Estimate 4,000 Dead

An estimate of 4,000 dead, regarded as too high by many officials Saturday night, was accepted more generally to-day as most nearly approaching the exact figure. It is believed hundreds of persons lining the water front and watching the spectacle of a big ship on fire without thought of an impending explosion, were hurled into the bay by the terrific upheaval and drowned. Their bodies may never be recovered.

Analyzing these figures the military authorities who have worked with the one idea of estimating the approximate number of the dead, declared the total would be increased through failure to obtain word of the missing. It has been four days since the disaster. In that time, they said, it should have been possible to hear from most of the missing through information bureaus and other agencies.

London, Dec. 10.-The counter revolt in Southwestern Russia, under the leadership of Generals Kaledines, Dutoff and Korniloff, apparently is aimed at seizing the authority in that region and in cutting off food supplies from Siberia. According to the proclamation of the Bolsheviki government General Kaledines' forces are menacing Eskaterinoslav, Kharkov and Moscow. In the province of Orenburg the Bolsheviki have

been overthrown by General Dutoff. Deem overthrown by General Duttoff.

For some time General Kaledines has been gathering his forces in the Don region where he has been joined by former army officers and leaders of the old provisional government. He has been reported to hold most to Russia's gold reserve and he probably controls the Don coal region and a great portion of the grain-growing territory around the Black and Caspian seas.

Attack Under Way

Tcheliabinsk, an important railway center in Northeastern Orenburg, is besieged by General Dutoff's troops. In the Caucasus General Karauloff is attacking Tchechenrev and Ingusher.

The proclamation says the "enemies of the people" have undertaken a last attempt to destroy the cause of peace and says the constitutional Democratic party is providing the means for the revolt. The proclamation reads:
