

MANY BELATED APPLICATIONS

Extra Effort Being Made to Get Auto Licenses Tags to Owners

People connected with the automobile division of the State Highway Department were confronted with a mountain of mail when they tackled their work today, hundreds of belated applications for 1918 automobile licenses having accumulated yesterday...

Registrars Brusstar said today that every effort would be bent to clear up the applications, but that the practice of waiting until the last minute was going to put a heavy strain on the force of the division. The probabilities are that the division will have to work at nights for the next week or ten days to finish up the shipments...

YOUR SICK CHILD IS CONSTIPATED! LOOK AT TONGUE

Hurry, Mother! Remove poisons from little stomach, liver, bowels. Give "California Syrup of Figs" if cross, bilious or feverish.

No matter what ails your child, a gentle, thorough laxative should always be the first treatment given. If your little one is out-of-sorts, half-sick, isn't resting, eating and acting naturally—look! Mother, see if tongue is coated. This is a sure sign that the little stomach, liver and bowels are clogged with waste...

Mount Carmel Transit Company, Edward J. Boyle, manager of the Polade hotel, Wilkes-Barre, filed a complaint against the Wilkes-Barre Company, alleging that its new rates for gas are unjust.

NEWS OF STEELTON

EFFECTS OF COLD WAVE SEEN HERE

Many Frozen Water Meters; Slowup in Plant Operations; No Coal Arrives

Freezing temperature which has been playing havoc through the east for a week has brought many hardships in Steelton. More than a hundred families are without water in their homes as the result of frozen water meters and a slowup in operations of the steel plant is evident.

Although not serious, the effect of the cold weather at the steel plant has hampered operations in several of the departments during the last several days. In explaining the situation at the plant, an official said this morning that during a cold spell of this kind there is always more or less of a slowup in operations in a few of the departments. The low steam pressure is given as the reason of the slowup.

Water Meters Freeze Officials of the borough water department reported this morning that more than 100 meters were frozen up during the cold snap. Efforts are being made to relieve the situation as soon as possible, the official said.

School sessions at the Elton school building which opened this morning after a ten-day vacation were slightly hampered on account of several bursted water pipes. Several pipes in the Home School building in Walnut street were also bursted but did not have any serious effect on the classes.

Still No Coal Residents today were becoming rather anxious about Steelton's share of coal shipments. Dealers reported today that no coal had arrived and that the stock of "egg" coal has been exhausted. It is impossible to get any wood, dealers assert. Dealers and businessmen today were unanimous in their opinions that some immediate action should be taken by the administration to relieve the situation.

FORMER RESIDENT DIES

According to word received from Columbia today, Thomas M. Jones, 91 years of age, a former resident, died yesterday morning at the home of his son-in-law, Frank Eckman, Sixth and Locust streets. His death was due to the infirmities of old age. He is survived by his daughter, Mrs. Frank Eckman, and a son, Thomas M. Jones, of Columbia; also a grandson, Thomas M. Jones, of Lancaster. Mr. Jones was a member of St. John's Lutheran Church.

FOOD COMMITTEE TO MEET NEXT WEEK

In order that H. G. Niesley, Dauphin County Farm Agent, may be present the food committee recently appointed by Donald McCormick will not meet until some time next week. Mr. Niesley is now at State College going to some of the farms in the county which are likely to confront the people here and his assistance is regarded as essential. It is expected that the farmers will co-operate heartily with the plans of the committee which hopes to produce bumper crops this year.

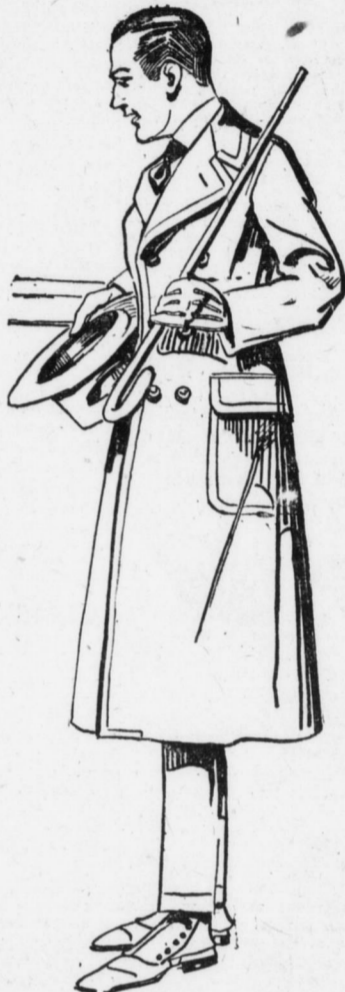

Men in Camps Thank Red Cross For Gifts

A number of letters are being received from men in the various camps thanking the Harrisburg Red Cross chapter for their Christmas boxes sent to the enlisted soldiers and sailors. Many of the letters are very interesting, and tell vivid stories of camp life. The touch of home brought by Red Cross workers in the little boxes of Christmas cheer, receives a full measure of appreciation from the men. Many of them say there were no signs of Christmas happiness for them, until the Red Cross boxes came.

"The Live Store" "Always Reliable" January Reductions--

We were greatly surprised at the response to our January reductions on the last day of 1917, in fact it was the greatest surprise we have had throughout the year—While we have learned to look for "big things" to happen at this "Live Store" we must admit that the exceptional patronage we enjoyed on this occasion was far beyond our expectations.

But "the people know" that DOUTRICH'S is the store with a "FIXED POLICY" doing business in such a way that they feel satisfied with the square-dealing, honest representation and greater values they always get HERE.—This "Live Store" has been a success because "the people" have confidence in OUR methods and believe OUR advertising. Everybody gets such lasting satisfaction HERE, that they are glad to favor Doutrichs with their loyal patronage.
