Send Out Applications—City Food Inspectors William V. Hughes and John H. Park, are sending out license applications to all restaurant proprietors and dealers in milk, ice cream, meat and other food products. The license fee must be paid at the city treasurer's office.

Lackawanna Trail Offered to State

The State of Pennsylvania was today offered the abandoned right of way of the Delaware, Lackawanna and Western railroad from Clark's Summit to Millford as a substitute for the state highway from Scranton to Binghamton for thirty-three miles and if arrangements can be made whereby the state can improve it gradually it will be taken over.

The proffer was made to Governor Brumbaugh and Highway Commissioner O'Neil today by a committee from Lackawanna and Luzerne counties, Mr. O'Neil having previously visited the section. H. W. Morgan, of Scranton, presented the delegation which included Senators W. M. Lynch and E. E. Jones, Chairman Adams, of the Public Service Commission, whose home is in Susquehanna county; H. C. Hubler, president of the Scranton Chamber of Commerce; D. V. Reese, counsel for the Lackawanna and W. Zeiner, of the Wilkes-Barre Motor Club. The state officials pointed out that it was too big a project to take up immediately and would require an expenditure of a million and a half dollars to improve, but that it could be undertaken in from three to five years. It was suggested that legal restrictions which would require immediate improvement should be removed, which the men behind the move will consider.

The Secretary O'Neil said that the road would have very slight grades and connect with important roads improved or to be improved leading to New York and New Jersey, the road would connect Harrisburg and Philadelphia.

"It is all a question of money and we have not the sum required available right away," said he. The wealth to-day issued a charter for the newly consolidated borough of Berwick and West Berwick under the name of the former.

City Council meetings scheduled for to-day had to be postponed because of illness of State Treasurer Kephart who is confined to his home at Conowingo.

Complaint against the car service of the Reading Transit and Light Company in vicinity of Phoenixville was filed with the Public Service Commission to-day by E. V. Heilmann, of Phoenixville. The complaint of the city of Reading against its increase of fares, asserting that they were reasonable.

Complaints against increases of rates by the Coudersport and Port Allegany railroad were filed at the Public Service Commission to-day by chemical and lumber companies. W. C. Thompson, of Wilkes-Barre, was assessor of the probatory of Brumbaugh plans for utilization of waste mine gases in the anthracite region, came here to-day with a report on the proposition of organizing the hard coal district municipalities. He said that the governor would have to make it public.

Congressman S. D. Fess, Ohio, will be one of the speakers at the State Society's patriotic meeting in the Capitol Saturday when Ex-President Taft will speak.

Theodore C. Kennas was to-day appointed justice of the peace for Butler township, Butler county.

Capitol Hill Notes

Perry Roads Asked—Both of Perry county's narrow gauge railroads have been called upon by the Public Service Commission to answer complaints filed that they have exceeded authority in raising rates. Except for the Pennsylvania railroad, which traverses the eastern end of the county there are no other railroads in Perry. Recently one of the railroads threatened to stop running.

STUDY HIGH COST OF LIVING

Labor, Production and Transportation Discussed at Conference

The labor, transportation, production and commercial interests of the entire state are represented at the gathering of representative members of the organizations of these interests in the city to-day and to-morrow. The conference, called by the Pennsylvania State Grange and the Pennsylvania Federation of Labor, is the result of the efforts of these representative bodies to devise a means of lowering the cost of living by the cooperation of all the forces necessary to place the produce of the farmer before the consumer. The movement was begun several months ago, by the grange and labor organizations, and the conference in the city to-day and to-morrow is an effort to inaugurate the producers, marketers, transporters, and receivers all over the state in a movement to lower the costs of living by a careful cooperation of every one concerned. The Brotherhoods of Railroad Trainmen, the Brotherhood of Locomotive Engineers, the Pennsylvania State Grange, the Pennsylvania Federation of Labor, the Pennsylvania Federation of Commerce, the Pennsylvania Federation of Manufacturers, the United Mine Workers of Pennsylvania, the Road and Railway Employees' Union, the State Brick Layers' Association, and the Central Labor Union, are some of the organizations that have sent representatives to the meeting.

Mr. Palmer, acting commissioner of labor and industry, is scheduled to speak this afternoon. Mr. Palmer was to speak at the first meeting scheduled to convene at 9 o'clock this afternoon, owing to the absence of a number of the representatives through the late train service. While Mr. Palmer was the only man scheduled for an address this afternoon, the purpose of the meeting is for a hearing of any ideas that the representatives present can give for a furtherance of the project. The thought is to devise any ways or means by which the sources of labor, producer, carrier, and consumer can devise for the furtherance of the cooperation of the entire body of citizens. The purpose of the conference is to lower the cost of living by bringing into closer communication the elements that have heretofore been separated, producing, manufacturing and consuming of commodities. Gifford Pinchot will address the session to-morrow, which will convene at 9 o'clock. Those present at that time will offer any suggestions they have for the furtherance of the purpose of the conference. The meetings are open to everybody.

PLAN EXTRA DRIVERS The four additional drivers for the city Fire Department so that each of the regular drivers will be given a day off each week, will be named soon. Commissioner Gross said to-day. It is planned also to open the school for all the present drivers and all applicants for appointment, so that each one can qualify. Commissioner Gross announced that it is his intention to regulate the running of the apparatus to and from fires to prevent racing and reckless or careless driving.

Bids for coal, gasoline and oil for the fire department will be opened by Mr. Gross next Monday.

DIRECTORS ELECTED The annual meeting of the East Harrisburg Cemetery Company was held to-day for the purpose of electing six directors for the next year. They are: Clinton M. Hersey, S. E. Miller, J. Hargest, E. H. Frazier, D. H. Swope and E. H. Harty. After the election the new directors chose for president, S. S. Miller, and for secretary and treasurer, J. A. Miller.

Argument Followed Closely All Over the State Argument in the Supreme Court yesterday in the appeal of Auditor mandamus Snyder in the appointments case attracted close attention all over the state. Hampton L. Carson, former Attorney General, appearing for Mr. Snyder, contended that the Governor made the vacancies which he filled by the men rejected by the Senate and that distinctions were being drawn too finely by the Executive. Attorney General Brown, who answered for the Governor's appointment, held that the Governor was entirely within his powers.

PUBLIC SCHOOLS OF VENICE WILL REOPEN SHORTLY

Citizens Confident That Defenses Are Sufficient to Insure Protection

Venice, Monday, Jan. 7. — The public schools, which were ordered closed when Venice was threatened and the city evacuated, have been ordered to reopen on January 15. This is an indication of the re-establishment of partly normal conditions, as the school board in making the order declared its confidence that the defenses were sufficient to insure the protection of Venice from invasion.

The first air raid alarm in weeks was sounded Sunday afternoon when Austrian airplanes appeared over San Marco in broad daylight. Sirens and anti-aircraft guns announced the approach and Italian aviators ascended to give battle. But the enemy threw no bombs and scurried westward when they saw that the defensive preparations were complete.

Honor was paid to the United States and the American Red Cross to-day at a charity school for orphan children of Italian soldiers. The children sang American songs and waved American flags. Their sufferings have been greatly alleviated through the activities of Harvey H. Carroll, Jr., the American consul and his wife.

Consul Carroll to-day visited the Asiago plateau as the guest of the Italian general staff. He carries a large supply of knitted hoods for the soldiers in the trenches. Venice is experiencing an unusual cold snap. The canals are frozen for the first time in years and the gondolas find it difficult in forcing a way through the ice. A light snow fell to-day.
