

Art of Camouflage an Old One, Says Expert

New York, Nov. 15.—Camouflage is as old, Maximilian Toch, advisor to the United States government in the art, told a meeting of artists and architects here last night. "It saw its birth in the day of the ancients," he said.

"You all know how the Greeks captured Troy by the strategy of concealing warriors in the wooden horse and Shakespeare wrote of camouflage, too, in Macbeth. Confederate soldiers in the Civil war were camouflaged by their uniforms of gray that blended with the dust of roads and highways," Mr. Toch explained.

FACTORY TO RESUME WORK

Harrisburg, Pa., Nov. 15.—The Ayan shoe factory, one of the towns biggest concerns, which has been idle for the past two years will resume operations between this and the first of December. The interests of the factory have been taken over by W. T. Willis, of Birdsboro, and the work of the factory will be under his supervision.

FOUR WEEKS IN HOSPITAL

No Relief—Mrs. Brown Finally Cured by Lydia E. Pinkham's Vegetable Compound.

Cleveland, Ohio.—"For years I suffered so sometimes it seemed as though I could not stand it any longer. It was all in my lower organs. At times I could hardly walk for if I stepped on a little stone I would almost faint. One day I did faint and my husband was sent for and the doctor came. I was taken to the hospital and I stayed four weeks but when I came home I would faint just the same and had the same pains.

A friend who is a nurse asked me to try Lydia E. Pinkham's Vegetable Compound. I began taking it that very day for I was suffering a great deal. It has already done me more good than the hospital. To anyone who is suffering as I was my advice is to stop in the first drug-store and get a bottle of Lydia E. Pinkham's Vegetable Compound before you go home."—Mrs. W. C. Brown, 2544 W. 12th St., Cleveland, Ohio.

MILK DEALERS TO FIX RETAIL PRICE NEXT WEEK

Will Meet Tuesday to Discuss Last Night's Action of Producers

At a well-attended meeting of the wholesalers of the Dauphin-Cumberland Dairymen's League at Mechanicsburg last night, the price of milk to the distributors was raised to \$3.49 a hundredweight. This action has been expected for some time and means that retail distributors will have to pay seven cents a quart for their milk after December 1, instead of the six cents they are paying now. A local retail dealer this morning stated that he did not see how milk could be sold at less than eleven cents, an increase of one cent.

A meeting of the retail milk distributors has been called in Maennerchor Hall next Tuesday evening, when the decision fixing the price of milk will be announced. A dealer stated that prior to that time the wholesale dealers will be met by the retailers in an effort to have them rescind last night's decision. When some of the dairymen of the county were approached this morning, however, they stated that it would be impossible to continue to sell milk at a figure less than the price they have fixed. Greatly increased cost of dairy food to the producers is the cause of the raise, dairymen said.

A local retail dealer stated this morning that he could not say whether Harrisburg would have to pay twelve cents for milk or not. That was the retail price hinted at the dairymen's meeting last night. The retailer said that the cost of handling is much greater now than ever before, and enumerated the increased cost of bottles, caps, delivery, etc.

Harland A. Trax Promoted to Captaincy in France

Word has been received of the promotion of First Lieutenant Harland A. Trax to a captaincy in the U. S. Reserve Signal Corps now with the American expeditionary forces in France.

Mr. Trax for some time has been chief accountant of the Bell Telephone Company in New York. He is widely known in this city, where he has visited numerous times his sister, Mrs. G. W. Ensign, of Camp Hill. At other times Captain Trax has appeared before the Public Service Commission as a financial statistician. Captain Trax is serving in the unit raised by the Bell Company.

Ex-President Castro Again Visits U. S.

New York, Nov. 15.—Cipriano Castro, former president of Venezuela, arrived here today on his fourth visit to the United States in five years. He was last here in September, when, after a few days, he suddenly departed for Port of Spain, Trinidad. On his arrival there he was informed by the British authorities that his presence was undesirable. He attributed his deportation from Trinidad before leaving there to American intervention, adding that his visit was without political significance.

RED CROSS TO MEET Red Cross workers and officials of the Central Pennsylvania district will meet in the Civic Clubhouse Thursday afternoon to discuss the new membership campaign to be inaugurated by the national organization. MINISTERS TO MEET The Ministerial Association will meet at the Church of God parsonage on Monday afternoon at 2 o'clock. WINTERDALE DANCES Upgrove's big first orchestra Saturday evenings. Small orchestra Tuesday and Thursday evenings.

CHARITABLE FUND IS EXHAUSTED

Benevolent Society Does Much Good Among Worthy Poor

The annual report of the Harrisburg Benevolent Association has been compiled for the year ending October 31. The Harrisburg Benevolent Association was incorporated in 1879, to "relieve the worthy poor of Harrisburg." It is the legatees of the John C. Brna fund, and receives one-tenth of the income of the A. R. Shellenberger memorial fund, and has received contributions from the estate of Mrs. Sarah J. Haly, through Haldean O'Connor, surviving executor.

For the past nine years the association has employed the Associated Aid Societies as its distributor, and has never failed to do its best. For the aid of the Associated Charities the association has paid, but during the last two months, owing to the low state of the funds, the payment has stopped, and the association, for lack of funds, has been unable to give the Associated Aid Societies any funds for distribution. The Associated Societies still desire to distribute the funds when they are forthcoming, and the members of the Benevolent Association in view of the legacies that marked the origin of the association, desire to continue the fund.

Expert Workers John H. McCandless, in his report for the Associated Aid Societies, emphasized the high cost of living, and the need of taking care of the city's worthy poor this year as well as in previous years. The fact that the work of the Associated Aid Societies requires expert knowledge and skill is brought out in the report. The report shows that during the year ended 608 different families have been aided by the fund. The Benevolent Association through the society. The funds of the Harrisburg Benevolent Association have been expended in these ways: Two hundred and twenty-five orders for groceries, 125 orders for coal, 101 orders for new clothing, 125 orders for shoes, 22 orders for milk, 90 orders for medical prescriptions from the Harrisburg dispensary, 12 orders for eyeglasses, 9 orders for lodgings, 140 emergency orders for meals, 18 months' rent for five families. These reports show that there were less orders than during any previous year, although the amount expended is more. This emphasizes the high cost of living and the need of funds if the work is to be continued.

Family Gardens Another use of the money of the Benevolent Association has been in the maintenance of family gardens under the direction of John P. Guyer. Mr. Guyer's report shows that there were over three hundred garden plots under cultivation, with 298 families represented. The average value of the gardens is \$10 to the families was \$18, with a cost to the association of \$3.31 each. The percentage of good gardens cultivated is very large. The report shows that there were 131 very good gardens, 116 good, 26 fair, 15 poor and only two were given up. Seed was provided for 188 families, and all the lots were plowed from the fund. Contributing to the success of this work were: William Jennings, Christopher Lynch, George A. Shreiner, estate of James McCormick, Henry McCormick, Jr., Warren Van Dyke, who contributed free land; plowing contributed by City Engineer, William H. Lynch, Commissioner Henry Boyd, Elmer Wagner, Harry M. Cohan; lime was contributed by Joshua E. Rutherford; plow, contributed by Oliver Chilled Flow Works; B. W. Fry, manager; service and other assistance contributed by L. E. Vannaman, George D. Rasadean, William P. Meikle, William R. Deane, M. B. Cowden and N. A. Staples. The total cost of operating the gardens was \$394.25.

The receipts for the year follow: Balance in general fund, November 1, 1916, \$13.81; balance in special fund, November 1, 1916, \$61.51; Brna fund, \$25; Mrs. A. J. Dull, \$25; Mrs. A. P. L. Dull, \$20; Carl B. Ely, \$10; Miss Fanny M. Ely, \$10; Miss Lydia A. Forney, \$2; A. Fortenbaugh, \$5; Rev. S. Friedman, \$3; Dr. John H. Fager, Jr., \$5; W. E. Fleming, \$5; C. Wesley Fisher, Jr., \$5; Mrs. Lyman D. Gilbert, \$25; Dr. George A. Gargas, \$25; Mrs. W. O. Hickok, \$25; W. T. Hildner, \$25; R. M. Jacobs, \$5; J. C. Kunkel poor fund, \$50; Henry A. Kelker, Jr., \$10; A. Kunkel, \$20; Samuel Kunkel, \$25; Mrs. A. G. Kinsley, \$5; Mrs. A. B. Lambertson, \$5; C. W. Lynch, \$5; E. Mather, \$5; F. B. Mussler, \$10; Miss Anne McCormick, \$100; Donald McCormick, \$100; Henry McCormick, Jr., \$50; Henry B. McCormick, \$50; Mrs. H. B. McCormick, \$50; Robert McCormick, \$100; Vance C. Palmyra Fares Are Under Fire

Charge That Rate Is Different For Trips on the Same Line to Lebanon

Complaint that the increase in fare of the branch of the Reading Transit and Light Company's trolley line between Lebanon and Palmyra are not fairly distributed was filed with the Public Service Commission today by E. M. Hatfield, Palmyra. He contends that the company raised the fare from Lebanon to Palmyra from twenty to twenty-three cents and for the return trip from twenty to twenty-four cents. Complaint that the New York and Pennsylvania railroad is abandoning train service in Potter county was also filed and the Manufacturers' Light and Heat Company, of Pittsburgh, gave notice that it would discontinue service to industrial plants next month. The State Highway Department today announced that it would make a charge of \$2.50 for sets of plans and specifications for road work. Heretofore plans were to be seen at the offices of engineers of the department. Under the new arrangement plans may be bought outright by interested persons at studied at their offices or homes. The announcement says that the price is cost.

Odd Fellows Are Pleased With Concert Given by Orphanage Orchestra

Odd Fellows of Lancaster, Dauphin and Cumberland counties heard the Girls' Orchestra of the Odd Fellows' Orphan Home, at Sunbury, in the Chestnut Street Auditorium last evening. The twenty girls in the orchestra gave a program of music which was both inspiring and beautiful.

Pictures, showing the home life of the children in the institution, were run. Among the interesting features were pictures of the officers, the directors and the three charter members of the Home Association who are yet living. Superintendent E. E. Chubbuck accompanied the orchestra on its trip to Sunbury. He is president of the home association. J. W. Stroh, Sunbury, president; W. H. J. Holman, Mifflin, vice-president; H. L. Romig, Beaver Springs, secretary; Robert Davis, Mount Carmel, treasurer; E. E. Chubbuck, superintendent; Mrs. E. E. Chubbuck, matron. About 160 children are inmates of the institution.

WHEN DO WE DIE?

Investigation of the Question has interested Scientists. Practically speaking, many people actually begin to die years before they cease to live. Many times you see a comparatively young person with shrunken features and pallor that you might expect to find in a hospital ward. That unfortunate person is suffering from impoverished blood and every vital organ of the body begins to die the moment the blood becomes impoverished. DR. CHASE'S BLOOD AND NERVE TABLETS have been prepared to feed the blood the elements it lacks and feed it quickly. The blood needs iron. Dr. Chase's Blood and Nerve Tablets contain iron in a most active and condensed form, so compounded with Nux Vomica, Gentian and other blood and nerve builders, that it can be assimilated or absorbed directly. When in perfect health the blood gradually draws these elements from the food you eat, but when the blood becomes impoverished, it must have more direct nourishment. You should weigh yourself before taking DR. CHASE'S BLOOD AND NERVE TABLETS and note your daily increasing weight. For sale at all druggists. Price sixty cents.
