

TOBACCO IS AS COMFORTING AS FOOD IN FRANCE

American Tobacco Necessary to Keep Up Spirits of Americans in the Trenches

Said the general to the private, 'Have you got the makings, son? I'm pining for a couple puffs before we chase the Hun. Why, sure, said Sammie grinning, 'As he fixed his boss a "pill." Said the general, now I'm ready to bust old Kaiser Bill. It may not be very chummy to knock the quality of tobacco furnished abroad, but facts are facts, and the fact is that American soldiers have not been able to get any relish from the brand of smokes manufactured on the continent or in England. The connoisseur of tobacco when abroad usually indulges in a Havana, if he has the price. The less wealthy man, if he is any ways choicy, will try to get a cigaret made from pure Turkish tobacco. But this is a rare thing nowadays and the quality of tobacco which is offered for sale is so far below the quality of the ordinary commodity on sale in this country that the most careless Sammie hesitates to indulge in it. The cry is for good old American weed, with its home-like flavor and familiar taste. A good smoke, says the boys who have been in a trench, is almost as comforting as a meal. And what a little thing it is to send your loose change for this cause. The Telegraph is already in receipt of a handsome sum contributed by Harrisburgers, but more is needed and for a long time to come. The American Tobacco Company has done its part in giving 45 cents worth for every 25 cents spent. Loosen up, then, Mr. Smoker, and you, lady fair, have a heart for the boys at the front who find comfort in a good smoke. The following contributions for the fund have been received by the Harrisburg Telegraph: Previously acknowledged \$736.78 Cash \$30 R. P. Clark 1.00 Total \$738.28

Thousands Will Avoid Annoying Catarrh This Winter A Little Precaution Right Now Saves Untold Annoyance You who have been afflicted with Catarrh, know that with the first signs of cold and damp weather the disease will promptly return, and remain an unwelcome guest as of yore. Why not save yourself the suffering and inconvenience which your experience tells you is in store for you. Avoid the folly of waiting until the disease has you within its grasp again. Proper treatment is worth a great deal more right now than later. Catarrh cannot be permanently cured by local treatment with sprays, douches, ointments, washes, etc. Science has proven that the disease is in the blood.

STEELTON AND NEARBY TOWNS MUST HAVE MORE KNITTED GOODS

Officers of Red Cross Ask Women to Knit Instead of Work on Xmas Gifts

Women of Steelton and surrounding towns were requested to knit instead of preparing Christmas gifts, by officers of the local Red Cross chapter, this morning. In order that the knitted goods it is necessary for the local organization to supply 800 more units. This work must be completed shortly. The local body has already sent 1,200 articles. By this appeal officers of the chapter do not ask the women not to give Christmas presents. They mean that the women should give something for presents that does not take up much of their time in preparing them. Officers this morning emphasized the immediate need of help to fill the gap in the knitted goods. Workers are anxious that Steelton maintain its good record in supplying material and money. The card party held in the headquarters last night for the benefit of the soldiers' fund netted the local organization almost \$200. About 150 persons were in attendance. The accounting department of the local steel plant presented the local officers with \$13 for the Christmas fund. A shipment of 400 gifts has been made and a box of 200 is being prepared for shipment this week. This borough's allotment is 1,000 by November 10.

Meeting of Y. M. C. A. Committee on Monday

A meeting of the committee of 100 members to campaign for the Y. M. C. A. ward fund in Steelton and surrounding towns next week will be held in Frey's Hall, Monday evening. At this meeting members of the committee will be given final instructions in regards to soliciting contributions for the Y. M. C. A. war fund. Quincy Bent, chairman of the committee will preside. Several well-known speakers will talk on Y. M. C. A. Work. Arrangements are being made by ministers of the local churches for the special services to be held on Sunday in connection with launching the Y. M. C. A. war fund campaign. All pastors will preach on the subject.

ILLUSTRATED SERMON

The third in the series of illustrated sermons on the Great Protestant Reformation will be given in the First Presbyterian Church Sunday evening. The subject will be "John Knox," the man who stood against crowned heads and fought the battle for civil and religious freedom; the man whose prayers - Mary Queen of Scots feared more than ten thousand men; the man who was the instrument in making little Scotland one of the greatest countries in the world and her people the most influential people in the world especially as they have always stood for justice, liberty and the rights of man, the great principles for which we are fighting to-day.

Phillips will sing the Messiah in St. John's Lutheran Church the evening of December 18.

Coal Administration to Name Two New Members

The Retail Coal Dealers' Association had representatives at the meeting of the Dauphin County Fuel Administration's meeting yesterday afternoon. A number of suggestions were made by both sides relative to the handling of the fuel supplies in the county. It is likely that in the near future the matter of the minimum amount of coal to be sold to a consumer and the price to be charged for the same will be considered. Additional two members of the commission at the meeting, and it is likely that announcement of at least one new commissioner will be made in a day or two.

LABOR LAWS ARE UNDER DISCUSSION

State and Federal Statutes Will Be Made to Co-operate

The first move to arrangement between the Federal and state labor laws was made here to-day by members of the State Industrial Board who are here making visits to Washington to discuss the subject with Federal officials and to make observations on the way it is being enforced throughout the country. Studies have also been made of the manner in which it fits in with the Pennsylvania act. It is probable that a further meeting will be held at Washington at which a definite plan will be adopted. State inspectors have been visiting mills and factories and observing points which would be covered by Federal law. The Industrial Board has completed hearings on the proposed elevator orders to report for duty as an officer in the reserve corps of the United States Engineers. The Governor will name a commissioner to act in his place. The chief of the Col. John C. Groome, head of the State Police, meanwhile Lew R. Palmer, chief inspector, is acting commissioner under the law. Hearings on The Public Service Commission is holding hearings to-day, in Philadelphia in local cases. The members of the commission will be here Monday for an executive session. May Not Meet - It is probable that because of Governor Brumbaugh being away until next Wednesday at the meeting of the Board of Public Grounds and Buildings will be postponed from Tuesday. State Engineer - F. R. Stevens, the agriculturalist of the State Chamber of Commerce, visited the State Department of Agriculture and discussed with the chamber to stimulate crop raising. Sterling Defends Commissioners - Representative Philip Sterling, Philadelphia who was one of the soldiers named to take vote of a statement issued last night Mr. Sterling says they did not play a part in the strike.

FORNEY FUNERAL TO BE HELD TOMORROW

Funeral services for Harry A. Forney, aged 29, son of C. M. Forney, druggist, North Second street, who was killed yesterday morning when he stepped in front of an automobile at York, will be held to-morrow afternoon at 2 o'clock, from the home in Paxtang. The Rev. Harry B. King, pastor of the Paxtang Presbyterian Church, will officiate. Burial will be made in the Paxtang Cemetery. Forney was struck by a machine driven by J. F. Smith, of York, who was returning to York from the York Motor clubhouse. He was accompanied by S. E. McAdams, of Lebanon. Forney's automobile did not work, and in an effort to secure help he stepped in front of Asa Mack's machine and was run down. Forney was held pending an investigation, but was released last night. Forney, who resided with his parents when he was in Harrisburg, was well known here, having played on the Central high football team. He was the agent at York for the Park Davis Company, wholesale druggists.

AN OPERATION AVERTED

Philadelphia, Pa. - "One year ago I was very sick and I suffered with pains in my side and back until I nearly went crazy. I went to different doctors and they all said I had female trouble and would not get any relief until I would be operated on. I had suffered for four years before this time. I was so weak that I kept getting worse every month since I was a young girl I had suffered with cramps in my sides at periods and was never regular. I saw your advertisement in the newspaper and the picture of a woman who had been saved from an operation and this picture was impressed on my mind. The doctor had given me only two more days to make up my mind so I sent my husband to the drug store at once for a bottle of Lydia E. Pinkham's Vegetable Compound, and believe me, I soon noticed a change and when I had finished the third bottle I was cured and never felt better. I grant you the privilege to publish my letter and am only too glad to let other women know of my cure." Mrs. Thos. McGonigle, 432 Hartville Street, Phila., Pa. - Adv.

LABOR LAWS ARE UNDER DISCUSSION

State and Federal Statutes Will Be Made to Co-operate

The first move to arrangement between the Federal and state labor laws was made here to-day by members of the State Industrial Board who are here making visits to Washington to discuss the subject with Federal officials and to make observations on the way it is being enforced throughout the country. Studies have also been made of the manner in which it fits in with the Pennsylvania act. It is probable that a further meeting will be held at Washington at which a definite plan will be adopted. State inspectors have been visiting mills and factories and observing points which would be covered by Federal law. The Industrial Board has completed hearings on the proposed elevator orders to report for duty as an officer in the reserve corps of the United States Engineers. The Governor will name a commissioner to act in his place. The chief of the Col. John C. Groome, head of the State Police, meanwhile Lew R. Palmer, chief inspector, is acting commissioner under the law. Hearings on The Public Service Commission is holding hearings to-day, in Philadelphia in local cases. The members of the commission will be here Monday for an executive session. May Not Meet - It is probable that because of Governor Brumbaugh being away until next Wednesday at the meeting of the Board of Public Grounds and Buildings will be postponed from Tuesday. State Engineer - F. R. Stevens, the agriculturalist of the State Chamber of Commerce, visited the State Department of Agriculture and discussed with the chamber to stimulate crop raising. Sterling Defends Commissioners - Representative Philip Sterling, Philadelphia who was one of the soldiers named to take vote of a statement issued last night Mr. Sterling says they did not play a part in the strike.

FORNEY FUNERAL TO BE HELD TOMORROW

Funeral services for Harry A. Forney, aged 29, son of C. M. Forney, druggist, North Second street, who was killed yesterday morning when he stepped in front of an automobile at York, will be held to-morrow afternoon at 2 o'clock, from the home in Paxtang. The Rev. Harry B. King, pastor of the Paxtang Presbyterian Church, will officiate. Burial will be made in the Paxtang Cemetery. Forney was struck by a machine driven by J. F. Smith, of York, who was returning to York from the York Motor clubhouse. He was accompanied by S. E. McAdams, of Lebanon. Forney's automobile did not work, and in an effort to secure help he stepped in front of Asa Mack's machine and was run down. Forney was held pending an investigation, but was released last night. Forney, who resided with his parents when he was in Harrisburg, was well known here, having played on the Central high football team. He was the agent at York for the Park Davis Company, wholesale druggists.

AN OPERATION AVERTED

Philadelphia, Pa. - "One year ago I was very sick and I suffered with pains in my side and back until I nearly went crazy. I went to different doctors and they all said I had female trouble and would not get any relief until I would be operated on. I had suffered for four years before this time. I was so weak that I kept getting worse every month since I was a young girl I had suffered with cramps in my sides at periods and was never regular. I saw your advertisement in the newspaper and the picture of a woman who had been saved from an operation and this picture was impressed on my mind. The doctor had given me only two more days to make up my mind so I sent my husband to the drug store at once for a bottle of Lydia E. Pinkham's Vegetable Compound, and believe me, I soon noticed a change and when I had finished the third bottle I was cured and never felt better. I grant you the privilege to publish my letter and am only too glad to let other women know of my cure." Mrs. Thos. McGonigle, 432 Hartville Street, Phila., Pa. - Adv.
