"Daddy Long Legs" Warmly Received by Large Audi-. ence at Orpheum

"Daddy Longlegs," one of the most elightful plays on the modern stage, as enjoyed at the Orpheum Theater the fight by a large and appreciative udience. Frequently there was aplause during the acts and at the end feach 'scene the principals were alled back several times.

Those who do not know the story hould lose no time in reading it, as the plot is one of unusual charm, tis brimful of the best kind of umor, witty lines, a mysterious little omance and the touch of pathos to take it appeal to almost everyone.

While the cast which appeared here esterday did not include famous stars f the stage, each individual did well not showed a real interest and an parent pleasure in the parts porrayed. Frances Stirling Clarke, as udy, the heroine of the play, and dwin Brandt, as Jervis Pendleton, iso "Daddy Louglegs," were the lost warmly received and were aplauded leartily after each act. To

### Plan Favored to Induce Contractors to Bid on City Refuse Collection

Should City Commissioner Samuel F. Dunkle readvertise for bids for the collection and disposal of garbage in the city after February I, it is understood, city officials said to-day, that each firm bidding will be given the privilege of submitting specifications prepared by the company making the proposal.

While City Council may delay any action for a short time, pending additional suggestions from Tribus and Massa, the New York experts making a survey of the ash and garbage situation earlier in the year, it is understood the plan to readverte under these new conditions is being considered seriously. By adopting this method the officials said they are sure more bids will be received, and it is probable that companies may submit proposals to dispose of the garbage after it has been collected under municipal supervision.

### Pinchot and Lassater Resign From Food Board

By Associated Press
Washington, Nov. 15.— Resignations of Gifford Pinchot and E. C.
Lassater, a Texas cattle grower, have been accepted as members of the food administration organization. They have been serving as voluntary aids to Food Administrator Hoover.

Mr. Pinchot and Mr. Lassater resigned, it was said, at the food administration today, because they differed with administration officials as to how the meat situation should be handled. Both contended that the packing industry be taken over and operated by the government and that the cotton seed crop be taken so that cotton seed meal cake could be sold to cattle growers at low prices.
