COAL SITUATION IS IMPROVING

Robert L. Myers, Administrator For West Shore District, Reports Conditions

In making a report on the Wes Shore coal situation, Robert L. My-Shore coal situation, Robert L. Myers, president of the Lemoyne Trust
Company, administrator for the
West Shore district, said to-day:
"Not as much coal is being received
as this section should have, but dealers are getting enough to fill orders
that are absolutely necessary. Lemoyne yesterday received a carload
and several more are expected this
week."

Camp Hill dealers are unable to get any coal, which places this town in the worst condition of any on the West Shore. The shortage is not alarming, however, because other towns will help out as soon as they have had a sufficient amount to fill their needs.

New Cumberland, a manufacture

their needs.

New Cumberland, a manufacturing town, with a good supply of river coal on hand in the factories and some coal for use in the homes, is not complaining, Mr. Myers said. WILL DRAW BUDGET

Thursday evening. The annual budget for the year 1918 will be then drawn up.

If Food Disagrees Take Bi-nesia

Nearly everybody suffers at times after eating. Many can rarely cat without suffering the most excruciating agony. Some people call this indigestion, some dyspepsia, others gastritis; but no matter what you call it, no matter how many remedies or how many doctors you may have triedistant and almost invariable relief may be obtained by taking in a little hot water a teaspoonful of a simple neutrate, such as Bli-nesia. This instantly neutralizes the acid and stops food fermenation, the cause of nine-tenths of all stomach trouble, and thus enables the stomach to proceed with digestion in a painless, normal manner. Care should be taken to insist of the control of the control of the cause of the care should be taken to insist of the control of the care should be taken to insist of the care should by druggists everywhere under a binding guarantee of satisfaction, or money back—Adver—

times was unable count of his health.

West Shore Schools Are Being Kept Well Heated

Although there is a marked shortage in the supply of coal at two West Shore schools, there is no need or alarm, more fuel being expected At Camp Hill the use of bituminous and river coal with other fuel has kept the heating plant going. it was necessary yesterday for officials to get some coal. After much trouble a load was located and this will keep the heating plant going for about a week. A contract was let early in the spring for enough coal to run through the winter, but it was not filled on account of the scarcity.

Lemoyne has enough coal to run far below giv works it was reported.

Lemoyne has enough coal to run for about six weeks, it was reported at a meeting of the board recently. A shipment of coke is expected and if the board is unable to get coal it will be necessary to use this fuel to keep the schools open.

According to the fuel administrator, New Cumberland, West Fairview and Wormleysburg schools have a fairly good supply on hand.

EXTRA LONG VACATION
Lemoyne, Pa., Dec. 18.—Pupils in
the local schools are arranging a
Christmas program to be presented
in the High school auditorium Friday afternoon. Students in each
room in the schools will take part.
The schools will close on Friday afternoon and will not open until Januover. This is the longest Christmas noon and will not open and you. This is the longest Christmas cation given local schools by the pards for a long time. The extrame was given to save the coal sup-

PARENT-TEACHERS TO MEET Camp Hill, Dec. 18.—Arrangements for a meeting of the Camp lill Parent-Teachers' Association to Hill Parent-Teachers' Association to be held some time next month were made at a meeting of the program committee at the home of Mrs. Fred V. Rockey låst night. Mrs. L. H. Dennis met with the committee and asked its permission to have several lectures on home economics made at meetings of the association. No definite numbers on the program were decided upon last night. On the committee are: Mrs. W. L. Roland, Mrs. Charles Gross, Miss Nettie Russell and Mrs. Fred V. Rockey.

LEMOYNE BOYS ENLIST

RHEUMATISM LEAVES YOU FOREVER

eep Seated Uric Acid Deposits Are Dissolved and the Rheumatic Poison Starts to Leave the System Within Twenty-four Hours.

Geo. A. Gorgas, whom you all know is authorized to say to every rheumatic sufferer in this vicinity that if two bottles of Allenrhu, the sure conquerer of rheumatism, does not stop all agony, reduce swollen joints and do away with even the slightest twinge of rheumatic pain, he will gladly return your money comment. gladly return your money without comment.

Allenrhu has been tried and tested for years, and really marvelous results have been accomplished the most severe cases where the suffering and agony was intense and piteous and where the patient was helpiess.

Allenrhu relieves at once, immediately after you start to take it the good work begins. It searches out the uric acid deposits, dissolves the secretions and drives rheumatic poison out of the body through the kidmeys and bowels.

bowels.

It's marvelous how quickly it acts. Blessed relief often comes in two days, and even in cases where the suffering is most painful all traces disappear in a few days.

Mr. James H. Allen, the discoverer of Allenrhu, who for many years suffered the torments of acute rheumatism, desires all sufferers to know that he does not want a cent of anyone's money unless Allenrhu decisively conquers this worst of all diseases, and he has instructed Geo. A. Gorgas to guarantee it in every instance,
