Money Well Spent "The big businessmen of America are the officers and members of the Y. M. C. A. War Work Council. They are the men who know what it really means to get their boys back from the trenches and the battlefield, clean-bodied, clean-minded, and unbloated. The money you contribute to the fund is spent by businessmen in a business way. Every cent of every dollar you give goes to the Y. M. C. A. War Work Fund.

Work For Y. M. C. A. "In all world history there never was a war in which more than 2,000,000 men were engaged. In this war, there are now 38,000,000 men facing each other. The newest wrinkles of this science of killing, can't do more than kill one man in a hundred. At the beginning of the war, five men in each hundred were killed. The Y. M. C. Met With Warm Hand "When the boy is sent out with a warm handclasp from the Y. M. C. A. secretary, his last touch of home is a handshake given by a secretary at the foot of the gangplank, who says, 'Good-by, boy, and go to it!'

At these hotels, there are a number of clerks. They occur in the streets at 11 o'clock at night, looking for the boys who are lost in the strange city, and take them back to their hotels. If you know of anything better to give your money to than this Y. M. C. A. doing this great work for the boys, I don't know anything about it.

Money Beats Happiness "France can't ask one thing of America that America can't give. It's easy to applaud that statement, but it's harder to give the money. You men and women who are applauding—we want you to give, too.

In Germany, a boy wrote to me, and said that he was supporting his mother and three sisters, but he cut out smoking and sent me twenty-five cents to pay for one week. He is going to send the smoking-money each week. When I saw that, I gave \$25.00.
