

ALIENS IN ARMY TO BE DISMISSED

As Result of New Order Some Counties Will Lose Half Their Quotas

Camp Meade, Md., Nov. 16.—Uncle Sam has decided that his nephews who go to war will come out of the conflict without being paupers, so he has started a first-class savings bank plan in every cantonment. In Meade alone there are thousands of youngsters who are putting away \$15 a month, and each day an officer of the company rounds up some soldier who has not availed himself of the opportunity and makes him a depositor. This money will bear 4 per cent interest and will be given in a lump sum to the soldier when he is mustered out of the service.

The officers plan to campaign until every man without dependants puts aside 50 per cent of his wages as a deposit in the new savings bank which is said to have the sanction of Secretary Baker and Secretary McAdoo.

Austrians, Turks and Bulgarians in the National Army are to be discharged, quietly but effectively, within the next few weeks. While officially there is a disposition to do this work without trumpets in order not to injure the feelings of the Austrians who are loyal and want to remain in the Army, the discharging is going on just the same.

Several hundred here will have to go. In fact, some of the draft boards up-state will lose virtually 50 to 75 per cent of their quotas, especially in the mining districts. In Schuylkill, Susquehanna and Luzerne counties the Austrians sent here are greatly in excess of other nationalities, and their discharge means a serious decrease of the men from those counties.

Measles has appeared in the Three Hundred Fourteenth Infantry and the three cases have been segregated. They drill by themselves and are not allowed to frequent the Y. M. C. A. and other places where the men congregate. Companies of the Twenty-third Engineers left for "somewhere."

Japan's War Sphere Limited to Orient

New York, Nov. 16.—An answer to charges that Japan is lukewarm to the allied cause because its armies are not fighting on European battlefields, which he said appear occasionally in the American press, was made before the Rotary Club here to-day by Dr. T. Iyemasa, director of the East and West News Bureau. He declared that Japan is understood in Europe and is carrying out fully its part as originally agreed upon and that it had not been seen fit by the allies to suggest any change in that plan.

"It was the wish neither of her allies nor Japan that we enter the European war stage and there has been no formal request for Japan to send an expeditionary force to Europe," he said. "The reason is not far to seek." He continued: "The reason is the proper sphere of activity is the Orient and the Pacific. For this reason when she entered the war in obedience to the Anglo-Japanese alliance Japan by an agreement with her ally limited her naval and military activities to the Far East and its waters."

Philadelphia, Nov. 16.—The Baldwin Locomotive Works is building one locomotive every working hour of the day.

This industrial triumph was announced by Alba J. Johnson, president of Baldwin's, at a luncheon given by members of the Chamber of Commerce. Baldwin's, with its 29,000 employees, is the largest locomotive plant in the country and is doing the bulk of the business for foreign governments and this country.

"The Baldwin Locomotive Works," Mr. Johnson said, "is turning out seventy-eight locomotives a week. This is at the rate of more than one locomotive for every working hour of the day. It is not a maximum accomplishment. We shall do more."

WOULD MAKE MINERS DRY
Pottsville, Pa., Nov. 16.—Because of the necessity of increasing the coal output, it was reported here last night that a strong movement about to be initiated, asking President Wilson to close the saloons in the mining districts of the anthracite region for the period of the war, using the same authority as was exercised for the soldiers and sailors.

The final decision will be up to the Public Safety Committee, which has not yet been voted.

New Regime Due to Women's Vote

East St. Louis, Ill.—The women voters of this city are fairly generally given credit for the vote of 4,784 to 2,454 polled recently in favor of the commission form of government. In only one of the eight wards in the city, namely, the First, did the opponents of the new rule run ahead of its adherents.

Business and professional men generally express themselves as well pleased at the result. They say that it shows the world that the riots and other lawlessness charged against the city was opposed by the citizens generally.

Mayor F. W. Mollman, who was opposed to the new rule, said, after the election, that he would attempt to run the city as nearly as possible as it will be governed later under the new rule. He declined to say whether he would be a candidate for Mayor when the commission form goes into effect.

There will be no change in the present form of government until April, 1919, when the next municipal election will be held. Under the new rule there will be five commissioners, one of whom will serve as Mayor and head the Department of Public Affairs, while the others will head the Department of Accounts and Finance, Public Health and Safety, Streets and Public Improvements and Public Property. The Mayor will receive \$4,500 a year, and the other Commissioners will be paid \$4,000 each.

FOOD TICKET IN VATICAN
Rome, November 16.—By order of Pope Benedict the war food ticket system has been applied to the 600 persons inhabiting the Vatican palace, this number including certain cardinals, priests, the Swiss Guard, doorkeepers, caretakers and servants. Although the Vatican domain enjoys ex-territorial rights and is not subject to Italian laws, the Pope issued this order previous to its application within the kingdom of Italy. His order applies not only to bread but to sugar, and other foods.

WAR LOAN PROMISE
Montreal, Que.—At the opening meeting of the victory loan campaign at Montreal last night it was announced that although the Canadian Pacific has already loaned to the British and Canadian governments in connection with the war, cash and securities to a total of nearly \$70,000,000, the company would be glad to subscribe \$5,000,000 to the victory loan with the rider that if the country raised the amount subscribed from the \$150,000,000 asked for to \$300,000,000 the Canadian Pacific would increase its subscription to \$10,000,000.

FREE TO ASTHMA SUFFERERS

A New Home Cure That Anyone Can Use Without Discomfort or Loss of Time
We have a New Method that cures Asthma, and we want you to try it at our expense. No matter whether your case is of long-standing or recent development, whether it is present or occasional or chronic Asthma, you should send for a free trial of our method. No matter in what climate you live, no matter what your age or occupation, if you are troubled with asthma, our method should relieve you promptly.

We especially want to send it to those apparently hopeless cases, where all forms of inhalers, douches, opium preparations, fumigations, patent smokes, etc., have failed. We want to show everyone at our own expense, that this new method is designed to end all difficult breathing, all wheezing, and all those terrible paroxysms at once and for all time.

This free offer is too important to neglect a single day. Write now and then begin the method at once. Send no money. Simply mail coupon below. Do it To-day.

FREE ASTHMA COUPON
