For years I suffered that way until I took the advice of a friend and started taking Tanlac. Now I am feeling so well that I can hardly believe it. My stomach is in fine shape and so are my kidneys. Millions of bottles of this old famous Sage Tea Recipe, improved by the addition of other ingredients, are sold annually, says a well-known druggist here, because it darkens the hair so naturally and evenly that no one can tell it has been applied.

German Emperor Champion of Humanity, He Tells a Delegation of Poles

Amsterdam, Jan. 8.—Referring to himself as having been throughout his reign the champion of the principles making for the welfare of humanity and peaceable co-operation, Kaiser Wilhelm assured the delegates of the Polish Regency Council, which he received yesterday, a Berlin dispatch says, in reply to the address presented by the delegates, who expressed gratitude for the restoration of the independent Polish Kingdom, the Emperor said:

It is a source of joy to me to be able to greet you, as the appointed representatives of the Polish state, in my capital, rather than in any other city, with lively satisfaction that you see in the acts carried out by my allies and myself fulfillment of the long-cherished desire of the Polish people for re-establishment of the independent Polish Kingdom, and that you believe you will be best serving your fatherland if in common with the German Empire and Austro-Hungarian monarchy, you pursue the aims which guarantee the welfare of humanity and peaceful co-operation of peoples. As against the calamities of the enemy, I feel grateful that my unremitting efforts in my reign of nearly thirty years to be the champion and protector of these principles will meet with deep sympathy on your part.

How To Get Rid Of Indigestion

"Most people who suffer from indigestion, flatulency, dyspepsia, etc.—even those who have been afflicted for years and who have tried doctors, hospitals and patent medicines, get relief without permanent benefit—can get instant relief and insure permanent digestion by taking one teaspoonful of ordinary Bi-Nesia in a little hot water immediately after eating. The authority for the above statement is the fact that Bi-Nesia is a medicine which has spent years in European countries investigating the results among druggists here as Bi-Nesia claims to neutralize stomach acid and stop food fermentation, thus giving nature a chance to proceed with its work without hindrance. It is also a remedy in many instances of its successful use not only by doctors and hospitals, but also of its effective remedy which is French, English and Italian soldiers at the front; and expressed the belief that every American soldier should carry a bottle of Bi-Nesia in either powder or tablet form as a guarantee against those stomach complaints which so frequently follow hasty eating or the use of imperfectly cooked food. Care should be taken to insist on getting the genuine Bi-Nesia, which owing to its marvelous properties is now sold by druggists everywhere under a binding guarantee of satisfaction or money back.

IMPORTANT—The Bi-Nesia mentioned above is a harmless but wonderfully effective remedy which you can make at home or any druggist can prepare for you by mixing 1 1/2 John Croll, Jr., a student at the Gettysburg Law School, was sent to Plattsburg, to a training camp.
