

FUEL HEAD DOES NOT ENDORSE A MONDAY HOLIDAY

Shut Factories to Heat Homes, Garfield Plan; Drastic Orders Contemplated

Washington, Jan. 16.—The coal situation in the East rapidly approached yesterday the crisis forecast last week by Fuel Administrator Garfield. The actual shortage in coal, making restrictive measures necessary, has been heightened by the worst weather in many years, and all theories looking good on paper were discarded in the practical application of measures deemed imperative to prevent suffering. No effort was made to minimize the gravity of the situation. Dr. Garfield gave his entire day yesterday to the immediate problem ahead, and he will be prepared today to announce the scope of curtailment on industries during the emergency. Even vital war industries will be denied coal until domestic consumers and the transatlantic ships, which are being supplied, are satisfied. His whole effort was to be directed against alleviating the suffering which appears imminent. The fuel administrator called on the Council of National Defense, the War Industries Board and executive departments for all information which will enable him to base the decision to be announced to-day. Monday Holidays Disapproved. The plan announced in New York yesterday of having all industry stop on Monday during the emergency has not received the approval of Dr. Garfield and he is understood to hold the view that such a step would not go far ahead. Actual shutting down of industries whose output could be stopped for a limited time offers to him, it was said, the only way to adequate relief. That the fuel administrator has been forced to consider such drastic action, much against his previous inclinations, is held to be due to the

Dyspepsia Spoils Beauty

Makes the Dark Rings Around Eyes, Causes in the Cheeks and Ruins the Complexion. How to Get Rid of Dyspepsia

Take My Advice and Use Stuart's Dyspepsia Tablets if You Want a Pretty Skin. Digestive Tablets cure the complexion. The sour, fermented, gassy contents poison the blood, draw the corners of the mouth, rob you of sleep, give the face that hungry, haggard, mournful expression in the morning and you are not what you eat but the fault of digestion that hurts. Eat anything you like and let Stuart's Dyspepsia Tablets digest your food, tone your stomach, supply your blood with nourishment, then good looks, health, appearance and bright eyes will soon return. Get a 50 cent box of Stuart's Dyspepsia Tablets at any drug store. They are real health makers.

THIS WEEK, NERVOUS WOMAN TOOK VINOL

It Made Her Strong and Well

Barneveld, Wis.—"I was in a weak, nervous, run-down, anemic condition, so that my housework was a burden. Vinol was recommended, and it made me well and strong. It is certainly the best tonic and strength creator I have ever taken."—Mrs. John Lewis.

Vinol is a cod liver and iron constitutional remedy for weak, nervous, run-down conditions of men, women and children. Your money will be returned if it does not help you. Geo. A. Gargas, Druggist: Kennedy's Medicine Store, 321 Market St.; C. F. Kramer, Third and Broad Sts.; Kitzmiller's Pharmacy, 1325 Derry St., Harrisburg, and at the best drug store in every town and city in the country.—Adv.

TURN HAIR DARK WITH SAGE TEA

If Mixed with Sulphur It Darkens So Naturally Nobody Can Tell

The old-time mixture of Sage Tea and Sulphur for darkening gray, streaked and faded hair is grandmother's recipe, and folks are again using it to keep their hair a good, even color, which is quite sensible, as we are living in an age when a youthful appearance is of the greatest advantage. Nowdays, though, we don't have the troublesome task of gathering the sage and the mussy mixing at home. All drug stores sell the ready-to-use product, improved by the addition of other ingredients, called "Wyeth's Sage and Sulphur Compound." It is very popular because nobody can discover it has been applied. Simply moisten your comb or a soft brush with it and draw this through your hair, taking one small strand at a time; by morning the gray hair disappears but what delights the ladies with Wyeth's Sage and Sulphur Compound, is that, besides beautifully darkening the hair after a few applications, it also produces that soft lustre and appearance of abundance which is so attractive. This ready-to-use preparation is a delightful toilet requisite for those who desire a more youthful appearance. It is not intended for the cure, mitigation or prevention of disease.

SEVERE WEATHER. Reports from West Virginia and other coal fields told of long coal trains frozen to the tracks, and messages from cities, especially around New York, said coal was frozen in the cars. It was frankly said that all the priority orders that could be given are futile in such circumstances, and that the only measure left is to distribute such coal as is available to householders.

LANSING GIVES PROOFS IN CAILLAUX CASE

(Continued from First Page.)

lice, showing that former Premier Caillaux, of France, was in communication with German agents in Argentina in 1915.

The first Bernstorff dispatch contained very damaging references to Caillaux's activities in Argentina. The French government and warned against German newspapers praising him. Another gave notice of the ship on which Caillaux was sailing from Argentina and planned its capture by submarines. The capture of the ship was sought because her captain carried important papers. The German government was asked to treat Caillaux with every courtesy and consideration if the ship was taken.

Bernstorff's Message

Following is the text of the message sent by Bernstorff:

"Buenos Aires telegraphed the following: Caillaux has left Buenos Aires after a short stay and is going direct to France evidently on account of the (group undecipherable) scandal which was as a personal attack upon himself. He speaks contemptuously of the president and the rest of the French government with the exception of Briand. He sees through the policy of England perfectly. He does not anticipate the complete overthrow of France. In the war now a struggle for existence on the part of England. Although he spoke much of the 'indifference and dumb policy' of the Wilhelmstrasse and professed to believe in German atrocities, he has in essentials hardly changed his political orientation. Caillaux welcomed indirect courtesies from me, but emphasized the extreme caution which he is obliged to show as the French government, he said, had him watched even here. He warns us against the excessive praise bestowed upon him by our papers, especially the New Free Press, and desired on the other hand that the Mediterranean and Morocco agreements should be adversely criticized. Our friends in Argentina here was cool. His report about Brazil had nothing new. On his return to France he will restore his position in his own constituency. He fears Paris and the fate of Juarez." (Signed) "BERNSTORFF."

A Second Message

Another message which Count Von Bernstorff had forwarded was from Havana, Cuba.

"To, Rio De Janeiro, telegraphs steamer Araguaya left Buenos Aires January 30. The captain is carrying important papers. Capture very desirable. Caillaux is on board. In case of capture Caillaux should in an unobtrusive way be treated with courtesy and consideration. Can you inform our cruisers?" (Signed) "BERNSTORFF."

The Instruction of the German Censorship to the German Press on June 26, 1915, follows:

"For political reasons, it is urgently requested that nothing be written about the former French premier Caillaux and that his name be not mentioned under any circumstances."

This correspondence, although no official announcement to that effect is available, is made public by arrangement with the French government, which desires its exposure. Caillaux now is waiting trial in France for treason on revelations developed by the celebrated Bolo Pasha case.

Camp Hill Bible Class Addresses Mr. Jennings

The men's Bible class of the Camp Hill Methodist Sunday school has adopted the following resolutions:

"Resolved, That a committee of the F. E. Irwin men's Bible class of the Camp Hill Methodist Episcopal Sunday school be appointed and authorized, to invite representatives of other men's Bible classes of the community to form a civic committee which desires its exposure. Caillaux now is waiting trial in France for treason on revelations developed by the celebrated Bolo Pasha case."

Joseph S. Rinckenbach Dies After Long Illness

Joseph Shisler Rinckenbach, eldest son of Mr. and Mrs. Edward L. Rinckenbach, 216 Forster street, a member of the Pennsylvania Optometrical Society, and secretary and treasurer of the Harrisburg Optical Society, died yesterday afternoon at 4:30 o'clock at the home of his parents, aged 29 years.

Mr. Rinckenbach was one of the best known of the younger businessmen of the city, a graduate of Central High school, 1906. He was a graduate of the Northwestern School of Optometry and the New York School of Optometry. In 1912 Mr. Rinckenbach and Miss Bertha Hoopes of this city were married. He is survived by his wife, one daughter, Mary Virginia Rinckenbach, his parents, three brothers, First Lieutenant Robert Rinckenbach of the Field Artillery, Fort Oglethorpe, Ga.; Edward L. Rinckenbach, Jr., of Rocky Ford, Colorado; Albert Rinckenbach, at home, and two sisters, the Misses Helen and Florence Rinckenbach.

He was a member of the Bethlehem Lutheran Church, Harrisburg Lodge, P. and A. M., No. 629, and the Modern Woodmen of America.

Mr. Rinckenbach was ill for several years, although able to attend to business until quite recently. He resided at 619 North Sixteenth street until two weeks ago when he came with his family to the home of his parents.

Funeral services in charge of the Rev. Dr. J. Bradley Markward, of the Bethlehem Lutheran Church, will be held Friday morning at 10 o'clock from 216 Forster street.

ARMS READY FOR RESERVE MILITIA

Adjutant General Beary Has Things Prepared For the Equipment of Troops

Issuance of rifles and uniforms to the units of the Reserve Militia will begin soon after they are organized. The arms having been delivered to the places specified by Adjutant General Beary and a considerable portion of the uniform equipment being now in hand. Enough rifles and possession of the state authorities, together with ammunition, to care for every man of the authorized strength of the new organizations.

Recruitment of men for the units designated for Philadelphia and several other places has been started and medical examinations are under way. In other places captains have accepted their appointments and given notice that they are selecting men.

General C. T. Creswell, the brigade commander, will shortly meet the regimental commanders, who were appointed Saturday, and complete the details of the regimental organizations.

In Palmer's Name—Notice has been given by the State Compensation Board that hereafter all claims made for compensation on the part of aliens in enemy countries are to be made in the name of A. Mitchell Palmer, custodian of alien property. This action will bring the matter under the federal government and awards will be taken care of by Mr. Palmer's Bureau at Washington.

Crossing Orders—Three grade crossings on the William Penn highway in Derry township, Dauphin county, against which the State Highway Department had lodged a complaint, were to-day formally declared dangerous by the Public Safety Commission and plans ordered made by the State Highway Department for their abolition. The commission, however, in ordering hearings set forth that the proceedings should be docketed to a new year, which means that the improvements will be contingent upon developments in the future.

This is the first place to be made by the commission against a railroad since the United States government took the railroads over. The railroad company had asked that the matter be continued until after the war.

State Boosts Food—Pennsylvania almost doubled its production of dry beans during 1917 in response to calls for more foodstuffs according to figures compiled by the statisticians of the State Department of Agriculture. There were 13,000 acres devoted to such beans on the farms of the state exclusively of "war gardens" and they raised 104,000 bushels last year against 54,000 bushels in 1916. The Department claims from figures obtained by it that Pennsylvania with a production of 5,570,000 bushels led the country in buckwheat for 1917 in spite of the havoc caused by the September frosts. Fourth place is claimed for the state in the matter of hay production and seventh in winter wheat.

Board to Meet—The State Industrial Board has been called for a meeting to be held in Philadelphia on February 12 for discussion of annual drafts of some of the companies prepared for safety in industrial establishments.

No Negligence Case—The State Compensation Board in a decision handed down to-day in Showers vs. Cambria Steel Company, reaffirms its finding that what would be regarded as negligence in a common law court to develop the fact that an employee had been guilty of contributory negligence are not to be considered in compensation cases under the present state code. "Even if conclusively shown they would not constitute a defense to the claimant's right to compensation, for they do not only establish the employee's negligence, disobedience to orders or reckless indifference to danger." The referee's award to the widow of the employee killed while engaged in electrical cable work is upheld.

In Hamilton vs. McClintic-Marsball Company, computation of an award to a lump sum is approved, the opinion saying "it would avoid undue expense or hardship on either party."

Must Sell on Cars—The Public Service Commission in an opinion by Commissioner Brecht has ordered the Lehigh Valley Transit Company, to place round trip tickets on cars on cars on its line between Allentown and Catawauqua before February 1. The borough of Catawauqua had complained about the rate of fares on the round trip tickets being sold only at certain places.

More Police Named—Governor Brambaugh has appointed 125 additional members of the Allegheny county volunteer state police.

Big Hearings to Start—The first of the series of big hearings on increases of trolley fares will start at Pittsburgh to-morrow when Chairman Ahney will sit in the case of the city of Pittsburgh against the Pittsburgh Railways Company.

Discuss Printing—Further conferences between representatives of the Attorney General and the Superintendent of Printing were held to-day in regard to the state printing schedule.

Discuss Audit—Arrangements were made to-day whereby Auditor General Charles A. Snyder will place before the State Insurance Fund Board his ideas in regard to an inquiry into the expenses of management of the fund and whether the present payroll can be carried without creating a deficit. It is likely that the members of the Board will give him a personal hearing and that an adjustment of the matter will be made whereby Mr. Snyder will be given opportunity to make his inquiries without any one's feelings being hurt.

Coughs Waste Energy. Careful physicians point out that every cough weakens human strength and tears down the body's resistive powers. The reason

SCOTT'S EMULSION

is always best for coughs is that it peculiarly soothes the tender membranes while its rich, creamy food rebuilds the tissues to avert bronchitis and lung trouble.

No alcohol—just food.

Scott & Bowne, Bloomfield, N. J.

Senators Endorse One-Man Control of War Buying

Washington, Jan. 16.—Opinion is crystallizing in Congress and among the prominent businessmen called to Washington to assist the government in the conduct of the war that there must be a radical reorganization of the methods of governmental administration, particularly in the War Department, which is being subjected privately to a degree of criticism that is certain to come to the surface in open attacks before very long. The demand for one-man control of the War Department or in the purchase of munitions for all the military branches of the government is very strong, and the opposition of President Wilson and Secretary Baker to the creation of a Department of Munitions will encounter marked resistance, even on the part of Democratic Legislators who have stood loyally by the Administration in all its war legislation. It has been apparent for several

More Depth Bombs Used, Germans Say

London, Jan. 16.—German newspapers, in referring to the Anglo-American measures against submarines, indicate that the employment of the depth charge has been greatly increased and perfected since the American destroyers arrived in European waters. In the old days the destroyer was content to drop two or three depth charges in the vicinity where the submarine was last seen, but now, according to the German accounts, it is not unusual to find the destroyers persisting in the business of dropping depth bombs until as many as forty have been exploded, thus covering a large area where the submarine is likely to be hiding. The Germans admit that this is a very unpleasant business for the operators of the U-boats.

2,000 Cars Unloaded Since Beginning of Freight Moving Week

Philadelphia, Jan. 16.—Approximately 2,000 freight cars have been unloaded here since freight-moving week began Monday. About 2,000 cars have not been touched yet, but the railroads believe all will have been cleared out by Saturday night. Consignees are co-operating with the railroads to keep the freight moving, and with the assistance of traffic policemen, trucks are lined up and little time is wasted in carting the freight away. WORRIED AT PEACE PARLEY. Bolsheviks Fear They Will Not Be Able to Agree With Germany. Washington, Jan. 16.—Deep apprehension and alarm are felt by the

Russian Maximalists at the dangerous turn taken by the peace negotiations received here yesterday say the best is spreading among the Bolsheviks that it is only possible to treat with Germany as victor or vanquished.

(Beauty Notes) Ugly hairy growths can be removed in the privacy of your own home if you get a small original package of delatone and mix into a paste enough of the powder and water to cover the hairy surface. This should be left on the skin about 2 minutes, then removed and the skin washed and every trace of hair will have vanished. No harm or inconvenience can result from this treatment, but be sure you buy real delatone.—Adv.
