

SCHOOLS WILL NOT BE ERECTED

General Disposition to Hold Back in Construction Until Prices Are Normal Again

State education authorities, who have supervisory powers over the plans for new schools in Pennsylvania, say that there has been a marked decline in the number of buildings planned because of the high prices of materials. The policy of the state officials is not to encourage building except where absolutely necessary because of the heavy cost.

Under the law plans for buildings are filed with the State Board of Education, whose expert examines them and makes suggestions. In a number of instances school officials have come here to ask advice regarding construction and have decided after studying data on prices to hold back their projects. Some of the reports show jumps of thirty to sixty per cent in materials.

The policy of the state in regard to highway construction will be to build where essential and where localities co-operate, but the greatest attention will be given to maintenance which is provided out of the automobile license fund.

Charters granted—These state charters have been granted: Louvain Building and Loan Association, Philadelphia, capital, \$1,000,000; treasurer, J. J. Fralinger. Flinton Coal Co., Altoona, capital \$50,000, L. M. Ryan. The Barber Motor Drives

Can't Find Dandruff Every bit of dandruff disappears after one or two applications of Danderine rubbed well into the scalp with the finger tips. Get a small bottle of Danderine at any drug store for a few cents and save your hair. After several applications you can't find a particle of dandruff or any itching hair, and the scalp will never itch.—Adv.

HOW TO GET RELIEF FROM CATARRH If you have catarrh, catarrhal deafness, or head noises go to your druggist and get 1 oz. of Farmitin (double strength), take this home add to it 1/2 pint of hot water and 4 oz. of granulated sugar. Take 1 tablespoonful 4 times a day.

This will often bring quick relief from the distressing head noises. Clogged nostrils should be open, breathing become easy and the mucous stop dropping into the throat. It is easy to make, tastes pleasant and costs little. Every one who has catarrh should give this treatment a trial. You will probably find it is just what you need.

LOOK FOR WOMAN Police are looking for Mrs. Florence Cooper, colored, who is thought to be in this city. The brother of the woman, whose name was James, is reported by Mrs. Lattie Jordan of Elkins, West Virginia, to be dead. The address of the dead man was 108 John Street, Elkins, West Virginia.

DAIRYMEN TO MEET Dairymen of Dauphin and Cumberland counties will hold a meeting in Franklin Hall Annex, Mechanicsburg, Thursday evening, at 7:45.

NEWS OF STEELTON

BOROUGH FEELS BIG SNOW STORM

Steel Plant and Business in Town Slows Up Considerably, Due to Weather

Operation of the steel plant and borough business was hit to some extent this morning on account of the heavy snow storm. Although hampered somewhat, steel company officials said that it was not necessary to shut down any departments.

A steel company official said this morning that every available man employed at the plant was being used in the cleaning up program. The street was cleaned up as well as the plant buildings, which was a big help in keeping the plant departments running, he said.

Trucks of the company's railroad road and the highboys and Steelton Railroad Company were snowed under but after several hours' work trains were being moved over them. The official said that unless there is more snow they will be running under normal conditions by this evening.

Postmaster M. M. Cusack, said that collection and deliveries of mails were slightly hampered by the storm. 'No deliveries to Enhart and Oberlin were made before afternoon. The official said that two deliveries will be made instead of three and three collections instead of four.

Prof. L. E. McGinnis, supervisor of borough schools said that many of the students in the smaller grades were out of school on account of the snow, but sessions in the higher grades were running normal.

Expected shipments of coke will ease situation. Expected shipments of coke will ease up the coal situation in the borough, Mr. Abercrombie, manager of the Steelton Steel Company, said this morning. Two cars are expected by this morning which will be sold with two cars of coal. The coal and coke will be mixed, making 108 tons. This amount will be sold in half ton lots, supplying 216 orders.

At the office of Deweller Brothers it was announced this morning that a carload of coal received yesterday was delivered in a short time. Dealers reported that no coal has arrived to-day. With the moderation in the temperature the situation was relieved somewhat to-day.

Residents Now Helping Each Other to Keep Warm In many sections of the borough residents this morning were lending coal to those who are entirely out in order that they can keep warm. Teams were engaged by several residents to transfer the coal from where there is plenty, to homes where the supply has been exhausted. E. C. Henderson said this morning that many of the residents have opened their hearts and have been lending fuel to the neighbors.

Ordained in 1896 The Rev. Father Thompson was ordained in the Cathedral at Harrisburg on January 15, 1896, by the late Bishop Mc Govern. The rector is chancellor of the Rt. Rev. Bishop McDevitt and has a very high standing among the priests of the Harrisburg Diocese. He was appointed rector of the local church by the Rev. Bishop Shanahan, June 9, 1913.

He not only has advanced the St. James Church, but has taken an active part in the welfare of the borough. He has many friends among the residents of the town and is admired for his aggressive spirit in church work and in activities of Steelton.

Snow Holds Up Collection of Garbage in Borough According to E. C. Henderson, chairman of the Highway Committee of Council, the snow and ash collection in the borough will be at a standstill until the streets are opened up. The truck and force of men, which was cleared from Front street of the snow in the business section of the town Mr. Henderson said. The scarcity of labor will greatly hamper the snow clearing plan, the official said but it will be removed as clean as possible. Residents are requested to put up with a little inconvenience on account of the irregular garbage collections until the weather becomes more favorable.

Steelworker Crushed to Death Under Bridge Crane John Klein, aged 28, whose home is in Anderson township, died yesterday afternoon shortly after five o'clock in a collision with a crane in the open hearth department of the steel plant. After the accident he was taken to the emergency hospital of the steel plant where he died. His right arm was severed at the elbow, his body leg fractured and his head and body badly bruised. The workman was operating one of the cranes, which crashed together over the heads of the workmen.

STEELTON NATIONAL ELECTS. At a meeting of the board of directors of the Steelton National Bank this morning the following officers were re-elected: President, R. M. Rutherford; W. E. Abercrombie, vice-president; H. W. Stubbs, cashier; H. C. Dell, assistant cashier.

HOT TEA BREAKS A COLD—TRY THIS Get a small package of Hamburg Brest Tea, at any pharmacy. Take a tablespoonful of this Hamburg tea, put a cup of boiling water in it, pour through a sieve and drink a teacup full at a time. It is the most effective way to break a cold and cure grip, as it opens the pores, relieving congestion. Also loosens the bowels, thus breaking a cold at once. It is inexpensive and entirely vegetable, therefore harmless.

ROOFLESS PLATE Does not interfere with taste or speech. Plates repaired while you wait. Come in the morning, have your teeth made the same day. MACK'S DENTAL OFFICES 510 MARKET STREET

Willard and Baruch Favor Single Head For War Buying Board Washington, Jan. 15.—Daniel Willard, chairman of the War Industries Board, and Bernard M. Baruch, head of the board's raw material division, yesterday told the Senate Committee on Military Affairs that they approved of the committee's plan for the concentration of the control of purchases of war supplies for the government under a single responsible head. While not prepared to give unqualified endorsement to the Chamberlain bill, now pending in the committee, under which a special department of munitions, with its head

perhaps you can get a good-looking suit ready made, but there's a sameness to it—a lack of the individual cut and touch found in the tailor-made. A Tailor-Made suit is not a luxury—it's a business asset—a visible sign of prosperity. For 20 years we have been buying domestic and imported fabrics and tailoring them for the men of Harrisburg. We would like to have you examine our present selection.

Lieut. Walter Spormann, of U-53, Is Seized and Held as Spy Norfolk, Va., Jan. 15.—Believed to be the most dangerous German spy in America, Walter Spormann, was taken to Washington last night to be confronted with evidence secured against him by United States secret service agents. Spormann was arrested near the government aviation field at Hampton, Va., by an agent of the naval intelligence bureau, who had been on his trail for two weeks. He is believed to have been in Germany from the Federal Government U-53, which touched at Newport, R. I., in 1916, and later sank several merchant ships off New York and Spain. The prisoner is accused of having attempted to blow up the government magazine at the aviation base at West Creek, Va., by firing on by guards but was not hit.

Baltimore, Jan. 15.—Two large boxes filled with documents belonging to Lieutenant Walter Spormann, an alleged German spy arrested at Norfolk, and understood to be on his way to Baltimore for a hearing in the Federal Court, were seized by the police in a house in West Fayette street. The papers were found in the room of Martucchio Asch, 21 years old, a German alien, Asch was arrested, a German alien, Asch was arrested, a brother of Walter Spormann, was taken into custody last night.

THE REV. J. C. THOMPSON

Special services marking the twenty-second anniversary of the ordination to the priesthood of the Rev. J. C. Thompson were held this morning. The Rev. Father Thompson has been rector of St. James' Church, Front and Conestoga streets, since 1913.

Students in the lower grades of the St. James parochial school completely surprised the rector at 7:30 o'clock this morning by singing holy mass in the church. Following this service Father Thompson was invited into the school where a program was presented by the children in his honor. The rector was presented with a large bouquet of flowers and a gift of gold.

The program follows: Greetings to our pastor, pupils; address to the Rev. Father Thompson, Joseph Mannix; recitation, "Grandma's Angel"; Gertrude Weiger; dialog, lit., A. H. Luckenbill; "My New Doll"; Dorothy Faust; instrumental duet, James O'Donnell, Gilbert Weiger; recitation, "What Is Ice"; Marie Daniel; recitation, "Little Boy Blue"; James Faust; hymn, "Holy God."

Ordained in 1896 The Rev. Father Thompson was ordained in the Cathedral at Harrisburg on January 15, 1896, by the late Bishop Mc Govern. The rector is chancellor of the Rt. Rev. Bishop McDevitt and has a very high standing among the priests of the Harrisburg Diocese. He was appointed rector of the local church by the Rev. Bishop Shanahan, June 9, 1913.

NEW YORK CONGRESSMAN TO SPEAK AT Y. M. C. A.

Congressman Walter M. Chandler, of New York, will be the speaker in the men's mass meeting in Fahnstock Hall, next Sunday afternoon at 3:30 o'clock. He will speak on "The Trial of Jesus From a Lawyer's Standpoint." Congressman Chandler is a well-known lecturer and orator. He will also deliver a lecture in Fahnstock Hall Monday night on "How the War Came to America."

DISSOLVE AND NEUTRALIZE THOSE RHEUMATIC AND URIC ACIDS— THEN WASH THEM OUT

Says sufferers must drink very strongly alkaline hot mineral water to get rid of their misery quickly and stay rid of it. Tells how to prepare this mineral water at home with ingredients which any druggist can supply at slight cost.

The alkaline water is soon absorbed into the blood and thoroughly flushes the kidneys when being filtered out and expelled. With it will go the acids and poisons it has absorbed while in the blood. This is how the waters of expensive spas banish rheumatism, etc., but no one need trouble to visit them now.

Chemical analysis and the microscope both prove beyond any possibility of doubt that rheumatism, gout, the sciatica, etc., are due to uric acid and other impurities in blood and tissues. When the blood is rid of the impurities the sufferer is rid of the rheumatism. If you are a doctor, the difficulty may easily be overcome, however, by obtaining the mineral ingredients in dry powder form, dissolving these in plain hot water, and drinking immediately. Any druggist can supply these in plain hot water, and drinking immediately. Any druggist can supply these in plain hot water, and drinking immediately. Any druggist can supply these in plain hot water, and drinking immediately.

Typical specimens of uric acid crystals, and ready for immediate use in the treatment of rheumatism and gout. These specimens are of the purest quality and are of the same nature as those found in the blood of sufferers from these ailments. By drinking this pleasant and very strongly alkaline medicinal water at home the heavy expense and great loss of time required to visit the natural springs can easily be avoided. Rheumatic and uric acid sufferers can easily provide themselves with a simple step from their own homes. Simply drink before breakfast every morning, a week or two, a glass of hot water in which you have dissolved a level teaspoonful of the refined alkali sal-trates compound. Afterward you will not be likely to have much pain or difficulty in uric acid sufferers who continue to suffer after you have told them about this. Among local druggists who have been found on inquiry to carry the alkali sal-trates compound in stock are Kelle's Drug Store, G. A. Gorkas, Kennedy's Medicine Company and H. C. Kennedy. So it will prove a simple matter for anyone to try this remarkably effective method of home treatment.

HYPOPERIN FOR BETTER NERVES Better nerves—better health. For the run-down, tired, weak and worn. HYPOPERIN Tablets furnish the nerve food that Nature has denied you. A single day's treatment often produces remarkable results—\$1.00 per package, 6 packages for \$5.00 from your Druggist, or direct from us if we cannot supply you. Sold only on the condition that we refund your money if you are not pleased with HYPOPERIN results. The Southeast Remedial Company, Inc., Masonic Temple, Cincinnati, Ohio.

Apples Aid Good Health NATURE has imprisoned certain elements in apples that are not found in abundance in other fruit. Sugar, acids, salts, phosphorus, etc., which are absolutely essential to good health are obtained through eating this "King of Fruit." Apples aid digestion, stimulate the appetite, tone up the entire system. Apples are given the armies as a regular article of diet. From skin to core Our Famous Apples are without a flaw or blemish. For sale by first class grocers.
