

NEWS AND NOTES OF THE BOY SCOUTS

SCOUTS AID IN CONSERVING FOOD

Boys Are Doing Much to Aid Nation in Winning the War

Boy Scouts all over the country have raised in thousands of gardens plenty of food for home consumption and such staples as beans to ship to the soldiers abroad.

The Scout organization has been pretty busy with the Liberty Loan bond campaign, but has turned in for another hard bit of work to help Food Administrator Hoover.

Homes can be reached by the Boy Scouts more thoroughly than in any other manner.

Scouts in Harrisburg persuaded other boys at Halloween not to throw corn against the windows. They brought out the fact that cornmeal is at present much higher in price and that the thousands of grains thrown away might keep someone from starving.

Bernard King, a Boy Scout of Marion, Indiana, himself canned the produce of his summer's war garden. Every household in Birmingham

and Bessemer, Alabama, has been visited by Boy Scouts in the Food Conservation drive.

A fine potato crop was harvested by Scouts in Broadhead, Wisconsin. The Scouts announce they will sell these winter potatoes at a reasonable price.

Scouts Visit Every House
Boy Scouts near Philadelphia canvassed every house, leaving circulars and explaining to the women the purpose of the war registration.

Mayor Scarborough of the Boy Scouts to distribute the pledge cards to every home in the city.

Scouts at Gouverneur, N. Y., raised 350 bushels of potatoes and will market them at low prices.

The corn crop on the 300-acre farm conducted by the Boy Scouts in East Potomac Park, near Washington, D. C., has been harvested and will be sold.

Interest is running high all over the country in the food conservation campaign results. It is the ambition of the Boy Scouts to be as useful as possible to their community and to their country without having their efforts stimulated by any thought of compensation other than that which they derive from the consciousness of having done some things useful for the public welfare.

Polley For Scout War Service
The Executive Board of the Boy Scouts of America at its last meeting adopted the following resolution concerning the war service of the Boy Scouts of America:

"Resolved: That the Boy Scouts of America adopt a policy of services leadership approval to services by Boy Scouts only when such service is in connection with the program of the National Government and that the local Scout officials be urged to exercise the greatest care

SPECIAL NOTICE

To every American man, who reads this notice: Greeting:

It is hereby proclaimed that one of you who reads these lines is needed in the service of youth. "Uncle Sam needs leaders of boys," to-day more than ever before. Fathers, brothers, have marched away to war. If you cannot go to the front you may yet serve here. A fine group of manly American boys need the leadership of a real American man. Are you the one who will volunteer to take up this service? Local Council officers will be glad to see you.

in assigning Scouts for any other service, so as to reduce to a minimum interference with their strength and energy for the most efficient effort in carrying out the Scout officially undertaken by the Boy Scouts of America through its National Council as a service to our country."

BOYS NAME TREES FROM DRIED LEAVES
Scouts are supposed to describe ten trees and the Scouts of Troop 4 were seen in identifying trees by leaves last Monday evening. Their scoutmaster had a collection of preserved leaves mounted on white paper. These specimens were held up before the troop and the Scout giving correct name first received a point. Scout Klugh won most.

Scout Wright was elected basketball manager and Scout Erolf captain. Garfield McAllister, Scoutmaster.

TROOP TWENTY TO HOLD BIG FESTIVAL
Troop 20 is making the final plans for the big Scout festival which will be held next Friday evening at Fifth Street M. E. Church, Fifth Street and Granite avenue.

The sale of tickets has been very encouraging and a large crowd is expected to attend. There will be many attractions and lots to eat. Music will be furnished by the Sunday school band under the direction of Fred D. Sears.

TROOP 14 RAISES \$10 FOR Y. M. C. A. WAR FUND
Troop 14 has decided to take a hike on Friday, November 30. On this hike they intend to study some of the scout woodcraft. At the last meeting Mr. McAllister, scoutmaster of Troop 4, was present and gave a meeting has raised \$10 toward the Y. M. C. A. fund. The day prior to Thanksgiving the troop will take a contribution to the Day Nursery.

SCOUTS SERVING AS AIDS TO RED CROSS
Several Harrisburg Scouts are serving as aids to the Red Cross "Motor Messengers" in their three-days-a-week canvass of the city gathering and delivering Red Cross materials and supplies. The boys who are engaged in this work are: Paul Strine, Troop 7; Harry Rindinger, Troop 7; Alfred Minnick, Troop 7; William Diener, Troop 6; H. Richard Buxbaum, Troop 11.

CHIEF QUARTERMASTER BOLLS VISITS TROOP 10
Chief Quartermaster Bolles, United States Navy, attended the meeting of Troop 10, Boy Scouts of America, Monday evening, at 7.15 o'clock. During the meeting he gave a few lessons on knot tying which was enjoyed by the scouts.

TROOP 2 WANTS GAME
The newly-organized Boy Scout Troop No. 2 is open for games with any Boy Scout Troop in the city, also will dispute any claims to championship. Have also organized a fast basketball team and is anxious to secure several games.

PLAN HIKE
Troop 18 is planning a big hike for next Friday, the day after Thanksgiving. Nearly all of the members are expected to go and many of the first and second class outdoor tests will be given by the scoutmaster.

Fifty Years Old --She Looks 29
Her Beauty Secret—Buttermilk and Cream
Before I knew how to keep myself looking young and attractive at an age when most women appear wrinkled and old, I endured the sharp pangs of neglect from the very ones whose admiration I was most anxious to retain. How a woman handicapped the moment youthful freshness and beauty have gone! Unless she can ward off the telltale marks of age so destructive to fascination and charm, her future is bound to be one of disappointments and keen regrets. Yet, judging from my own experience, I see no reason why any woman should not retain the clear, velvety smoothness of her skin by means of the same simple recipe which I used with such great success myself. Not only has it dispelled every sign of wrinkles, sallowness and complexion blemishes, but my skin has become so firm and beautiful that I no longer worry about the effect of the passing years. At night, I simply wash my face with ordinary buttermilk and rub in a teaspoonful of pure rose cream. When my face was badly wrinkled, I used Japanese Ice Pencils in connection with the rose cream, and obtained quick results on even the deepest wrinkles of long standing where the rose cream alone failed. In direct all appearance of a shiny nose, enlarged pores or oily skin I found the application of a little Poudre Petalite most effective. By following this easy and inexpensive French recipe I know that many a wrinkled, hollow-cheeked, faded-looking woman has banished every sign of wrinkles and complexion blemishes and marvelously increased her beauty.

Note:—Pure rose cream—Creme Tokalon Roseated—which is mentioned in the above article—is guaranteed by its manufacturers to banish complexion blemishes and make any woman look years younger and far more beautiful in ten days time or the price paid will be refunded. The following local merchants stated that despite the war, they could supply these French created products. Gorges, Kennedy, Croll, Keller, Paves, Pomeroy & Stewart, Bowman & Company.

Death of Boy Scout Is Felt by His Friends

As it has been our fate to lose a most useful beloved scout, Myrel Steese, who resided at 1319 Penn street, the troop holding a meeting passed the following resolutions adopted by Troop 10, Boy Scouts of America:

"Whereas, It has pleased Almighty God in His infinite wisdom to remove from life temporal life Myrel Steese, a fellow scout, Myrel Steese, it is but fitting that we, his fellow scouts, should take suitable action on his death.

"Therefore, Be it resolved that while we humbly bow to the decree of Our Heavenly Father, who doth all things for the best, we cannot but mourn his loss, and we look with pride upon his companionship, and record as a scout of Troop 10, of the Second Reform Church, of Harrisburg, Pa.,

"Therefore, Be it further resolved that the sympathy of Troop 10 is extended to the family and relatives of our deceased fellow scout, and we commend them to look for consolation and guidance to Him who giveth us the laws of His kingdom, and that some time in the dim future we too shall lie down to pleasant dreams and then awake in the Home of the Blessed, we cannot but mourn his loss, and we look with pride upon his companionship, and record as a scout of Troop 10, of the Second Reform Church, of Harrisburg, Pa.,

"Resolved, That a copy of these resolutions be sent to the family of our late scout and they form a part of the record of Troop 10 of Harrisburg, Pa. (Attest) "JOSEPH FOX, Scout Scribe," Troop 10.

SCOUTING NOTES

In announcing the recent formation of four brand new Scout troops, Harrisburg is welcoming to the new Scouts into the Harrisburg jurisdiction and the Scout brotherhood. The new troops are located at the following addresses: Troop 12, at the Y. M. H. A.; Troop 3, at Trinity Lutheran Church; Troop 5, at Messiah Lutheran, and Troop 3, at the Capital Street Presbyterian Church. We expect to hear great things from these newcomers and the doors are open for their success and achievements.

It is interesting to note that Trinity Lutheran Church formerly had a troop of Scouts and that they have since reclaimed their old number—Troop 3—while Messiah Lutheran in the days gone by maintained Troop 1.

Harrisburg now has within its city limits twenty troops of Boy Scouts, and with those outside of the city, but under jurisdiction of the local council, there are twenty-three. This is a splendid record of growth for a period of five months, as anyone who knows the organization of Scout troops will testify. Seven hundred Harrisburg boys are now living up to the standard of Scout work and the Scout law and every day new enrollments are received at headquarters. Numbers are being added to the organization of Scout troops with a view to making it a more efficient organization of service to others and good citizenship thoroughly into the minds of all Scouts, new and old, but it is gratifying to realize that the increase in number of troops since the organization of the local council has been 150 per cent, and in membership 200 per cent. Further than this, a comparative study of figures shows that we have more than twice the number of Scouts, in proportion to population, than New York City.

A number of boys were in headquarters the other evening. The question of tying knots came up and a rope was produced. Some of the boys with second class badges could not tie the elementary knots. This is not good, scouting boys. Each and every Scout should master every detail of the tests, so that none would ever be forgotten. Let's check up!

All Scouts will be pleased to learn of the big rallies planned for the near future. The local council has provided the place, and the time will be once a month, probably on Monday evenings. Big times are looming up, and while we have six hundred boys all out together there ought to be some time. Races, games, entertainments and, last but not least, scouting in the city, will go to make up an unusually interesting program at the first affair.

Scout Scribes: Some of you are forgetting about the weekly news items for this page. You must remember that every local council has its own Scout Scribe, and it's up to you to represent your troop. Nothing is too small, nothing too big, in the way of Scout news. There's always something to write of when a bunch of Scouts get together. Use that little old imagination and write every week.

No, we haven't forgotten about that basketball league, but we can't wish for basketball floors and make em. Thought we were on the track of two good ones this week, but got a disappointment. However, as the doctor says: "While there's life there's hope," and we've still got another shot to fire. This league simply can't shape up much before the first of the year, however, no matter how fast we move. Looks like the Scouts ought to have a crackerjack league for all seasonal sports in the near future.

Called Dead, Returns to Life
Boston.—A man who had been pronounced dead suddenly returned to life in Quincy last night. He is now hovering between life and death at the Quincy City Hospital.

The man, whose name is supposed to be Wholberg, with a residence at 3 Holbrook avenue, Neponset, was taken violently ill while on street car on Washington street, Quincy. He was removed to the office of Dr. W. J. Middleton, who found that he was suffering from a severe heart attack. Within two or three minutes his heart ceased to beat and no pulse could be found.

Believing the man to be dead Dr. Middleton notified Assistant Medical Examiner Higgins, who soon was on the scene. Both doctors made another examination of the man. Indications of life were found at this time and the man was hurried to the hospital for treatment.

AVOID BROKEN NOSES IN THE KITCHEN
Spouts of tea pots and noses of pitchers seem to be especially vulnerable to the accidents which will occur in even the best managed household. It is most annoying to have another whole pitcher discarded because a broken nose makes it useless for pouring.

To obviate this difficulty have only enameled ware. It is hardly more expensive than the coarse stoneware which is both heavy and clumsy. It is light and easily cleaned, and, last, but not least, it is ornamental as it comes in many pretty colors.

Causes of Cracks in Concrete Pavements

Cracks in concrete pavements will likely be a less baffling problem to builders as the result of a seven-year study of their causes recently concluded by specialists in the office of public roads of the United States Department of Agriculture. Observing particularly the expansion and contraction due to alternate wetting and drying of concrete, records were made of the values of these moisture and temperature movements under various conditions. A waterproof covering, such as coal tar, was learned, prevents a rapid change in moisture content and greatly retards the expansion and contraction.

Other important results, which should be of value to concrete workers, especially highway engineers, are contained in a recent report of the investigations, Bulletin 532 of the Department of Agriculture.

TROOP 11 ENJOY HIKE INTO THE COUNTRY

Last Saturday Troop 11 left the city on the Rockville car leaving Market Square at 11.40 for Bailey's farm above Rockville, arriving at Rockville the troop was greeted by Alger Bailey and hiked to his farm. The boys immediately prepared dinner. After dinner Mr. Manser was informed that hot cocoa was awaiting us at the farmhouse. Several boys were detailed to bring on the treat. Everybody enjoyed the hot cocoa very much as something new had tasted good. The boys then had a game of football in the fields; the first team playing against the other scouts. The score was 48 to 12. The troop started for home about 4.40, arriving in Harrisburg about 5 o'clock.

WILL DO THEIR "BIT"
The scouts will spend part of their time this evening in packing boxes of good things to eat for a few of their favorite soldiers now at Camp Meade. The troop has a record for new scouts who passed the ten-foot degree, twelve passing the tests required of them this last week. This makes the troop enrollment the largest in packing boxes for final arrangements will be made for the overnight hike to Stoverdale, which will take place the Friday after Thanksgiving. During the last few weeks the troop has visited Bethany Church and Division Street Chapel in honor of the boys belonging to the troop from these churches.

FENSTEMACHER, Scout Scribe.

MIDDLETOWN TROOP
Troop 1, Middletown, is meeting regularly on Thursday nights in the Ann Street Methodist Episcopal Church. Twenty boys attend the meetings. It is expected that many second-class tests will be held this winter. Former Scoutmaster Joseph Mason was in Middletown last week for a few hours and saw some of the boys. The troop has been active in helping the Red Cross in many ways during the last few weeks.

C. L. HOOVER, Scoutmaster.

MASON IS SCOUTMASTER
Joseph Mason, formerly scoutmaster of Troop 1, Middletown, writes that he has become the scoutmaster of Troop 1 of Paulsboro, New Jersey.

FINNISH DIET TAKES POWERS
Stockholm, Nov. 23.—A Helsingfors dispatch to the Politiken says that the Finnish Diet, by a vote of 127 to 68 has decided that the Diet shall exercise the power formerly held by the Russian emperor in his position as Grand Duke of Finland.

Welfare Conference Did Much Work in Session Here

There were no two opinions among the men who attended the fifth annual welfare and efficiency conference this week but that this year's session was historic in a way and most helpful for employer and employee. Although the convention closed last night many of the national and state officials, representatives of great industries and labor organizations, safety engineers, women experts on industry and Army officers, who partook in the discussions remained over until to-day.

It was remarked that woman came in for a great deal of eulogy and praise for her splendid work in behalf of the workman and workwoman in this conference. The last speaker Sidney W. Ashe, of the General Electric Company, Pittsfield, Mass., even went so far as to say that this war would be won, in the last analysis, by women, who must be the ones primarily to conserve and after the war to lead in the move to improve conditions of industry. The present commissioner, John Price Jackson, was highly commended by nearly every speaker for his enterprise and efficiency in dealing with the big questions of labor and capital in this state.

BALK PEROXIDE SUICIDE
Girl Tries to Escape Society's Scorn But Is Found in Time
Wilkes-Barre, Nov. 23.—Guilt of what society might call a "pardonable sin" Miss Annonia O'Shaughnessy, aged 23, and very pretty, attempted suicide in the flower gardens of the River Common by drinking a bottle of peroxide. She was discovered early yesterday morning, unconscious and with this note pinned to her dress:

"I have tried, but I cannot stand it any longer. My misfortune has turned the world against me. Bury me with my mother; she will not be ashamed to talk to me."
The girl will recover.

HOLLAND EQUIPS ARMY WITH STEEL SPECTACLES
The Hague, Netherlands.—Steel spectacles are the latest addition to the equipment of the Netherlands Army for modern warfare. The commander-in-chief has ordered that they shall be supplied to all machine gun sections, of light infantry, hussars and fortress artillery, as a protection against splinters of projectiles, flying chips of stone and the like. Stocks of the glasses will be kept in readiness to serve out to infantry in case of war.

Don't Suffer With Neuralgia, Rheumatism, Lumbago, Pains in Chest, Back, Headache or Sore Throat
It's marvelous the way this great GINGEROLE ointment banishes rheumatism and pains from any part of the body. It is in a class by itself and its tremendous sale is due to its actual merit.

"Gingerole cured" my lame back and neuralgia," Herman Brownlee, Claysville, Pa. "I have used GINGEROLE for lame back and sore muscles. Cannot praise it too highly."—George Berry, Washington, Pa.

"Thousands of other sufferers have felt the mighty healing power of this ointment, and all first-class druggists are selling and recommending it. Be prepared. Go to-day to any first-class druggist and for 25 cents get a package of GINGEROLE. If it fails to do all of the things we say it will, your money back."

"Have used GINGEROLE for lame back and sore muscles. Cannot praise it too highly."—George Berry, Washington, Pa.

"Thousands of other sufferers have felt the mighty healing power of this ointment, and all first-class druggists are selling and recommending it. Be prepared. Go to-day to any first-class druggist and for 25 cents get a package of GINGEROLE. If it fails to do all of the things we say it will, your money back."

BEAR TOO FAMILIAR

Conrad Mont.—George Robinson has killed a brown bear at his home on Sheep creek. Old Bruin had been making regular visits this last summer and, in fact, was getting to be altogether too familiar with the surroundings. On the evening of his last appearance he was seen looking through the kitchen window.

FINDS PETRIFFIED HUMAN HEAD
Virginia, Minn.—A petrified human head was unearthed on a farm near here, by Irwin Fredericks, in digging a root cellar. The head weighed eight and one-half pounds and is recognizable in the teeth distinct in formation. Local archaeologists are of the belief it is the head of an Indian buried centuries ago. It has been sent to the University of Minnesota.

DESERTER WALKS 1,200 MILES
Scranton, Pa.—Becoming homesick while stationed at Fort Riley, Kan., Steven Potash, 19, of Capouse avenue, this city, left the camp on September 19 and, according to a story, told army officers following his arrest as a deserter, walked the entire distance of 1,200 miles to this city.
