"Give Us Cars and We Will Produce the Coal," Says President Hayes

Caillaux Outlined a Political Program

Rome, Wednesday, Jan. 16.—The Gornale D'Italia continues to publish details of the documents found in the safe deposit box in a Florence brank which had been rented by former Premier Caillaux. One of the documents is in the former premier's hand writing and gives a sketch of a proposed political program if he should again be called to become tremier of France. It gives the names of senators, deputies and generals who would be called to collaborate in a ministry.

IF KIDNEYS AND BLADDER BOTHER

Uric Acid in meat excites Kidneys and irritates the Bladder.

Take Salts at first sign of Bladder weakness or Kidney-Backache.

Kidney and Bladder weakness result from uric acid, says a noted authority. The kidneys filter this acid from the blood and pass it on to the bladder, where it often remains to irritate and inflame, causing a purning, scalding sensation, or setting ap an irritation at the neck of the bladder, obliging you to seek relief two

thority. The kidneys filter this acid from the blood and pass it on to the bladder, where it often remains to irritate and miname, causing a purposing, scalding sensation, or setting and an irritation at the neck of the bladder, obliging you to seek relief two or three times during the night. The sufferer is in constant areau, the water passes sometimes with a scalding sensation and is very profuse; again there is difficulty in avoiding it.

Bladder weakness, most folks call it, because they can't control urmation. While it is extremely annoying and sometimes very painful, this is really one of the most simple gallments to overcome. Get about four ounces of Jad Salts irom your pharmacist and take a tablespoonful in a glass of water before breakfast, cotitinue this for two or chree days. This will neutralize the acids in the urine so it no longer is a source of irritation to the bladder and urmary organs which then act normally again.

Jad Salts is inexpensive, harmless, and is made from the acid of grapes and lemon juce, combined with ithia, and is used by thousands of colks who are subject to urinary discorders caused by uric acid irritation Jad Salts is splendid for kidneys and causes no bad effects whatever.

Impossible to Pay Men During 5-day Suspension, Say Steel Co. Officials

Says President Hayes

Indianapolis, Jan. 17.—Delegates attending the coal miners' convention here read with great interest to-day the announcement from Washington shutting down industries for five days because of the coal shortage. Leaders said the men are fully alive to the situation and referated there, was nothing the miners could do so long as the railroads are unable to handle the output.

The attention of International President Frank J. Hayes was drawn to dispatches from the east suggesting an increase in production. He said the men had done all possible to increase the output under present railroad conditions.

"Give up the cars and we will give you the coal," Mr. Hayes said. "The present number of mine workers in the country working eight hours every day can increase the production three hundred million tons a year, if given the facilities. We have complaints from miners who say they are not working full time." When the convention met to-day it proceeded with consideration of resolutions reported by the resolutions committee. The convention reaffirmed its shand against the employment of private guards by corporations and the importation of strike-breakers.
