Mercer B. Tate and the secretary of the Penbrook Red Cross Chapter yesterday prepared a bundle of Red Cross material for the secretary's brother, who is in China. With a number of Americans and native Chinese he will start a Red Cross Chapter as soon as the supplies reach him.

John Mahan, 230 Woodbine street, has no children, but he has a dog, and the canine is walking around, proudly bearing a Red Cross button on his collar. That's Mahan's idea of real service.

Among the contributions received at the booths, was a coupon clipped from a \$500 Liberty Bond. The coupon is worth \$8.75.

Many Houses Blank
That not nearly all of the folks in Harrisburg who are able to take out memberships have done so is evidenced by the absence of Red Cross service flags in the front windows. It would be interesting to know the various reasons advance by the occupants of the blanked houses for their failure to join the Red Cross. The story in another part of this paper to-day by the Rev. Dr. Robert Bagnell of Grace Methodist Church should be an incentive to those who have not already joined.

Mary Russell, the little Lingles-

own girl who works for the Postal relegraph and who was one of the first to join the local Red Cross, had something to say this morning.

"People have been making a whole lot about that dollar I gave the Red Cross," she remarked. "If I had known they were going to put my picture in the paper and talk so much about that dollar I bet I would have just said 'A Friend' gave it, or 'Cash,' or something. I gave that dollar because I wanted to do something for the soldiers; and it came out of my Christmas money, and that sail."

Which, as the street boys would say, "is a mouthful!"

Text of the Order

The order as issued by the Mayor's secretary, C. O. Backenstoss, to Chief Wetzel for communication to the policemen, in behalf of the Mayor follows:

"His Honor, Mayor Keister, directs that you communicate the following orders to the members of the police department, to become effective January 1, 1918.

"He announces that on the first Tuesday of each month, at the hour of 7.30 p. m., a conference of the heads of the force will be held in the Mayor's private office for the purpose of ascertaining the needs of the department, receiving recommendations for the betterment of the service thereof and to discuss such other matters that may be of interest to the individual, as well as to the department as a whole. If there is any member of the force who has a grievance to submit, or a suggestion to offer, or if any member feels that he is being treated unfairly, he can make a statement of the facts to the Chief of Police, who in turn will submit it at the conference for discussion.

"The Mayor's of the opinion that the success of the police department can only be secured by the vigilance, faithfulness and personal worth of every one connected therewith; that policemen cannot give their best services to the city if frictions and jealousies are allowed to exist in the ranks and it is to iron out such difficulties that these conferences are being arranged.

I am well past my three-score years and want to say that I believe that my own great physical activity is due largely to-day to my personal use of Nuxated Iron, and if my endorsement shall induce annemic, nervous, run-down men and women to take Nuxated Iron, and receive the wonderful tonic benefits which I have received, I shall feel greatly gratified that I made an exception to my life-long; rule in recommending it. From my own experience with Nuxated Iron, I feel that it is such a valuable remedy that it ought to be used in every hospital and prescribed by every physician in this country."
