Dynamite Wanted—State Highway Commissioner O'Neil to-day asked bids for dynamite. The explosive is for the use of the State Highway Department and the bids for it will be opened on February 11. On February 12 bids will be opened for road construction in Brady township, Huntingdon county; Delmar township, Tioga county; Antisand Snyder townships, Biair county; Muncy Creek and Fairfield townships, Lycoming county; Adams township, Butler county, and Big Remarkable Registration of Cars Shown in the Statement as of Today

Alost 150,000 pneumatic tired and totor vehicles had been granted state licenses for 1918 when the time limit for operating with 1917 licenses expired to-day, The extension allowed because of weather and mail confirst of the year and first of the year moth. The registrations for 1918 were officially announced as 149,29 pneumatic-tired and 17,706 soliditired vehicles. In 1917 there were over 320,000 vehicles licensed.

The revenue from the licenses thus far for 1918 agsregates \$1,837,178, against \$1,500,022 received up to this time last year.

The automobile revenue is being used for highway maintenance and the operation of the snow-fishting gangs which are at work on the ging main highways with over a score of plows and dozens of road drags.

But Tanlac helped me right from the very first and the pain that I had borne for a quarter of a century began gradually to leave me. I kept taking Tanlac regularly and to-day I can truthfully say that I believe that my rheumatism has been cured for I haven't a sign of it and I can do my work cheerfully and feel better than I have in many, many years. I certainly recommend. Tanlac."

Difference In Apples

THE supposition that "an apple is an apple" is a great fallacy. Some apples are more like turnips.

There are 6,636 varieties of apples grown in the United States. Of these varieties only about 25 are really considered valuable.

Apples are nature's tonic. They stimulate the appetite, aid digestion and tone up and strengthen the entire system.
