"I can't think of Enough good things to say in praise of Tanlac." says Mrs. Leah Stoudt, of 315 Cherry street, Reading, Pa., "for it has certainly proved a blessing to me.
"Oh, my but I was miserable! I was all run down and in constant agony with rheumatism that I contracted when I had my market stand. My ankles and knees lacked what the, doctors call synovial fluid and they would get stiff and swollen and so painful I could hardly move.
"A friend of mine, Sallie Riegel, urged me to try Tanlac and I am so very glad I took her advice for I began to get better right away. I could feel my strength coming back, and the pain all stopped after I began rubbing the sore joints with Kimosan Oil.
"Now I feel so good I can hardly realize that I am the same person that used to have to go upstairs on her hands and knees.

"The wonderful Tanlac medicines have done it all, and I am glad to recommend them to all who are affilted with rheumatism for I know relief will follow their use."
Tanlac, the famous reconstructive tonic, is now being introduced here at Gorgas? Drug Store who have secured the exclusive sale of this master medicine.

RAILROAD RUMBLES Engineer Matson Is in Critical Co in Critical Condition

AT P.R.R.Y.M.C.A.

Harry E. Matson, Pennsy engineer, 634 Hamilton street, is in a critical condition at the Harrisburg Hospital. He has a fractured skull. Engineer Matson tripped over a piece of carpet at his home yesterday and fell down the stairway head first. He has been in an unconscious condition ever since.

Engineer Matson is 33 years of age and a popular employe of the Pennsylvania railroad. He is prominent in brotherhood circles and a member of the Pennsylvania Railroad Relief Department. The accident happened yesterday morning. Later in the day Mr. Matson's injuries became serious and he was taken to the Harrisburg Hospital.

Half of Men Who Took Votes Filed

Hardly half of the commissioners named to take the votes of the Pennsylvania soldiers in the camps and cantonments have filed their duplicate returns and poll books here. Most of the commissioners are expected to file within a few days. The commissioners sent their official returns to the proper counties and have brought the duplicates and poll books here with their expense accounts, which are being audited. The fact that some of the commissioners filed supplemental returns and books, which are called "second polls" attracted some attention here to-day.

Commissioners coming here to-day said that they had forwarded their official returns direct from camps to prothonotaries so that they could be put into official counts starting yesterday.
