The Art of Wall Papering

Truly, wall papering is an art. The ideal expression of it is choosing the "just right" color and design to harmonize with the pre-conceived purpose of a room. In other words the paper should subtly symbolize the idea of tranquility, good fellowship, coziness, gaiety—or some other conception. We select expressive paper for many beautiful Harrisburg homes. Our paper-hangers are careful, clean workers who hang paper perfectly. The expense is moderate.
