Leading Stocks Advance From Fractions to a Point at Outset, Some Issues Scoring Large Gains; Rails Variable

By Associated Press New York, Nov. 17.—(Wall Street)—Moderate buying advanced leading stocks from fractions to a point at the outset of to-day's dealings, a few issues scoring even larger gains. Shipments, war issues and motors were especially favored. Rails were variable, Delaware and Hudson falling to the new minimum of 92 while Southern Pacific gained 1 3/8. Further readjustment of the Liberty Bonds was noted, the 4's making a new low at 98.60 and the 3 1/2's rising to 99.22.

Uncertain conditions ruled during to-day's very nominal trading in stocks. Heaviness of rails and utilities offset better tendencies among industrials and specialties. Canadian Pacific at 130 1/4 and Delaware and Hudson at 91 registered new minimums and People's Gas dropped 2 1/2.

The few noteworthy features of strength included shipments, motors and active equipments, United States and allied shares were little more than steady. The closing was irregular. Sales approximated 175,000 shares. Liberty 4's established a new minimum, falling from 98.60 to 98.10, the 3 1/2's hardening from 99 to 99.48.

An alarm was turned in from box 51 at 11.34 and the fire was extinguished in a very few minutes. A small party of boys were playing at the corner and one of them threw a lighted match into the air, he mistaking it for a flare, and it caught on the dry barn, starting a blaze.
