SON SWINGS HOUSE IN LINE FOR SUFFRAGE

Tells Delegation of Leaders He Favors Anthony Amendment

Washington, Jan. 10 .- President Wilson late yesterday told a delega-tion of House leaders that he favored enactment of the Susan B. Anthony federal suffrage amendment and would make clear his position in a statement.

After a forty-minute conference with the President the Congressme issued this statement:

with the President the Congressmen issued this statement:

"The committee found that the President had not felt at liberty to volunteer his advice to members of Congress in this important matter, but when we sought his advice he very frankly and earnestly advised us to vote on the amendment as an act of right and justice to the women of the country and of the world."

The House votes to-morrow on the suffrage amendment resolution, and suffrage advocates, already consident, declared the attitude of the President made passage of the resolution by the necessary two-thirds vote certain. Heretofore the President has insisted that suffrage was a question for the individual states to determine.

Woman suffrage forces won another preliminary victory in the House when the Rules Committee decided that the new suffrage committee should have charge of the woman suffrage constitutional amendment resolution when it comes up for vote. The amendment as reported by the Suffrage Committee makes no limitation on the time in which the states must act on the resolution.

Speaker Clark announced he would

makes no limitation on the time in which the states must act on the resolution.

Speaker Clark announced he would not vote from the chair unless there was a tie, in which case he would vote for the amendment. He said he expected the vote to come between 5 and 6 o'clock. The Speaker reserved his bench in the gallery for officers of the National American Woman Suffrage Association. These guests included Dr. Anna Howard Shaw, Mrs. Carrie Chapman Catt, Mrs. Helen H. Gardiner, Mrs. Maud Wood Park and Miss Rose Young.

Scattered through the crowded galleries were suffragists of both factions from all parts of the country and many members of the antisuffrage ranks. Leaders of the Woman's party were there in force, halling the occasion as a victory for the White House pickets.

The session of the House was opened with prayer by William Sunday, the evangelist, who invoked divine mercy upon the President, the cabinet, the allies and American soldiers.

A million is the approximate number of posterettes that will be attached to express packages and mail matter outgoing from Harrisburg during the posterette campaign just begun by the Harrisburg Telegraph.

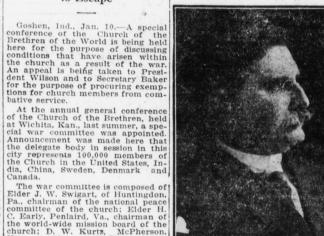

Each one of these attractive and exquisitely designed poster stamps deplets a leading industry or place of interest in the capital city and who so able or wise as to hazard a guess of the far-reaching possibilities of a civic movement of this nature, designed to assist in the development of Harrisburg and vicinity.

The only city or town not concerned in a forward movement now, admittedly, is not alive to its present and future best interests.

Harrisburg is a beautiful, comfortable, healthy city, each and every inhabitant ought to and, without doubt, will take advantage of

Commissioner Gross to-day sent out statements to each fire company in the city announcing that the fire department will pay one-half toward each of the delinquent bills which have not been settled. According to Commissioner Gross some of the companies would not furnish financial state of the delinquent bills other companies could be reimbursed for payment of debts with private funds. Because of this, he said, the city department will meet the companies half way, paying an equal share on each bill which is outstanding.

WITH NEURALGIA

Use Soothing Musterole

When those sharp pains go shooting through your head, when your skull seems as if it would split, just rub a little Musterole on your temples and neck. It draws out the inflammation, soothes away the pain, usually giving quick relief. Musterole is a clean, white ointment, made with oil of mustard. Better than a mustard plaster and does not blister. Many doctors and nurses frankly recommend Musterole for sore throat, bronchitis, croup, stiff neck, asthma, neuralgia, congestion, pleurisy, rheumatism, lumbago, pains and aches of the back or joints, sprains, sore muscles, bruises, chilblains, frosted feet—colds of the chest (it often prevents pneumonia). It is always dependable.

recommendations in the Pittsburgh traction situation growing out of the studies made by its engineering staff under direction of F. Herbert Snow, chief engineer. The orders call for extension of service, changes in routing, loops and the like and the recommendations are for consolidation of trolley freight stations, larger safety zones, extension of traffic regulations and rigorous enforcement.

To Speak To-night.—Chairman Alney, of the Public Service Commission, who is sitting in Public Service cases at Pittsburgh to-day,

Burgess T. T. McEntee, through the Chief of Police Grove requested Steelton residents to place fine ashes on all pavements where it is impossible to remove the ice to protect pedestrians from falling.

The hills of Steelton are very hard to climb when the pavements are not covered with ice and with a smooth coat of ice on them it is impossible to reach your destination in some sections of the town.

Many residents have taken the responsibility on themselves to place ashes on their pavements without the request of the police chief. Numerous requests have been sent to the chief of police by residents to allow them to place ashes on the ice until it can be removed.
