Australian Cabinet Has Resigned Since Defeat of Conscription Bill

London, Jan. 8.—The Australian cabinet headed by William Morris Hughes has resigned, according to a Reuter's dispatch from Melbourne. Frank G. Tudor, labor leader, has been summoned to form a new ministry.

Since the defeat of the government's conscription bill in Australia, it has been reported that Premier Hughes probably would resign. On the defeat of the conscription bill in November, 1916, Premier Hughes tendered the resignation of the cabinet. A new cabinet, however, was formed with Hughes as premier. Last fall he again brought up a conscription bill and in the election shortly before Christmas conscription was defeated by a majority greater than in 1916. The majority against conscription was nearly 200,000. Australian soldiers giving a majority against the bill.

School Teachers Demand Increased Salary or Threaten Resignation

Gloucester, N. J., Jan. 8.—A strike of local school teachers is threatened unless a salary increase is granted. Thirty-four teachers met today and presented their ultimatum to the board of education. The reasons for the increase are that, because of the present cost of living, the additional money is an absolute necessity. They pointed out that union labor is getting \$3.50 a day while the wages of the Gloucester teachers range from \$50 to \$85 per month, and that for two months in the year they get no compensation.

BRITISH SPEECH SHOWS WEAKNESS

[Continued from First Page.] a tone in regard to us which is indeed changed, but the old imperialistic aims are wholly maintained. The British Premier helms his first declaration that he does not desire the destruction of Germany by his subsequent statement that he wishes to detach Alsace-Lorraine and give to Poland portions of Prussian territory in the east. Despite assurances to the contrary he also wishes to roll Austria-Hungary and Turkey.

The Local Anxieties: "Under a flow of phrases is apparent the old desire to smash Germany's power forever and safeguard England's power forever. The answer to this will be spoken by our armies in the west and by our U-boats."

Terms Not Acceptable: "Only a defeated Germany could think of negotiating on the terms laid down by Lloyd George. It is a new speech and a new way to terminate the war will only be open when the movement which has begun in England and other entente countries is strong enough to replace Lloyd George, Clemenceau and Baron Sonnino by men who recognize the impossible nature of such speeches and draw consequences from such recognition."

The Nachrichten of Dusseldorf says: "The main point of the speech is that the British binds Great Britain to fight to the last breath for Alsace-Lorraine. We do not believe, however, that the British people will fight to the last breath for this war aim."

There is no Alsace-Lorraine question, therefore, aim at promoting peace with us. It was intended to throw suspicion on the negotiations at Brno, which were being along to convince this enemy and make him ready for peace."

BRITISH PRESS SOLD BEHIND LLOYD GEORGE

London, Jan. 8.—If the country's opinion is probable in the present case, as judged by expressions in the London press, it may be said that never before has Premier Lloyd George been so completely isolated as he is given to his treatment of Saturday concerning Great Britain's war aims. It is recognized that there will be a divergence of opinion among the British press as to the settlement and disposition of Germany's African colonies, but in all essentials his statement is hailed as eminently satisfactory and the Premier is declared to have performed a most important service to the country. All interest now is focused on the question as to how the statement will be received in Germany, Austria-Hungary and, not the least, in Russia.

LEMCENEAU FELICITATES LLOYD GEORGE ON SPEECH

Premier Clemenceau, a dispatch from France says, has sent this message to Premier Lloyd George: "I have read with interest and admiration your speech of Saturday. It is a masterpiece of clarity and firmness. It shows that the French nation, those at the front and in the interior, for the admirable speech the truth that one must never become weary of opposing the Germans."

U. S. APPROVES BRITISH WAR AIMS

London, Jan. 8.—Premier Lloyd George, according to the Daily Mail, has received a most cordial telegram from President Wilson and the American government congratulating the premier on the speech he made Saturday expressing Great Britain's war aims.

Germany Thrown Into Political Turmoil by Annexation Problem

London, Jan. 8.—A reply from the central powers to the statement of Premier Lloyd George Saturday is awaited here with the greatest interest. It is believed Germany and her allies cannot win the war in some form and to make the reply more straightforward and definite than any previous statement of their aims.

But if the German papers correctly mirror the situation there, the test which the Bolsheviki have made of the spirit of the counter-attack given even to such views as those advanced by men of the type of Dr. Von Kuehmann and Count Czernin, the German and Austrian foreign ministers.

Routine business was transacted and at the next meeting an ordinance will be introduced permitting the raising of the rate in the borough during the continuance of the war.

"INTOLERANCE," WONDERFUL SPECTACLE, COMING TO COLONIAL TOMORROW AT BARGAIN PRICES

D. W. Griffith's colossal spectacle, "Intolerance," is going to be presented at the Colonial Theater, Wednesday, Thursday and Friday, in precisely the same lavish manner that it was given at the Orpheum last winter. If you would be stirred and thrilled by dashing, love-making suspenseful adventures; if you would visit Babylon as it was in the prodigious reign of Belshazzar, with thousands of beauties dancing before the sacred fires of Ishtar; if you would see this magnificent city, with its famous walls 300 feet high in the throes of war; if you would see the execution of the ten thousand; if you would see Paris in the sixteenth century, the gay court of Charles IX and the massacre of St. Bartholomew; if you would see the life in the days of the Nazarene; and finally, the struggle of two young lovers to escape from the underworld, mad and splendid is the talk of three continents.
