A third electric wire is now being strung between New Bloomfield and Newport, providing a three-phase current for consumers. This will add much to the efficiency of electrical power in this town. The New Bloomfield Hosiery Mills is one of the larger local plants that is planning to discontinue the use of steam power in favor of electric.

Enough to Enforce Orders

Sunbury, Pa., Jan. 21.—Sheriff leremiah, of Northumberland county, who stands six feet two in his stocking feet, entered the store of Walter Chapalski. a Mt. Carmel merchant tailor, to make a levy, and demanded the key. The tailor refused, and, it is alleged attacked Jeremiah with the ferocity of German night attack. The sheriff picked up the fighting merchant and tossed him over a table. Squire Hughes finished the job by sending him to jail for six months for resisting an officer.

The world reached its highest known stage of intelligence before grammar was even invented, much less studied, Ernest C. Moore writes in the Yale Review. I have had some curiosity to find out where and how so great a blight upon young life first came into being, and why it ever became a school study, and I find that the Greeks knew it not; that their triumphant literature and their matchless oratory came to flower before grammar was dreamed member of the American Expeditionary Forces as a lieutenant and is in active duty.
