**INSTITUTE AT NEW MARKET**  
Levittown, Pa., Dec. 3.—Tench-  
ers of Fairview township will hold  
their next institute at New Market  
on December 8. The program fol-  
lows: 1.30 p. m., "Moral and Man-  
ner," Mr. Zimmerman; "Rural Edu-  
cation," Mr. Reibert; "Language,"  
H. M. Sutton; query box.  
7:30 p. m., "Moral and Manners,"  
H. M. Straley; debate, "Resolved:  
That the Americans of the Past  
Were More Patriotic Than the  
Present," Mr. "Hansen," Mr.  
and Mr. Kelly; negative, Mr. Trout  
and Mr. Seitz; gazette, Miss Lizzie  
Kunkel.  
**PERRY'S BIGGEST TURNIP**  
New Bloomfield, Pa., Dec. 3.—Mrs.  
E. M. Riceford, of near Griener's Point,  
have been looking into the alleged  
"soft" drinks being sold in the soft  
coal region of Central Pennsylvania.  
Some time ago several drinks  
sampled were found to be chiefly  
"hard" cider, while others have an  
alcoholic content that rivals gin.  
Some of the products also sold in  
Berks county under the guise of non-  
alcoholic beverages have been very  
strong. District attorneys are being  
asked to prosecute in each county  
where discoveries are made.  
**Use of Cereals**—Cereal foods, upon  
which people of Pennsylvania will  
have to depend more and more dur-  
ing the war, should be thoroughly  
cooked, and the wisest way to pre-  
pare some of the breakfast dishes is  
to make it into cakes or some other  
form, although porridge is a more  
portable way. The important part  
about serving cereals is to see that  
they are in a form which requires  
chewing. Too much milk or cream  
should not be added. Mastication is  
essential. These are points brought  
out by Dr. Samuel G. Dixon, state  
commissioner of health in his week-  
ly health talk.  
**New Engineer Here**—John Hays  
Smith, for years a resident of Pitts-  
burgh, and a graduate of Cornell  
University, has been appointed as  
assistant engineer of the State Pub-  
lic Service Commission. Mr. Smith  
was for seven years with the West-  
inghouse interests and was for six  
years at Milwaukee, two of them in  
charge of the Milwaukee electric  
system. He was also one of the edi-  
tors of the *Electrician* and the *Electrical Age*. The last four years he  
has been a consulting electrical en-  
gineer.  
**Big Tract Offered**—Reports on the  
first large tract of land to be offered  
to the state for a forestry reserva-  
tion since the establishment of the  
Somerset county reserve will be  
made to the State Commission this  
week. The tract is in Somerset and  
adjoining counties and will form  
part of the western watershed sys-  
tem.  
**WAR MINISTER'S RESIGNATION**  
Madrid, Spain.—Great pressure  
was brought to bear on General  
Primo de Rivera as already cabled  
to the Christian Science Monitor, to  
induce him to withdraw his resigna-  
tion as Minister of War, but without  
success. Twenty-two generals called  
upon him and intimated that they  
were in full agreement with his dis-  
ciplinary measures.

to the state for a forestry reserva-  
tion since the establishment of the  
Somerset county reserve will be  
made to the State Commission this  
week. The tract is in Somerset and  
adjoining counties and will form  
part of the western watershed sys-  
tem.  
**WAR MINISTER'S RESIGNATION**  
Madrid, Spain.—Great pressure  
was brought to bear on General  
Primo de Rivera as already cabled  
to the Christian Science Monitor, to  
induce him to withdraw his resigna-  
tion as Minister of War, but without  
success. Twenty-two generals called  
upon him and intimated that they  
were in full agreement with his dis-  
ciplinary measures.

and pheasants, if sufficient quantities  
of the latter game bird can be ob-  
tained are under way at the office  
of the State Game Commission and  
some purchases have already been  
made. The birds are being bought  
only after examination so that good  
healthy stock is procured and the  
greatest attention is being paid to  
the districts from which they are se-  
cured so that when turned loose they  
may be in favorable territory.  
Most of the purchases made have  
been of wild turkeys, some of them  
from neighboring states, where good  
stock has been found and they are  
sent to the state game preserves  
where they are inspected and grad-  
ually turned loose. Some of the

birds were in good condition in ad-  
vance of the turkey season, but the  
bulk of them will come in later and  
if weather conditions are not favor-  
able will be held back until spring.  
Good results are expected to be  
obtained as the Game Commission  
has been very successful in propa-  
gating turkeys in the past, notably  
in the Juniata valley and southern  
county districts.  
The selection of the pheasants is  
being made with care as they are  
a hard bird to raise and experience  
has taught that they have enemies  
which must be guarded against until  
they are thoroughly settled. The  
birds bought thus far have stood the  
trials well and will be turned loose  
in favorable country. It is believed

that with care some districts may be  
stocked for next year's hunting.  
Outside of these two kinds of  
game the state authorities are not  
doing very much at present, but have  
lines out to buy considerable stock  
during the winter.  
Dr. Joseph Kalbfus, secretary of  
the State Game Commission, says  
that the best way to prevent exter-  
mination of the ruffed grouse will be  
for the counties to ask that closed  
seasons be established. "We have  
already many inquiries on this sub-  
ject and sentiment is getting around  
that way. Eight counties are now  
closed to grouse shooting and we  
will probably have many more be-  
fore long," said he.

**Physician In Charge of Home  
For Young Men Uses New  
Remedy For Liquor Habit  
With Astonishing Success**  
Treatment Can Be Given Secretly.  
New York: Wives and mothers  
throughout the land will be glad  
to know that Tecum Powders, the new  
remedy for the liquor habit, has stood  
the test of a thorough investigation  
by Doctor Conner, a Massachusetts  
physician. Dr. Conner, who is a  
graduate of the College of Physicians  
and Surgeons of Baltimore with ex-  
tensive hospital experience at the  
Hopkins Hospital and nearly twenty  
years of practice, is now in charge of  
the "White Star" home for young  
men. In this home a part of the plan  
is to give the young men good social  
surroundings and entertainment. Some  
of the boys are addicted to drink. His  
experience is most interesting, and  
convincing. Here is his report: "Some  
weeks ago in discussing with a busi-  
ness man one of the evils we have to  
combat, namely the drink habit, he  
mentioned Tecum and the wonderful  
cures that had been effected through  
its use. When I returned to the home  
after my interview I found upon mak-  
ing inquiry that one of our boys knew  
all about Tecum, having used it while  
in New York and through its use  
rid himself of the liquor habit. He  
tells me that since using the reme-  
dy six months ago he has not taken  
a drink. Before taking the treatment  
he was a confirmed drunkard. I began  
using Tecum on five of our very  
worst cases and the most remarkable  
results followed. Not one of the five  
has shown any signs of alcoholism  
for over a month and declare upon  
their word of honor they have not  
taken a single drink of liquor since  
the third day after beginning the  
treatment. Their physical condition  
has improved wonderfully. I am im-  
mensely pleased with the formula of Tecum  
Powders and I hesitatingly recom-  
mend it as a harmless, reliable home  
remedy containing no habit-forming  
drugs and from personal experience  
in my practice know it to be what  
other remedies fail. I feel it my  
duty when something so valuable as  
Tecum is offered to the public to put  
my stamp of approval on it. May I  
continue its successful fight against  
the great destroyer of homes, the  
drink habit."  
NOTE—Tecum is odorless, color-  
less and tasteless and can be given  
secretly in tea, coffee or any food. The  
manufacturers guarantee it to stop  
the liquor habit in any form or refund  
the money. It is sold under a steel-  
bound money-back guarantee in this  
great city by all druggists including J. Nel-  
son Clark.—Advertisement.

Get at the Real Cause—Take  
Dr. Edwards' Olive Tablets  
That's what thousands of stomach  
sufferers are doing now. Instead of  
taking tonics, or trying to patch up a  
poor digestion, they are attacking the  
real cause of the ailment—clogged  
liver and disordered bowels.  
Dr. Edwards' Olive Tablets arouse  
the liver in a soothing, healing way.  
When the liver and bowels are per-  
forming their natural functions, away  
goes indigestion and stomach troubles.  
If you have a bad taste in your  
mouth, tongue coated, appetite poor,  
lazy, don't-care feeling, no ambition or  
energy, troubled with undigested foods,  
you should take Olive Tablets, the  
substitute for calomel.  
Dr. Edwards' Olive Tablets are a  
purely vegetable compound mixed with  
olive oil. You will know them by their  
olive color. They do the work without  
gripping, cramps or pain.  
Take one or two at bedtime for quick  
relief, so you can eat what you want  
at 10c and 25c per box. All druggists.

**Why have gray hair?**  
Why allow yourself to become pre-  
maturely old looking? It's not necessary.  
Restore natural color to your gray or  
faded hair naturally, easily, safely, in  
the cause of the ailment—clogged  
liver and disordered bowels.  
You will know you are doing it. Be youthful  
and attractive looking. Keep your  
hair soft, glossy and lustrous.  
Don't use dyes—they give your hair an un-  
natural look—ways ask for and get
