Chairman Henderson Says
That Every Effort Will Be
Made For Quick Relief

Every effort is being made to clear the snow from Front street in the business section, Chairman E. C. Henderson, of the Highway Committee of Council, said to-day.
Chairman Henderson has issued orders to Street Commissioner Meshey that every available man and team should be put into use. He also ordered the use of the new garbage truck as it cannot be used for collections on account of the snow in the alleys and streets.
The snow will be cleared off Front street from Chestnut to Conestoga streets, as rapidly as possible, Chairman-Henderson said. Work on clearing the snow with one team was started in the business section this morning. It was impossible to get more teams up until noon to-day.
Every effort is being made to get additional teams and men for the work. Businessmen are complaining about the heaps of snow that are in front of their establishments. In

RESIDENTS CLEAN PAVEMENTS
Chief of Police Grove announced
this morning that residents will be
given until to-morrow noon to remove the snow from their pavements.
The chief said that the people responded immediately to the request
to clear their pavements during the

Messenger boys and messenger girls do not retire on a competency after two or three months' work. A trip from the Postal office to Nineteenth and Market does not permit them to pay their bills and throw the balace in a barrel. Every time Mary Russell makes a trip she is three cents ahead. When this 16-year-old messenger girl gave the Red Cross a whole dollar yesterday she gave her earnings for thirty-three average trips for messages.

Mary Russell, the messenger girl, has a heart or she wouldn't have given her dollar, say local chapter workers.

"Who will match Mary Russell's dollar?" asks William Jennings, chairman of the campaign committee.
