desired to purchase America and present her to American yachtsmen in order to prevent her being broken up.

Amateur Baseball to Continue Next Season

Johnstown, Nov. 8.—The Executive committee of the National Base-ball Federation, which has to do with the promption and supervision of eraciar and semiprofessional base all in this country, is to meet at the Lasalle Hotel, Chicago, Saturday, November 17, for the purpose of closing up all business for the past season and to plan for the immediate future. The officers of the Federation look for a continuation of the war, and for record-breaking activities when the soldier boys return to the farms, shops and mills after the war, with acquired tastes for the outgors and sport competition, especially baseball.

The first-string men were given a chance to try out new plays and then the line-up was switched, the varsity backfield and scrub line being pitted against the reserve backs and regular linemen. The arrangement worked out well, and some valuable pointers were given the men. The second combination resulted to nearly an even break and the fight for the ball centered in midfield, with Shope and Goldstein being the only men to gain effectively.

TECH'S HARD SCRIMMAGE SHOWS STRONG ELEVEN: NEXT SEASON'S SCHEDULE

The Technical High School squad held another hard seimmage against the second team yesterdey afternoon in preparation for the contest to be played at Steelton Saturday afternoon. Maroon players feel they are collectively the better team, and are going out to win. Bits monthly reports show that the players are keeping up their scolors to be backing out of the game they have scheduled with Tech for next to be backing out of the game they have scheduled with Tech for next after this month. Tech will be lockled with Tech for next satic work, and the entire first team will be without a contest to be backing out of the game they have scheduled with Tech for next after this month. Tech will be lockled with Tech for next after this month. Tech will be lockled to bring a strong team to this for November 17. An effort will be made to bring a strong team to this still draw will be without a contest of the Hay and it is probable that the local team will be without a contest of the state in the will draw well on that day. Most promising among the opponents is Steelton. With little difficulty the game with Steeltor played in Harrisburg could be arranged for Thanksgiving.

Next Season's Schedule With all the male students now coming to Tech and Central's decision not to have football after the players will be taken to be a finite or the players will be taken to steel the will draw well on that day. The Tech players will be taken to Steelton by auto Saturday. Because of the clinary and the state of the state high school games, but in order to be right he would ask section not to have football after the players will be taken to Steelton by auto Saturday. It isn't very likely that any one is going to select an All-American or All-Sectional eleven this season—not with three-fourths of those who might have been gridiron stars for the autumn drive serving under the colors. But even with so many of the front-gankers out of football harness, the strength of backfield stars who remain is an unusual thing For if these were ordinary times one could even now select a backfield to compare with the high average of the past.

Note the list of eligibles: Oliphant, of the Army; Berry, of Pennsylvania; Guyon and Strupper, of Georgia Tech; McLaren, of Pittsburgh; Harley, of Ohio State; Weimann, of Michigan—and the list is only started. Even past seasons would have found it surpassingly difficult to have offered four finer backfield men than Oliphant, Berry, Guyon and Harley—a quartet that combines tremendous power with baffling speed.

Outside of David, who dropped Goliath, we recall no lightweight who ever sent a heavyweight in the dusk.

But by way of gradual margins it might be proved that a lightweight isn't so back after all.

Follow this system

Follow this system—
Leonard knocked out Welsh; Welsh fought a draw with Packey McFarland; McFarland fought a draw with Mike Gibbons; Gibbons outpointed Jack Dillon; Dillon whipped Frank Moran, and Moran easily remained the limit with Jess Willard.

Yet between the two extreme gaps the margin of weight is nearly 130 pounds. Leonard won his title around 133; Willard weighed 260 when he vought Maran.

Joe Jackson and Fred Merkle formed another brace who could lay the tempered hickory against the ball. And still another is Dave Robertson. Robertson and Jackson have outranged the field at the Polo Grounds, although one of Mike Donlin's ancient blows is still given a draw by more than a few who recalled Mike's longest smash a good many seasons back.

"If the German system was adopted in sport," suggests an exchange, here would be no rules in any game." There'd be one, at least—a heavy enalty against any type of fair play or sportsmanship.

Ernest J. Lanigan, the eminent Statistician of Swat, has had one or two dadditional suggestions put through for the next batch of averages, to be published at an early date By the time Ernest J. finishes with his system there will be no detail in the baseball life of any athlete that hasn't been

Would Out Receipts

For the Thanksgiving Day game the tax is a matter of \$300. Due to the fact that local schools have not thad a big season this is an item in summing up the season's profits. Both High schools have agreed to eliminate the tax on admission tickets and pay out of the general fund if necessary. When the tax provisions were announced sometime ago a decision was printed in a Washington, D. C., paper stating that high school football games did not come under the tax provisions. Reading High will be the attraction at Island Park Saturday and every effort will be made to have an official interpretation given as to football games. Notwithstanding that Tech plays at Steelton, a large crowd is expected at Island Park for this game, and it will be necessary to know positively about the law before that time.

Reading will send a strong team to this city, accompanied by a farge crowd of rooters. Unusual interest is manifested in this contest. Central be necessary to be best kind of shape

Local High school officials have proved their patriotism many times, and the inclination to keep from paying a tax on football games, must not be taken as unpatriotic. If the law includes games in this city played by high school elevens, the tax will be paid. If not, it will be between \$300 and \$400 more profit. Financial success means a fund to help Uncle Sam later on if called upon.
