The pleasantest things in the world are pleasant thoughts, and the great art in life is to have as many of them as possible.—BOVÉE.

LEWIS AND HARMONY

THOUSANDS of Republicans in Pennsylvania will say amen to the sentiments of William Draper Lewis, emphasizing the necessity of harmony in Pennsylvania this year if the party is to elect a governor next November.

WARNING LIGHTS

Politics in Pennsylvania

By the Ex-Committeeman

Republican newspapers generally regard the speeches and incidents connected with the dinner tendered to Highway Commissioner J. Denny O'Neil at Pittsburgh last night as indicative of a fight to finish and the zeal with which some of the Democratic newspapers, notable in Harrisburg, are press assenting the Highway Commissioner tends to a suspicion that the Democratic machine managers hope that it will be such a bitter contest that it will go beyond the primaries and enable them to reap advantage which, owing to their own family fights, they would otherwise not possess this year.

Mr. O'Neil has stated his platform and is in the field with the blessing of the most potent factors in the state administration and assurances that if he wants it he can have the open endorsement of Governor Brumbaugh.

Over the Top in Penna.

Talk about hard times in Pennsylvania! Over in Sweden at a fashionable wedding, recently, the invitations begged: "Please bring your bread cards."

It Isn't 'Bleeding France'

MONSIEUR Anatole Le Braz finds that in America to-day there exists a certain misconception of France; monsieur regrets that so often when he picks up an American newspaper or an American magazine he should find in the countless articles devoted to a wholly laudatory appreciation of his country the unfortunate words "bleeding France."

As Judge Gary Says

The policy of Germany and, in less degree, of other nations has been to construct, to build up, to extend, to enlarge, to foster enterprise, and to protect industry; while our policy has been, in a measure at least, to disorganize, to disintegrate, to prevent, to limit and even to destroy.

Flirting

She who flirts And runs away Will marry a bigger Flirt some day.

Two Cent Papers Make Biggest Gains

The biggest gains in the volume of advertising carried during 1917 all over the United States were made by two-cent newspapers.

OUR DAILY LAUGH

ALL FIXED UP. Well, there is one thing I can say. I finished his sweater, his wristlets and his helmet, and when Tom does finally go into the trenches he'll be as well dressed as any of them.

WELL KNOWN PEOPLE

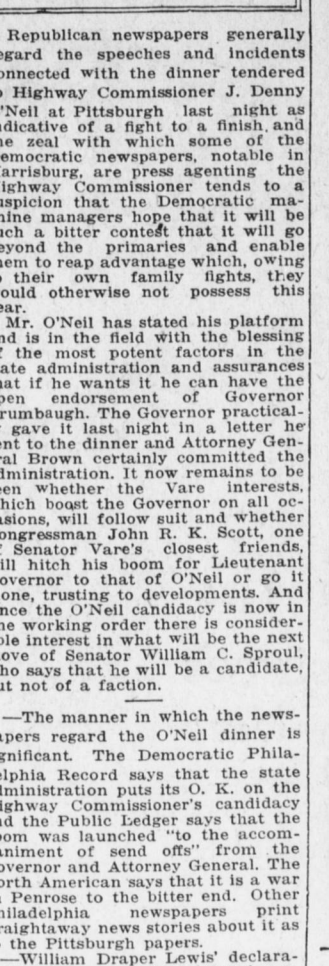

William Potter, State Fuel Administrator, says that his present job is one of the kind he used to read about other people having.

DO YOU KNOW

That Harrisburg paved street area was secured at a less cost than most of the cities of the same size of the country?

OH, MAN!
