To Ask Stockholders For Authority to Borrow Money as Needed

**BLANKET POWER** 

That the Pennsylvania Rajiroad management proposes to be prepared to raise money when permitted under the new plan of government control, is indicated by the announcement in the regular notice of the annual meeting to be held on March 12, at Philadelphia, at that time it is said there will be submitted "for consideration and action by the stockholders and increase of the indebtedness of the company to be made when and as prescribed by the directors."

In the past, when conditions were normal, the company required around \$25,000,000 each year to pay for new equipment, construction and betterments, which is about half the

Average Expenditure

Before the Interstate Commerce Commission last November President Rea stated that the average expenditure for road and equipment of the entire Pennsylvania system for the past 17 years was \$53,000,000, and that very much more would be needed this year if the system were to adequately perform its functions. He also stated that there still was left \$26,000,000 of the proceeds of bonds sold last spring.

It also is set forth in the annual meeting notice that there will be submitted for action of the stockholders agreements for the acquisition by the company of the franchises, corporate property, rights and credits of the Cornwall & Lebanon Railroad Company, subsidiaries of the Pennsylvania Railroad. Such acquisition is in furtherance of the policy of consolidating the various parts of the Pennsylvania system and simplifying the corporate creanization.

New Requisitions

The Cornwall & Lebanon runs from Conewago, on the main line of the Pennsylvania, to Lebanon, and with its branches has a total length of 26.44 miles. It has outstanding \$800,000 capital stock, all of which is owned by the Pennsylvania.

The Susquehanna, Bloomsburg & Berwick runs from Watsontown, on the Williamsport division of the Pennsylvania, to Berwick, and with its branches has a total length of 41.83 miles. It has a capital stock of \$1,000,000, all owned by the Pennsylvania. The necessity for the separate corporate existence of these two companies has ceased.

### Elated at Capture of German Dye Secrets

London, Jan. 11. — The Daily Mail's announcement that a group of men in the British textile trade has succeeded in obtaining in Switzerland the secret recipes of the German dye industry has created great satisfaction in industrial circles.

The merchants who have captured the recipes, The Daily Mail says, do not intend to form a monepoly in this country. They refused tempting offers from capitalists. It is their intention to offer the recipes to the British Government for use in already established works. Their sole desire is to secure for the whole of the textile industry of England a full and cheap supply of fast dyes.
