and Bring Down Prices

That the price of nine to nine-andone-half cents a pound for loose
granulated sugar will prevail during
the year 1918 is the assurance given
to-day by wholesale firms in Harrisburg. Their conviction is based on
the order of the United States Goernment, which is peremptors, loose
ably until thirty or sixty days from
now. This declaration is looked upon
by wholesalers as a direct slap, at
housewives and others who have
been buying sugar at ten cents a
pound and hoarding it.

"Do not hoard sugar" is the urgent
demand from all persons dealing in
the necessity, all persons who have
the good of the country at heaus.

It is useless to hoard sugar, say
the wholesalers, because instead of
paying ten cents a pound for it the
price is now bound to come down. The
fact of the matter is pound for it the
price is now bound to come down. The
fact of the matter the price of sugar, for about 20 per Sent, more has
been distributed this year than in
1916, for the period of three months.
Sugar is now coming from Cuba in
great quantities. "Cuban canes" is the
grocers' term for this commodity. The
United States Government dictates to
the refiner what he shall pay for this
and what he shall charge. The retailer is allowed a reasonable profit,
and he will be able to keep that profit
within sixty days by selling his
sugar at nine or nine-and-a-half
cents per pound.

Four Lives Lost in

Ottawa Hospital Fire
Ottawa, Jan. 10.—Four children lost their lives in a fire which to-day destroyed the east wing of the Catholic General Hospital, in Water street, with a property damage amounting to \$100,000. The victims were patients. One woman died from shock after being carried out. Employes of the government printing offices aided firemen and nurses in making many daring rescues in the removal of nearly 200 persons from the hospital.
