Be Thankful For **KING OSCARS at SIX CENTS**

Conservation is goin' to hit a lot of homes to-morrow.

I A heap of folks are going to cut out a lot of the side issues of the old time Thanksgiving feast, and get along with a little less.

Goin' to have good stuff, understand, but not quite so much of it.

I And they're goin' to be thankful for what they have.

I Smokers are going to do their bit toward conservation, too, by cutting down their usual daily quota of cigars.

HARRISBURG THEDIARY

This DIARY fixes the time and place of important, pleasing, tragic or humorous events.

New experiences, new scenes, new friends - sea fights, land battles, camp life, trench duty, marches-all rush with confusion into the minds of soldiers and sailors. A daily hote in the DIARY will retain for use in after years the happenings of this epochmaking period.

When the boy comes marching home his DIARY will recall scenes of battle, exciting charges and days filled with all emotions from rage and terror to sport and laughter. Many a soul-thrilling scene would be forgotten if it were not recorded while fresh in memory.

THE DICTIONARY

The Sound-spelling Method of this **ENGLISH-FRENCH DICTIONARY** is the most advanced, easiest and most effective means of teaching language ever invented.

Ahead of all schools, it thoroughly and quickly gives command of French. It accustoms Englishtrained ears to French sounds. It enables those speaking English to express themselves in French.

Going to have good quality, understand, but not quite so much of it.

The chap who used to smoke six King Oscars a day is going to get along on five.

I Feels as though he doesn't want to increase his cigar cost-but at the same time he's got to have that quality that has made King Oscars regular for more than a quarter century.

And he's going to be thankful, toothankful that there's one cigar in which the same quantity of the same quality has been maintained, even though it does cost a penny more.

I Better slip around to the nearest cigar store-now-lay a quarter and a nickel-30 cents—on the dealer's case, and say "Five King Oscars."

I You'll be thankful all day to-morrow that you followed the tip.

Few persons in this war will remember all they see unless the main points of each event are noted in a DIARY every day. No memory can be trusted to record accurately names, dates, places, etc., except when aided by written evidence.

Every soldier, sailor, nurse or civilian, seeing the war from in-dividual viewpoints, should set down each day's experiences. For this need the SOLDIERS-SAILORS DIARY AND ENGLISH-**FRENCHDICTIONARY** is the most serviceable, most durable, most compact book ever published. On land and sea it will be a most cherished possession.

teaching French presents first the English word; then its French equivalent and then, spelled out in English syllables, comes the French word as it sounds to English ears. Exhaustive tests prove this method so simple that even a child readily acquires French with correct pronunciation.

All who go to France should be able to talk to the people in their native language. To do so would save time, money and embarrassment. It might even save lives.

.

If a man can't talk French in France he must either seek an interpreter or make signs; but with the SOLDIERS - SALLORS DIARY AND ENGLISH-FRENCH DICTIONARY annovance and trouble will vanish. Interchange of ideas will broaden the soldier's horizon and acquirement of the French tongue will be a life long business and social asset.
