Effect of Apples On the War JOSEPH OLDFIELD, Senior Medical officer to the Lady Margaret's Fruitarian Hospital of England, says: "It will be a grave risk to England's home stamina if her supply of apples is cut off, because during winter conditions in this climate they are superior to either lemons or oranges, and cannot be replaced by any other fruit." In apples Nature has imprisoned sugar, acids, salts, phosphorus and other elements which are absolutely essential to good health and strength. Being mildly laxative, apples rid the body of waste that ruins complexion, affects the nerves and dulls the mind. Our Famous Apples from Adams County are for sale by first-class grocers.
