II Cross, billous or feverish

No matter what alls your child, a gentle, thorough laxative should al-ways be the first treatment given. If your little one is out-of-sorts, half-sick, isn't resting, eating and acting naturally—look, Mother' see if tongue is coated. This is a sure sign that the little stomach, liver and bowels are clogged with waste. When cross, irritable, feverish, stom-ache, diarrhoea, sore throat, full of cold, give a teaspoonful of "Califor-mia Syrup of Figs," and in a few hours all the constipated poison, un-digested food and sour bile gently moves out of the little bowels with-out griping, and you have a well, playful child again. Mothers can rest easy after giving this harmless "fruit laxative," be-cause it never fails to cleanse the lit-tle one's liver and bowels and sweet-en the stomach and they dearly love if plasate, children of all ages and for grown-ups printed on each bottle.
