J. **Bucknell Team Is Out For Sweet Revenge** Lewisburg, Nov. 13.—Coach Johnson started preparation yes-terday for the annual game with Gettysburg at Harrisburg by send-ing the squad through a hard evening's work on signals and charging practice. There was no scrimmage last night, but the var-sity worked hard in perfecting the plays. Last year Gettysburg de-feated Bucknell for the first time in many years, and the team is de-termined to wipe out the stigma. The only man out of the game at present is Lewis, the speedy back who has an injured hand. There will be a special train, as usual, and several hundred are expected to accompany the team to the capital city on Saturday. EDUCATIONAL AND

Tech is without a game for Saturday. Athletic Director Percy L. Grubb is anxious to keep the team ir motion. Negotiations are on and there may be a game with some nearby town. If the varsity five is given a rest, the afternoon will be spent at the big college game on the Island.
In the re-election of Elmer E. Shaner, and the association, the best mant to take care of big shooting events has been selected. He is well known here, having officiated at all the big shoots when the Harrisburg Sportsmen's Association was in its infancy.

After the waiter was shot. one wit-ness said, he attacked Shay and knocked him down. The quarrel, it was said, was about the amount of sugar in a bowl. The young woman with Shay ran at the start of the quarrel, going out through the kitchen to the cafe. She was not found for several days. She said she did not know much about what occurred after the first few words were spoken between the men, as she was running when the shoot-ing occurred.

I will not show the Yellow Streak.

If fortune play me taise of fair— If from the shadowland I creep On up the heights—and linger there— Or topple downward to the deep— Or up the rugged path of Fame Where one man falls—another mounts— God grant that I play out the game— For there is nothing elese that counts.

War has brought on a greater demand for most of the ordinary things of life. But in its general ramifications, both in and back of the line, it has developed less and still less of a demand for the quitter. In the days that await ahead this is one type of citizen who will be more and more out of place.

If fortune play me false or fair-

A PRAYER FROM THE FIELD

One day my tee shots never land; The next, my mashie's out of focus; And when I get these two in hand I turn and putt like hocus:pocus; 'Twas ever thus from childhood's play I've seen my fondest shots decay.

This should be the one year for post-season football games, where the eccepts are turned over to some suitable war fund. The army is sadly in eed of athletic equipment. Any football game that could add from  $\$_0,000$  to  $\$_25,000$  to this fund is more than worth while. There will be only raise for those elevens contemplating such help.

Max Carey, the Pirate Mercury, has the National League outclassed as a base runner. Carey leads George Burns, the next in line, by fourteen bases. No others are even close and only a few were able to effect half as many pilfers. As Carey led the N. L by a big margin last action, he has earned his place at the base-running top by an overwhelming margin.

He comes with a rap and he leaves with a knock; If he had to boost something the sucker would croak; You're a great little guy—"if it wasn't for this" — And then he comes through a terrible soak; He starts you off right, but he qualifies sitong, Before he has finished you are worse than a rat; As if he was twing to all through the south As if he was trying to slip through a boost--Now what do you know of a mucker like that?

A worthy observer writes to suggest that the best backfield in America belongs to Ohio State, led by the redoubtable Chick Harley. He puts this backfield contingent above Georgia Tech, Pittsburgh and any others you may have in mind. Which reminds us again that a football game played in Atlanta or Co-lumbus between Georgia Tech and Ohio State or a fost will game played in Pittsburgh or Atlanta between Pittsburgh University and Georgia Tech could easily add \$25,000 to a badiy needed Army equipment fund.

# REVISED AGAIN

It's easy enough to be pleasant. When one isn't lifting his bean; But the man worth while is the one who can smile When he takes four putts to a green.

There may be a better football eleven in America than the one Cupe Black is leading down at Newport, but they've got to prove it to Cupe & 'Co.— and prove it on the battlefield, where the sailor lineup is ready to face all opposition, taking them singly or in groups.

While Tris Speaker broke up Ty's record of ten successive years of leadership, a mark of ten years out of eleven starts around the ultimate peak will remain as a fair target for future generations to blaze at. It may be broken, but no citizen now dwelling in this shell-swept world will ever see it done.
