Opinions Given Today by the Attorney General's Department on Questions

Statements of private bankers licensed under the act of 1911 are to be advertised three times in one newspaper of general circulation in the county where business is done and two publications are not necessary unless there is a legal periodical published in the county, but where there is no newspaper of general circulation in the county, one in the nearest adjacent county is to be used, according to an opinion given to-day by Banking Commissioner Daniel F. Lefean by Deputy Attorney General Hargest. The question arose over some provisions in the act which were considered obscure as to meanings.

In an opinion to the Compensation Bureau by Deputy Attorney General Keller in the absence of any appropriation to pay compensation injured employees of the Commonwealth awards will have to be held until the General Assembly provides the case. The situation is the same as in the cases where verdicts are found against the state under suits authorized by the Legislature.

The State Bureau of Markets is informed that it would be better to have large shippers of eggs complain to Federal authorities about breakage than for the bureau to undertake it. Secretary of Agriculture Patton is given an opinion that when dogs licensed under a kennel license by provision of the new dog code are taken from the kennel they must have a general dog license procurable from the treasurer of the county where the owner resides.

Bedale Named—F. E. Bedale, of Mount Pleasant, has taken charge of the office of inspector of bituminous coal mines for the compensation insurance authorities at Johnstown, succeeding Malcolm MacDougall.

Capitol Closed—The State Capitol closed to-day for Christmas holidays and will remain closed until Wednesday, the longest holiday allowed at Christmas in a long time. No Public Service Commission sessions will be held next week.

To Fix W. P. Highway—State highway officials are taking steps that steps will be taken early in the coming year to secure reconstruction of the section of the William Penn Highway between Harrisburg and Reading, so that it can be used as a Federal postroad. A share of the million dollars remaining unrequited out of what has been paid by the National Government for aid of improvement of roads for postal service. Some early action is expected as automobile mail service is to be tried out on this highway.

Feed the Birds—Dr. Joseph Kalbus, Secretary of the State Game Commission, has sent letters to farmers and sportsmen throughout the state urging them to take steps to feed the game birds during the winter, especially since the snowfall this month has been so heavy. Dr. Kalbus says that a couple of years ago he sent out circulars with excellent results and that he hopes people will feed the birds again this year.

Prepares Reasons—Reasons for the pardons recommended by the State Board on Thursday are being drafted and will be sent to the Governor next week. It is the plan to have all of them issued by the first of the year.

Miners to Appeal—Attorneys for the United Mine Workers of the Shamokin and Mt. Carmel region are preparing to appeal to the Superior Court from the decision of the Public Service Commission in permitting an advance in fares. The miners have been holding meetings about it.

O'Neil Watches Work—Highway Commissioner O'Neil has been out watching the work of opening the highways for motor traffic in western counties.

Governor Back Again—Governor Brumbaugh has returned from Washington, where he attended the Meade Memorial Commission conference with the Fine Arts Commission.

Bulletin Issued—The August and September bulletin of the dairy and food division has been consolidated and issued. It reviews the work of the division men during the summer.

Port Gives Warning—State Fire Marshal Port to-day issued a warning to people of the state not to place lighted candles behind Red Cross service flags on Christmas eve because of the fire hazard. According to a statement by the marshal the national Red Cross authorities realizing the dangers have given notice to withdraw the recommendation.

One New Captain To-day—Major George Clements, of Easton, was to-day announced as appointed a captain in the Reserve Militia and assigned to Company A, Second Regiment, located at Easton.

Public Service—The Public Service Commission has adjourned executive session until January 7. Hearings will be resumed January 3.

"The Live Store"

"Always Reliable"

"Old Santas" Last Message

I know you are all going to get a great deal of enjoyment out of Christmas "This Year" because you've all tried so much harder than ever before to make each other happy, for I've been watching the purchases made and everybody seems to be buying such useful gifts.

In making my rounds through the stores this year I found some of them busy—others seemed so cold and motionless that I didn't linger THERE long—I can stand a great deal of cold outside because I'm used to all sorts of weather, but I get very "nervous" in a chilly atmosphere on the inside and I don't spend much time in a store where there is no enthusiasm.

Of all the stores' I visited this year there were none that appealed to ME Like "DOUTRICHS"—the warm cheerful atmosphere that radiates throughout the Store AND the courteous, willing service I received from everybody convinced me beyond doubt that Doutrichs is

"The Real Christmas Store"

"The Store Everybody Is Talking About"

We sincerely thank the thousands of loyal customers who so generously patronized this "Live Store"—we regret that we were unable to wait on the enormous crowds who came HERE to do their Christmas Buying during the past few days—However with our increased selling force we hope to be able to serve you Tonight and Monday—"Old Santa" Shops Early and Late at Doutrichs."

Neckwear an Ideal Gift

Thousands of ties gathered together for the last day's selling, this will be the greatest

"Neckwear Day"

you have ever seen anywhere and if you are anxious to "please" Him with a tie He will appreciate — Buy them at Doutrichs.
