In the cast are: Interlocutor, St. Booby; end men, Bob Adams, Ed. Brubaker, Ed. Huber, Ralph Miller. The chorus includes: Ben Glass, Harry Haas, Clarence Geiger, Al. Minch, Harry Bell, Harry Barr, Ed. Dutenhofer, Ed. Melcher, David Sees, James Chambers.

PRETTY DANCER AN ATTRACTION

Miss Florence Brown Will Present "Caprice of Moonbeams" For Macabees

MISS FLORENCE BROWN One of the most attractive features of the entertainment to be given under the auspices of the Women's Benefit Association of the Order of Macabees, Review No. 257, Friday evening in White's hall, Verbeke and James streets, is the solo dance, "Caprice of Moonbeams," by Miss Florence Brown. Miss Brown has appeared several times before in amateur entertainments and is well known throughout the city as an artist, dancer and an interesting program has been arranged by the association, which includes with the guard team, composed of eighteen members of the order. The guard gave an exhibition drill last year at Winterdale and received much applause because of the fine work they did in fancy drilling. The drill on Friday is to include many new stunts which have been practicing for some time.

PRIZES AWARDED AT FOOD SHOW

Gifford Pinchot Asks Farmers to Follow Modern Agricultural Methods

The culmination of the Pennsylvania farm activities which have been staged in Harrisburg this week was planned for to-night when a general auction of food stuffs at the Emerson-Brantingham building, for the benefit of the Red Cross, was planned for the hour of 8 o'clock. The prospects being for a huge attendance and lively bidding. It was a genuine patriotic wind-up of the most efficient series of conferences in the history of farm enterprise in this state. This great show was planned and executed under the auspices of the Pennsylvania Department of Agriculture, ably assisted by the allied agricultural associations of the state; it brought together every type of the produce of the state. The prizes showed a genuine patriotic wind-up of the most efficient series of conferences in the history of farm enterprise in this state. The auction to-night will close the most successful meeting ever held by Pennsylvania agriculturists. Not least important development registered was the wide interest in tractors and Market street was amused to-day to see a long-haired Dorothy Longhair steering one of the most up-to-date machines up and down the crowded highway. Gifford Pinchot hit the city for less than an hour in that time he managed to reach the Board of Trade building and made a short address to the Dairymen and Breeders' Association, "Prosperity to the farmer has come too easy," he said. "Pennsylvania is a banner agricultural state. The farmer cannot help getting good crops. But what he must now do is to work harder, use modern appliances and intensify production. The crying necessities for farms in this state, as was shown in demonstrations and lectures, is lack of wool growers. To spur this activity State College had a fine exhibit which attracted critical attention. A sheep grower right from Scotland, with years of experience, was there to tell what Pennsylvania ought to do. He said this state had the greatest possibilities, being provided with grazing land without limit. Greenock also has a record in this line of produce. No other county even got a mark. Of the vocational school awards in the corn contest, Wyoming county was first, Susquehanna, second, and Mercer, third. Prizes Awarded In cream butter, the neighborhood distinguished itself, the Hershey Creamery Company, York Springs, getting first prize. Dorothy Longhair, the show belonged to W. P. Hill, of Huntingdon, but in other poultry exhibits this district made good as the following proves: Exhibit of either white or brown eggs in parcel post cartons — First, Beaufort Farm Poultry Plant, Harrisburg; second, W. H. Douglas, of Camp Hill; third, Mrs. H. W. Anderson, Camp Hill; fourth, George F. Anderson, Penbrook; fifth, E. B. Mitchell, Harrisburg. FUEL MOVES TO FAMINE POINTS UNDER EMBARGO

Officials Still Unable to Estimate Result of Five-Day Closing Order

Washington, Jan. 24.—The movement of fuel, food and munitions went forward in the face of adverse weather conditions to-day aided by an unofficial embargo on east bound general freight virtually affecting all railroads east of the Mississippi and north of the Ohio and Potomac rivers. This situation, brought about by embargoes formally ordered by Director General McAdoo for the Pennsylvania and Baltimore and Ohio east of Pittsburgh and the Philadelphia and Reading, probably will continue for several days or until the weather permits a resumption of a more general movement. Although the Director General's order was restricted to the three roads, other lines accepted practically no general freight to-day destined for the north. The railroad administration said local railroad officials had power without official sanction to decline shipments for embargoed points. Fuel officials still were unable to estimate the result of the five-day closing order other than to say that more ships had been cooled and complaints from household consumers had been fewer. Pittsburgh, Jan. 24.—The Pittsburgh industrial district, located in the center of the nation's largest bituminous coal fields, to-day experienced the worst coal shortage of the winter. Less than ten per cent of the mills closed down last Friday by the five-day suspension order of Fuel Administrator Hardie had been able to resume its work. A large portion of the 200,000 men made idle by the suspension are said still to be out of work. Subsidiaries of the United States Steel Corporation here are being seriously affected by the shortage. Unless coals can be obtained during the day by the Carnegie Steel Company from its ovens at Conneville, fifty miles distant, ten blast furnaces will be compelled to close. But four of the eleven blast furnaces of the Jones and Laughlin Steel Company were in operation to-day. The shortage also has caused the closing of the Midland plant of the Crucible Steel Company, which employs 4,000 men. Optimism was expressed, however, by R. R. McCarty, Pittsburgh, chairman of the railroad operating committee, in a statement in which he asserted that with two weeks of ordinary winter weather "the railroads of the district will be running about as usual, and this without any fuel-saving days or general embargoes. Y.M.C.A. REACHES HALF-WAY MARK IN GREAT DRIVE

Two Days' Work Brings Remarkable Results For Campaign

With the accomplishment of cheering and singing, a grand total of 260 members was announced as the result of the Y. M. C. A. campaign for 500 members last night. The campaign has run but two days, and will continue until Saturday night. Officers of the association are elated with the result of the campaign. The result was announced at a supper in the Y. M. C. A. assembly room last night. J. B. Carruthers, state secretary of the Y. M. C. A., delivered an inspiring address. Reports of the various teams followed. The detailed list follows: Team 1, 33; team 2, 22; team 3, 24; team 4, 43; team 5, 17; team 6, 11; team 7, 7; team 8, 9. A total of 176 memberships was received yesterday, added to a total of 84 for Tuesday, making a grand total of 260. One of the most enthusiastic workers of the campaign came up to a man, slapped him on the back, and told him in all his campaign experience, he had never seen people so enthusiastic, except "when it comes to war campaigns," he said. "Of course," he declared, "the Liberty Loan and other campaigns were different. They were patriotic. But in the campaign, we're doing great things." Other workers were greatly pleased with the fine and cordial treatment given them by men whom they approached. A warm reception is given to these workers. Team workers and captains will meet at supper in the assembly room of the Y. M. C. A. building, Second and Locust streets, this evening at 6 o'clock, when the results of the third day's campaign will be announced. It is confidentially expected that the result of to-day's campaign will be at least 400 memberships.
