

GIVES RELIGIOUS LECTURE BEFORE CROWDED HOUSE

Christian Science Explained by Member of First Church of Christ, Scientist

Charles I. Ohrenstein delivered a lecture on "Christian Science" in the Orpheum Theater yesterday afternoon before a well-filled house.

Ohrenstein is a member of the board of lecturers of the Mother Church, the First Church of Christ, Scientist, at Boston. He is a Jew, and the lecturer was peculiarly interesting because of his nationality.

God's Thoughts "And the angel of His (God's) presence saved them," we read in Isaiah. We are also told that after Jesus had withstood the temptation by the devil—and all should be able to see that the devil was just what Jesus called him—a murderer, that which is destructive and a liar, that in which there is no truth—angels came and ministered unto him. What does this mean? Does it mean that corporeal beings with wings healed the people spoken of in the Bible, and ministered unto Jesus?

In the Christian Science textbook, "Science and Health With Key to the Scriptures," by Mrs. Eddy, on page 581, we read: "Angels, God's thoughts passing to man; spiritual intuitions, pure and perfect; the inspirations, goodness, purity, and immortality, counteracting all evil, sensuality and mortality."

"Cannot all see how such angels could and did indeed heal the children of Israel, how they could and did minister unto Jesus; how they can heal you and me and everyone, and minister unto you? Have not all of you entertained just such angels, time and time again, unawares? Have not pure, spiritual intuitions, inspirations of goodness, come to you and to all, and have they not been helpful to you? Where did they come from; from your brain, or from anywhere else? They came from Mind, the only true Mind, God, to inspire, to enlighten you, to bear you up, and to set you up on high. Have we all been inspired then? Have we not? Have we always heeded these inspirations. That is the question. It is not uncommon to hear that some one is inspired, or made or healed. Ever since we have heard this, but let some one be said to be inspired by God, who is infinite power, intelligence, Life, Truth and Love, and devotion and reverence, and to be his lot, is not, how then does anyone live? Are not all inspired by Mind, Truth, Love? If not, how do you come to be inspired? Have you not that you are truthful, kind, loving? Does this surprise you? Then let me say that you were inspired before you ever breathed the light of day, and that inspiration is the one essential of existence.

Did It Welcome "Everyone is most particular as to the air he breathes. No one without absolute necessity would for a moment breathe foul air. Everyone is most particular as to the food he eats, what raiment he puts on, and so forth. How much more particular should all be as to what they are inspired by; for whether the thought that comes to us is good or bad, and to all, and to one that originates with us, and sooner or later we are bound to express it. Is it pure, beautiful, and is it the thought of health, of life, of immortality, of courage, and of love or all? If so, it comes from the one true source, did it welcome; let it abide with you, entertain it, make it your honored and welcome guest. It comes from God, and is the word of God, an aid and visitation, the light of heaven, to minister, to save. Is that which clamors for admission a base, sinister, degraded thought, a thought of war, of discord, of hate, of anger, sickness, death? Then bar it out, for it will express itself, fear.

Just like magic—yet there's no magic about it. But there is this, an efficient electric washer and wringer and the result is that the washing is done quickly and perfectly. The "Sterling" is a modern necessity to the health and happiness of every housewife. It fits the duties of a modern wife and shoulders and "Washday" is no longer dreaded. The "Sterling" cleans and saves clothes. Harrisburg Electric Supply Company 24 S. 2nd Street Harrisburg.

fruit after its kind. How bar it out, say you? By recalling and recalling the thoughts, the angels of God and of His Christ, the truths taught in the Bible by Jesus, emphasized, illumined, and made practical by Christian Science, until these shall be an angel guard round about you to guide you, guard you, and have charge over you. "How often do we hear the question, 'How can I help what I think?' and the assertion, 'No one can help what he thinks. We not only can help what we think, but in order to do better, feel better, be better, we must help what we think, for as a man 'thinks in his heart, so is he'; and the way that has been indicated, the way that Christian Science teaches, is the only way in which this help can come; the only way under heaven in which men can be saved here, anywhere, everywhere, from ills of any kind and of every kind. It is the only way in which one and all, irrespective of time, place, vocation, or circumstances, can be truly armed and equipped with the absolute safety and complete efficiency. "A Word About the Founder "What has been said will but dimly indicate the teachings of the ideal, yet most practical and scientific system of ethics and healing discovered in the words and works of our Master by Mrs. Eddy. Through her faithful, loving, Christlike leadership, Mrs. Eddy founded this system, Christian Science, and advanced it to its present world-wide acceptance. Being what she did to the world—the 'pearl of great price,' the applicable, demonstrable Christianity of Christ Jesus, which has proved itself such by curing, reforming, and healing the vast majority of those who have honestly, earnestly studied her books—she has enriched the world beyond all reckoning. "As one who had the privilege of visiting her home, let me say that all about Mrs. Eddy was of the very simple, unassuming, and unassuming and true example of simple living and high thinking. Those who were with her bear loving witness to the fact that she was a woman of prayer, without ceasing, and that she did this for all alike. That this untrusting separation has borne fruit—the fruit of pure, happy, health, and healing, and loving lives—is a fact on every hand. The modest fortune that came to Mrs. Eddy through the publication and sale of her written works by her direction, like her life, being devoted to the promulgation of her high teaching; to the establishment of 'on earth peace, good will toward men'; to the establish-

Call For Volunteers to Keep Open Highways As an Aid to the War

Snow-bound highways are the cause for the first call for volunteers to aid in keeping the state roads open, especially the war roads made by Charles W. Burnett, director of motors and motor trucks for Dauphin county. Early on Saturday noon Mr. Burnett who is acting for the state committee of public safety had word from Philadelphia that the storm would be general over Pennsylvania and that it was imperative to open certain roads to facilitate transportation of war supplies and for general traffic.

As this duty belongs to the department of motors and motor trucks Mr. Burnett has called upon local committeemen for organized workers who are equipped with automobiles, snow plows and shovels. "Volunteers are wanted" was the word sent out to-day. Persons desiring to help or to register for future emergencies can do so by telephoning Bell 1734. It is pointed out that the highways will be used more than ever for military purposes.

Mr. Burnett in an interview, given out yesterday, said: "The lower and eastern ends of the county have gotten their motor organizations under way and for most districts we have card indexes of all the motor trucks and pleasure cars and have a list of those who have registered for any service they may be called upon to perform for the Government. The upper end people have not progressed so far but may be relied upon to do their part. "Just think what this means as a State-wide proposition. If we clear a way from Harrisburg to the Lebanon county line, so that trucks and passenger cars can get through without delay, and Cumberland takes it up on the West Shore to the west side of that county, and Lebanon carries on the western side to the Berks line, why it is not hard to see that automobile hunting in winter will be made safe and rapid and the highways can continue to relieve the over-crowded railroads as they are now doing."

GOOD HUNTERS IN DEER REGIONS

Dr. Kalbfus Says That Conditions Are Favorable; Chats About the Game Season "Pennsylvania is having a splendid deer hunting season, but there are some outlaws who are shooting down deer in spite of all we can do and in the face of the strong sentiment among sportsmen to uphold the law," said Dr. Joseph Kalbfus, secretary of the State Game Commission today in discussing the hunting season.

"There is just a week of the deer season left and I think that we will have a kill that will exceed that of last season when there were approximately 1900 bucks shot. "I am very sorry to hear of people voluntarily killing deer," continued the veteran sportsman. "We heard of eight being killed in the Caledonia region alone. There have been quite a few killed in southern counties, but our reports do not show as many shot in the western and northern hunting counties. We are trying to run down the people who do it and we intend to prosecute them, you may rest assured. We were able to arrest some hunters who shot deer out of season after long search and we hope to get the miscreants."

Dr. Kalbfus said that some fine bucks had been shot in the vicinity of state preserves but he had a suspicion that the bucks knew the safety of the wire around the preserves and got out of the way. In several up-state counties the deer population had been seen several times disappeared a fortnight ago. The bear season reports have not yet come in, but there should be some good sport heard of. The lack of snow has prevented good bear hunting because there is small chance to track the animals. There are more bears in Pennsylvania now than for a long time, said the secretary. Last year between 300 and 400 were shot, but the season was more favorable than the present. In the opinion of Dr. Kalbfus the game code has thus far worked out splendidly and there have been few complaints. The seasons generally will end on December 15. The big game is that the issue of hunters' licenses to break all records this year, even that of 305,000 which was made when the system went into effect. One of the reasons for expecting this result is that possibly fifteen counties used up all of the licenses allotted to them on a 300,000 total basis by the time the deer season started. "I hope the sportsmen of the state and the farmers, too, will do all they can to feed the game this winter and to get off the farms. I had the pleasure of pointing out to the state officials at a luncheon the work the birds are doing for the farmer and the sportsman is that they are destroying insects," said Dr. Kalbfus. "Every sportsman ought to help us. We have instructed the game protectors to work with the sportsmen and see that the quail and turkeys are taken care of. It will not require much food. We have only fifty-five paid men and the sportsmen should help us because the state is a big proposition. I have issued a letter to sportsmen asking them to help."

TO PARADE FOR ENLISTED MEN

150 Volunteers to Be Given Ovation Before Leaving For Camp The parade in honor of the last volunteers to leave the city before the time limit for the selective draft will start promptly at 8 o'clock this evening. The parade has been planned by the Elks, and will start from their home in Second street. The five volunteers in the state militia will leave to-morrow morning with 150 other volunteers from the local recruiting office.

The five volunteers to be signally honored to-night are Sergeants John K. Spangler, W. F. Fink, Charles J. Zigner, F. L. Cuicco and Charles Heighes. The parade will be over the following route: Second to Locust, Locust to Front, to Market, to Fourth, to Walnut, to Third, to North, to Second to Elks' Home and disband. The following members of the E. P. O. Elks will form an honorary escort: James L. Carroll, chief marshal; E. J. Lewis, chief of staff; A. W. Hartman, Charles R. Weber, Joseph A. Rudy, Thomas Cleckner, V. Hummel Brackneridge, Augustus H. Kreidler, Joseph J. Weaver, C. H. Sigler, D. D. Hammett, Thomas Poffenberger, Harry K. S. Greenfelter and William H. Opperman.

Following is a list of the aids: Henry B. McCormick, A. W. Hartman, Dr. Chase, 224 North Tenth St., Philadelphia, Pa.

SOLDIER ILL IN CAMP

Marysville, Pa., Dec. 10.—Reports reach here from Camp Grant, Rockford, Ill., that a Perry county soldier, Charles Lukans, of Ben-Lucia, is ill with a severe attack of diphtheria. He is now in the base hospital.

Use McNeil's Pain Exterminator—Ad.

When the hard packed snow crunched under your feet this morning

—as you stepped to your waiting automobile

—and you fairly jumped into the seat, in your haste to get started

—and then you fumbled with the curtains to button them "down"

—and when, at last you were on your way the zero wind whistled through the flapping and snapping curtains.

Order it now.
