Coach Johnson is not losing any time in his efforts to get his squad in shape for hard work on Saturday. While his eleven has been a big favorite, it looks like an even break in the betting.

TECH SQUAD TO MEET DICKINSON

Practice Scrimmage at Carlisle Tomorrow; No Game For Saturday

The Technical High School football squad will go to Carlisle tomorrow afternoon to play a practice game with the team from Dickinson College. Coach Ryan wants to keep his players in good condition for the two final games of the season with Wilkes-Barre and Central. To lay off this week because of the Lock Haven cancellation would likely do more harm than good, hence the trip to Carlisle.

All the players came out of the Steiltion game in good physical condition, and unless other injuries turn up will be in first class fettle for the Thanksgiving clash. The game with Tech will be played on the previous Saturday, and the Maroon should have no much opposition in bowling over the Miners. No effort will be made to equal the Central score, and the coaches will use substitute players after the game is on ice.

All Players to Work

The first and second string players are in the squad that goes to Carlisle. While Tech will be no match for their older and more experienced opponents, each team will be given an opportunity to carry the ball, and both teams will put forth a defense. It will be a new test for both squads, and will be a splendid chance for the two aggregations to try out their new plays for the final games.

The Tech team has lost but two games to date, and will try to keep their record clean during the remainder of the year. The eleven has run its most points than any other Tech squad, and their final goal is to win on Thanksgiving. Because of the fact that it will be the final meeting between Central and Tech, both teams will put forth greater efforts to land the final victory.

Successor to Tech High Teacher to Be Picked

The teachers' committee of the city school board met this afternoon to consider the applications of a number of instructors in order to select one to fill the vacancy caused by the resignation of Prof. J. D. Renninger, first-year English instructor at the Technical High school. Prof. Renninger was called to Army service and left the city about two weeks ago. The appointment will be made by the school board tomorrow afternoon for final approval.

It was stated to-day Architect M. I. Kast, who is making detailed plans and specifications for the remodeling of the Camp Curtin school building for one of the three Junior High schools, may submit his drawings to-morrow.

Attendance at moving picture shows in the city is not going to fall off as a result of the increase in prices, moving picture men said yesterday. Some time ago when the war tax went into effect the price of admission to the moving picture shows was increased five cents, and the theaters paid the East End's schedule.

Managers now say that the attendance is increasing again, and that the business for last week corresponds favorably with the attendance of the first week in September.

WEST END GOES TO LANCASTER

On Saturday the West End eleven will play the crack eighth ward eleven at Lancaster. The game is a strong contender for independent honors in the east. West End players are requested to turn out for practice on Saturday at Fourth and Woodbine streets.

WEST END TO PLAY PALMYRA

On Saturday Manager Peter Shickley, of the East End A. A. eleven, will go to Palmyra with his squad for a game with the A. A. eleven of that place. This is one of the most important games on the East End's schedule. Manager Shickley requests that his players report at 1 o'clock sharp at the Royal firehouse.

WELLY'S CORNER

Coach Leo Harris, of the Carlisle Indian school eleven, was called away yesterday on urgent business. His captain was absent and is still in the hospital. Acting Captain Leo Roy was on the job and drilled the squad in fine style.

Efforts to get the Indians here for a game are still underway. While prospects are not very bright, one more effort will be made this week along a new line for a post-season game. If the efforts are successful it will be the first game ever played here in December.

An innovation in Saturday's game at Island Park will be a score board telling of the plays and the numbering of players. This will give all spectators a better understanding of the game, each playing to be shown on the board. The official program will show the numbers and every player in the game will be known.

Football fans went hot foot yesterday after tickets for the big college classic at Island Park Saturday. The prices were at first a puzzle, but are now understood. The general admission is sixty-eight cents. To this must be added seven cents for war tax. This means seventy-five cents for admission. With a reserved seat the admission will be ninety cents to which must be added ten cents for war tax, making a total of one dollar.

Where a schedule calls for two games between football teams in one season, it means extra efforts on the part of the coach. This is one reason for the extra practice periods by Coach George Cockill at Steiltion. He must drill his team in new things for the second game with Central. While Reading was playing with Central last Saturday scouts from Reading High were watching the game at Steiltion. Coach Cockill will not be caught napping.

Lieutenant William E. Raken, manager for the Usanos, is a big factor in putting on the field the champion Army team of the United States. He is an authority on athletics and knows the football game. If there is a team in the United States that claims superiority, just notify Lieutenant Raken and he will have it proved.

Clark Griffiths Talks

Allan T. Baum, of San Francisco, president of the Pacific Coast League, was unanimously elected vice-president of the National Association, to succeed Timothy H. Murnane, of Boston, who died last February. The election came as such a surprise to Mr. Baum that he was taken suddenly ill. Physicians said, however, that his condition was not serious.

Dan O'Neill, of Hartford, Conn., president of the Eastern Association, was elected a member of the National Board of Arbitration, to succeed Mr. Murnane.

After Clark Griffiths, manager of the Washington Americans, made an appeal for funds to provide American soldiers with baseball equipment, the convention voted to observe a "bat and ball fast" day in every league in the National Association next June. A. R. Tearney, of Chicago, president of the Three I League, introduced the resolution. Twenty-five cents in the cost of the gate receipts will be given to the fund and a collection also will be taken up.

Griffiths said the National and American Leagues also would be requested to observe a day on which funds will be contributed. He estimated that \$75,000 or \$100,000 would be needed annually to keep the work of providing baseball for American troops moving.

It was our Army that developed baseball, Griffiths told the delegates. "The game got its start during the Civil War. Baseball is indebted to the army, and it is our duty to keep the boys supplied with bats, balls and gloves."

The next season will be a serious one both in the major and minor leagues," Griffiths said. "There will have to be retrenchment everywhere if we hope to exist. The minor leagues need the majors and the major leagues need the minors. It is our mutual interest that we should extend aid. I can say with all frankness that the National League is in a serious financial straits. Retrenchment which includes a reduction of the player limit."

J. W. Ford, of Fort Dodge, Iowa, president of the central Association, one of the ten leagues forced to suspend operations last season, said:
