

STATE PLEADS FOR THE HONEY BEES

Should Not Be Harmed by Some Old Methods of Handling Their Hives and Honey

The antiquated but common practice of some beekeepers to smoke out colonies of bees to procure the honey has resulted in the killing of thousands of bees each fall in this state and efforts are being made by the State Department of Agriculture to stop the practice.

Chief Sanitary Adviser George H. Rea says that many farmers still use the old sulphur smoking method and that thousands of the heavy and best colonies of bees are killed yearly in this manner.

Every effort is being made to increase the honey production of the state and thus help out the sugar shortage, as honey is a most acceptable substitute for sugar.

Superintendent Resigns

Marysville, Pa., Dec. 12.—Because of ill health, Charles Smith, superintendent of the Hill United Brethren Sunday school, of Watts township, has resigned. His successor has not yet been chosen.

Patients at Hamburg Sanatorium Pleased at Dr. Dixon's Recovery

Dr. Samuel G. Dixon, as head of the State Department of Health, was more than pleased the other day to receive from the patients at the Hamburg Sanatorium a message of congratulation and goodwill on his recovery from a severe illness.

"We take this means of manifesting our gratitude for your unselfish devotion to your wards and our prayerful solicitation for your restoration to health.

"By contributing in every means at your command for our relief; by constantly keeping us informed of the advantages of education and discipline; by contributing in every way to alleviating our suffering; protecting our families and the community; establishing a closer relationship between health and happiness—you have earned for yourself an enduring fame and made the Department of Health, which you represent, a shrine of pilgrimage for seekers of health.

"In view of the foregoing, we, the undersigned, beneficiaries of your achievements, hope this testimonial may bring to you a message that will relieve your distress, comfort you in your affliction and add consolation and encouragement.

"Believing in the will of Him who doeth all things well for your just reward."

The message was artistically prepared by the shape of a portfolio and mailed to Dr. Dixon on Thanksgiving Day. The tribute consisted of a blue silk cover and lined portfolio tied with purple ribbons. The title page had handsomely embossed.

Dr. Dixon was deeply touched, and in acknowledging the testimonial concluded as follows:

"I am glad to inform all those whose names I have inscribed on the tablet, which will go into my archives to be handed down as a family record as one that will be most highly appreciated because of the spirit which caused the voluntary act that must necessarily come from the hearts of those in whom I am so deeply interested."

State Grange Demands Bone Dry Law as First Aid to War

Williamsport, Pa., Dec. 12.—The grangers of Pennsylvania want prohibition as a war measure. In a stirring resolution adopted by the 100 grangers at the state convention meeting here, the grange sent greetings to the National Anti-Saloon League in session at Washington and pledged its strongest support in an effort to secure prohibition as a war measure and permanent policy. The resolution was passed unanimously with great enthusiasm. It was presented by W. E. Ross, of Lackawanna county.

The grange will make a strong effort to determine the source of a statement printed in certain newspapers to the effect that the farmers of the state canned less food than usual this summer and had allowed much to waste. This statement was branded as a falsehood. Dr. Harriet Lyons, chairman of the household economy committee, urged that every means be used to prove the falsity of the charge and the organization went on record condemning the circulation of such reports as unfair and unpatriotic.

The Rev. W. Hatch, of Mahanoy, state chaplain of the order, demanded the establishment of a high school in every township in Pennsylvania.

DORCAS SOCIETY BAZAR

Marysville, Pa., Dec. 12.—Extensive arrangements are now being completed by the Dorcas Society of Zion Lutheran Church for their annual bazar, which will be held on Friday afternoon and evening in the Diamond Hall. A sauerkraut supper will be one of the features of the affair.

MRS. JACOB WALLS DIES

Shiremanstown, Pa., Dec. 12.—Mrs. Jacob Walls, aged 64 years, died at her home at Main and Chestnut streets, yesterday morning from pneumonia. She is survived by three children, Mrs. Calvin Krone, of West Main street; William P. Walls, notary public, of Shiremanstown, and Mrs. Carrie Walls, of Harrisburg. Five grandchildren also survive. Funeral services will be held Friday morning at 10 o'clock at the residence at the house and further services in the Bethel Church of God, of which Mrs. Walls was a member, conducted by the Rev. R. E. Seyler, assisted by the Rev. H. C. Kottler and the Rev. J. W. Gabel. Burial will be made in the Mt. Pleasant cemetery.

JACOB HOOPER DIES

Dillsburg, Pa., Dec. 12.—Jacob Hooper, aged 87 years, died at his home in Carroll township, about a half mile south of Dillsburg, on Monday morning. Mr. Hooper had been a resident of Carroll township almost his entire life, but for a number of years he had been unable to leave his home. Death was due to cerebral hemorrhages. He is survived by his wife and one son, George Hooper. The funeral was held from the home this afternoon.

How Fat Actress Was Made Slim

Many stage people now depend entirely upon Marmola Prescription Tablets for reducing and controlling their weight. The actress who has reduced two to four pounds a week by using this new form of the famous Marmola Prescription Tablets several times a year, keeps her figure just right. Half ounce Marmola Prescription Tablets at 75 cents for a large quantity. Or write for the Marmola Prescription Tablets direct to the Marmola Co., 864 Woodward Ave., Detroit, Mich. If you have any doubts as to the safety, it is harmless and effective.—Advertisement.

WIND MAKES WEAK WOMEN STRONG

Positive Convincing Proof

We publish the formula of Vinol to prove convincingly that it has the power to create strength in the weak.

Iron and Manganese, Peptonates, Iron and Ammonium Citrate, Lime and Soda Glycero-phosphates, Casein.

Any woman who buys a bottle of Vinol for a weak, run-down, nervous condition and finds giving it a fair trial it did not help her, will have her money returned.

You see, there is no guess work about Vinol. Its formula proves there is nothing like it for all weak, run-down, overworked, nervous men and women and for feeble old people and delicate children. Try it once and be convinced.

S. S. CLASS SOCIAL

New Cumberland, Pa., Dec. 12.—Members of E. H. Fisher's Sunday school class held a social in the social room of Baughman Memorial Methodist Church last evening. A program consisting of music, readings and games was enjoyed, after which refreshments were served.

M'ALLISTER BROTHERS IN U. S. SERVICE

ARCH McALLISTER

CARSON McALLISTER

TWO sons of Mr. and Mrs. John C. McAllister, of 272 Peffer street, volunteered to go to Germany in U. S. service. Arch McAllister enlisted June 4, 1917, in Company I, 128th Pennsylvania Infantry, which is now the One Hundred Twelfth United States Infantry, and is located at Camp Hancock. He was formerly clerk of the cigar store, Third and Market streets. His brother, Carson McAllister, was a student at State College, and enlisted in the Naval Reserve with the unit from State last April and is now stationed at Pelham Bay Park, New York. He was first sent to Newport, R. I., and then to New London, Conn. Some time ago the command was ordered to its present location at Pelham Bay. Carson McAllister was president of the Central High School graduating class of 1914. He was hurt while playing football several weeks ago and was confined to quarters nineteen days by his injuries.

Cold Storage Meat Held Months Longer Than Federal Law Permits

Philadelphia, Dec. 12.—While state and city representatives of the Federal food administration have been holding conferences with food dealers and issuing price lists in an effort to cut down the high cost of living in Philadelphia and Pennsylvania, hundreds of thousands of pounds of beef, pork and poultry have been held in cold storage houses in this city for months, it was learned today by the state cold storage law.

This was the information given yesterday by R. M. Simmers, special agent of the State Food and Dairy Department.

Mr. Cooke, who became Federal food administrator for Philadelphia county only a few days ago, refused to discuss the situation disclosed by Mr. Simmers. He said that it was now before the authorities in Washington. Mr. Simmers said he had made a report of the conditions he had found in the storage houses here to the food administration in Washington.

Some time ago Howard Heinz, state food administrator, had a conference with James Foust, Commissioner of the State Dairy and Food Department, concerning the cold storage situation in the state. At that time he refused to give out any figures as to holdings of food in this city. Mr. Foust had furnished statistics as to only two counties and had not reported concerning Philadelphia.

When Mr. Cooke was appointed administrator "all the figures in my possession," Mr. Heinz said at that time, "are in my hands. I will give you the figures as they are, but I will not wait until statistics for the entire state are available.

The law allows beef to be held for four months, pork for three months and cold storage for eight and nine months, but with the exception of turkeys, he said.

Reading Girls Admit Illegal Drug Selling

Reading, Pa., Dec. 12.—Helen Wilson, May Penn and Daisy Jacobs, charged with illegal drug selling, were called for trial in criminal court here and pleaded guilty. Sentences to be imposed later. The Wilson girl created a sensation by breaking down in the courtroom.

MRS. BURNHAM JAMAICA, N. Y.

Sufferings Cured by Medicine Recommended by Sister-in-Law.

Jamaica, N. Y.—"I suffered greatly with my head and with backache, was weak, dizzy, nervous, with hot flashes and felt very miserable, as I was irregular for two years. One day when I was feeling unusually bad my sister-in-law came in and said, 'I wish you would try Lydia E. Pinkham's Compound.' So I began taking it and I am now in good health and am cured. I took the Compound three times a day after meals and a bottle in the house."—Mrs. L. N. Burnham, 295 South street, Jamaica, N. Y.

Women who recover their health naturally tell others what helped them. Some write and allow their names and photographs to be published with testimonials. Many more tell their friends.

Write Lydia E. Pinkham Medicine Co. (confidential), Lynn, Mass., for anything you need to know about your ailments.

If Germany Plays Fair Swiss Needn't Fear U. S.

Washington, Dec. 12.—Secretary Lansing yesterday made public the text of the American memorandum to Switzerland in which the promise to respect her neutrality was made. It was sent to Switzerland several days ago and comment in European papers indicates that it has proved satisfactory to the Swiss people.

The memorandum follows: "In view of the presence of American forces in Europe engaged in the prosecution of the war against the Imperial German Government, the Government of the United States deems it appropriate to announce for the assurance of the Swiss confederation and in harmony with the attitude of the co-belligerents of the United States in Europe that the United States will not fail to observe the principle of neutrality applicable to Switzerland and the inviolability of its territory so long as the neutrality of Switzerland is maintained by the confederation and respected by the enemy."

RURAL CARRIERS RESIGN

Waynesboro, Pa., Dec. 12.—A. W. Cowan and Daniel C. Kline, who have been carrying mail over the rural routes of Waynesboro, have resigned their position to take effect as soon as their places can be filled.

Doctor Says Crying Need Of The Woman Of Today Is More Iron In Her Blood

TO PUT STRENGTH IN HER NERVES AND COLOR IN HER CHEEKS

Any Woman Who Tires Easily, is Nervous or Irritable, or Looks Pale, Haggard and Worn Should Have Her Blood Examined For Iron Deficiency.

Administration of Nuxated Iron in Clinical Tests Gives Most Astonishing Youthful Strength and Makes Women Look Years Younger.

"There can be no healthy, beautiful, rosy cheeks without iron," says Dr. Ferdinand King, a New York Physician and Medical Author.

"In my recent talks to physicians on the grave and serious consequences of iron deficiency in the blood of American women, I have strongly emphasized the fact that doctors should prescribe more organic iron—Nuxated Iron—for their nervous, run-down, weak, haggard-looking women patients. Pallor means anemia. The skin of the anemic woman is pale, the flesh flabby. The muscles lack tone, and often they become weak, nervous, irritable, despondent and melancholy. When the iron goes from the blood of women, the roses go from their cheeks.

In the most common foods of America, the starches, sugars, table syrups, candies, polished rice, white bread, soda crackers, biscuits, macaroni, spaghetti, tapioca, cornmeal, corn-cakes, corn-bread, oatmeal no longer is as nutritious as it once was. The refining processes have removed the iron from these impoverished foods, and the home methods of cooking, by throwing away the iron-bearing outer husks of our vegetables and other dangerous foods, are responsible for the loss of another valuable iron source.

Therefore, if you wish to prevent, or to cure, your iron deficiency, you must serve your youthful vim and vigor to a ripe old age, you must get your iron deficiency in your food by using some form of organic iron, just as you would get your iron from another source.

"I have said a hundred times over, organic iron is the greatest of all strength builders. If people would only take Nuxated Iron when they feel weak or run-down, instead of dosing themselves with habit-forming drugs, stimulants and alcoholic beverages I am convinced that in this way they would ward off disease, preventing it becoming organic in thousands of cases. It might be saved who now die every year from pneumonia, grippe, kidney-liver, heart trouble and other dangerous maladies. The real true cause which started their disease was nothing more nor less than a weakened condition brought on by lack of iron in the blood.

"On account of the peculiar nature of woman, and the great drain placed upon her system at certain periods, she requires iron much more than man to help make up for the loss.

"Iron is also absolutely necessary to enable your blood to change food into living tissue. Without it, no matter how much or what you eat, your food merely passes through you without doing you any good. You do not get the strength out of it, and as a consequence you become weak, pale and sickly looking. Just like a plant trying to grow in a soil deficient in iron. If you are not strong or well, you owe, to yourself, to make the following test: See how long you can work or how far you can walk without becoming tired. Next take two five grain tablets of Nuxated Iron three times per day after meals for two weeks, then test your strength again and see how much you have gained. You will find dozens of nervous, run-down people who were ailing all the while double as strong as you are. They are tired, irritable, despondent and melancholy. Simply by taking iron in the proper form and this after they had been in from ten to fourteen months without obtaining any benefit. But don't try to do it the old-fashioned way. Buy Nuxated Iron, before given out any medical information or advice for publication, I ordinarily do not believe in it. But so many American women suffer from iron deficiency, and I have seen so many cases cured by it, that I feel it my duty to advise all such to try Nuxated Iron. I have taken it myself and give it to my patients with most surprising and satisfactory results. And those who wish quick relief from their iron deficiency, stronger and endurance will find it most remarkable and wonderful.

NOTE—Nuxated Iron, which is prescribed and recommended by the greatest variety of cases, is not a patent medicine nor secret remedy, but one which is well known to druggists and whose iron is purified by eminent physicians both in Europe and America. Unlike the older inorganic iron products it is easily assimilated, does not irritate the teeth, make them black, nor does it give rise to indigestion, constipation, or other conditions. The manufacturers have such great confidence in Nuxated Iron that they offer to forfeit \$100.00 to any man or woman under 60 who has iron, and increases their strength 100 per cent. or over in four weeks' time, provided they have no serious organic trouble. It also offers to refund the money if it does not at least double your strength and endurance in ten days' time. It is dispensed in this city by Geo. Keller, G. A. Gorgas, J. Nelson Clark, and all good druggists.

Dr. Ferdinand King, New York Physician and Medical Author, tells physicians that they should prescribe more organic iron—Nuxated Iron—for their patients—Says anaemia—iron deficiency—is the greatest cause to the health, strength, vitality and beauty of the modern American Woman.—Sounds warning against use of metallic iron which may injure the teeth, corrode the stomach and do far more harm than good; advises use of only Nuxated iron.

Listen, Children!

Santa Claus Is Coming Sure

There has been no war in Santa Claus land, so he and his helpers have been busy, day and night, getting ready to surprise you.

Tell DADDY to go to SCHELL'S SEED STORE and leave a message for Santa to bring you a tree, and we will send the message on to him.

2000 Christmas Trees

Those beautiful perfect Spruce from Maine—the same as we have had every year in the past—12 to 14 feet high, only \$2.50—none over that—then down to 10 feet—WE DELIVER THEM. Ready now—better make sure of yours. You see the mountains are snowed up—several years ago with similar conditions some folks came too late—their disappointment was pitiful. "Turn the war clouds inside out"—make this the BEST Christmas—It is "Home" and it's "Rosebuds" we are fighting for.
