Congress apportioned about \$500,-000 for entertainment buildings at the various camps but made no pro-vision for the show. The sale of "smileage books" has been institut-ed for the purpose of paying the ex-penses of the professional perform-ers. These books, by a special ar-rangement, will also be good for the moving pictures. The tickets can be detached and if the show costs five cents, one is pulled off; if twenty-five cents, five coupons are clipped. President Lumb stated that in order to keep the citizen informed, signs will be posted at all selling places telling when and where a show ap-pears. In one soldier is luckier than another in receiving a supply of "smileage books" everybody knows that chap will be generous enough to split up with a less fortunate com-rade.
