Be youthful looking

Keep your hair healthy, strong and trim looking. Dissolve that annoying, itching dandruff—that always causes baldness and falling hair if neglected—get rid of it and stop falling hair. Healthy, luxuriant hair will make you look years younger. Don't envy the man who has it. You can have it too. Always ask for and get

HE strength of the Pullman Car represents one of the best forms of insurance the traveler can buy.

For seven years every car built by the Pullman Company for its service has been of steel.

During this period a large proportion of the older, but still modern cars, have also been rebuilt to almost equal strength.

This has been accomplished by rebuilding with steel under frames, steel vestibules and steel sheathing on the sides:

In addition to the factor of safety, fifty years of experience in designing and building cars has brought about an almost unheard of development in travel convenience and luxury.

The modern Pullman is fully equipped with the most up-todate steam heating, electric lighting and plumbing.

It offers a degree of safety, innumerable luxuries and a personal service that have established a world-wide reputation.
