CHARITY CONCERT ON DECEMBER 7

Plans Completed For Benefit Affair by Steelton Band

The concert by the Steelton Band for the benefit of the Associated Charities of Steelton will be given in the High school auditorium Friday evening, December 7...

The immediate need of assistance has been emphasized by a report of an officer this morning that a balance of less than \$25 is in the bank credited to the Charities. This amount will not see the visiting nurse through many days...

Care of several families where medical attention is needed is a big burden on the financial resources of the Charities, the officer continued. The organization has several families on its list to care for, who are not able to contribute anything to their own support...

An impression that every person is working and there is little need of circulation has gained wide circulation. The families who are without a father or husband, the officer continued, are the ones that need the assistance.

Children's clothing is needed very badly. Contributions left at the drug store of Dr. J. A. McCurdy, Front street, will be greatly appreciated.

Efforts are being made to raise \$300 for this fund. The concert will be the first step toward making a large percentage of this amount.

A typical condition is that in Baltimore, Maryland, where the introduction of German as a subject of instruction in elementary schools in 1874 was partly due to the fact that there were a large number of German private schools...
