

CALL FOR ALERT AMERICA SOUNDED AT WASHINGTON

Chamberlain Indicts Administration Slough; Roosevelt Endorses Speech

Washington, Jan. 25.—A call for an awakened America was sounded twice in Washington yesterday.

Senator Chamberlain, of Oregon, Democrat, and leader of his party in advanced thought for a definite military policy, demanded it at the Capitol.

Colonel Theodore Roosevelt, dominant leader in the Republican party, pleaded for it before the National Press Club.

Both shouted to the people of the nation to bestir themselves before America's war preparations shall have been branded:

"Too late! Too late!"

"The time has come when no man's politics be permitted to stand in the path of efficient prosecution of the war; both arraigned inefficiency that thus far has marred the war machine."

Senator Chamberlain gave the Senate and the nation the truth, as he saw it, about tragic inefficiency in the war department.

He drew an indictment of the Secretary of War, Newton D. Baker, such as seldom if ever has been heard in the halls of Congress from a Senator against an official of his own political faith.

Senator Chamberlain, yielding in loyalty to no man in the United States, not even the President, revealed the shortcomings of the military organization with a view to defending his own integrity from the scathing criticism of the President, of which his statement made in New York Saturday that "there is inefficiency in every bureau," and of awakening the people of the United States to action.

For a case of RHEUMATISM... gout, sciatica, lumbago, neuritis of other uric acid disorder, if anyone proves after using refined alkali salitates that this is not the equal of any treatment ever perfected for salivating the uric acid and any other impurities from the system, pushing out clogged kidneys or stimulating a sluggish, congested liver. This standard compound, obtains "le" at little cost from any druggist, reproduces certain essential constituents found in the waters of famous natural medicinal springs, hence its wonderful effectiveness even when numerous other treatments have failed. Get a plain hot water, and notice the amazing effects of what users term "spa treatment at home."

Dirt Mixed With Coal—Robbs Public of Large Sums, Says F. C. Reese

Pittsburg, Pa., Jan. 25.—After five months' investigation of the anthracite situation in the interest of the consumer, former State Representative Frank C. Reese charged yesterday that the anthracite operator is perpetrating on the public the most "damnable gouge" in history.

Mr. Reese, a Pottsville businessman who knows the coal business from vein to distribution, charges that the Federal Fuel Administration is permitting the anthracite combine to sell as coal "everything that is black" at the exorbitant fixed rate of Government regulation.

With the transportation systems clogged and Harrisburg sinking and the richest hard coal veins in the world but fifty miles away, Mr. Reese discloses that the wanted overproduction of the coal mines is merely the production of refuse and dirt.

"From 30 to 40 per cent. of coal goes to the market today," Mr. Reese said, "is but refuse. This slate, honey and dirt, with which coal is being adulterated at the highest prices in history, is clogging the railroads and giving but half the heat worth the same amount of coal would give. It is the most damnable gouge in the history of the coalfields."

Mr. Reese finds that the washery coal which is sold to the poor man as pea coal costs the operator but 20 to 25 cents to place on cars. "And then it is coal he cannot use," is Mr. Reese's comment.

"A washery has a gold mine beaten," Mr. Reese continued. "I know of men who are cleaning up from \$1,500 to \$2,000 a day on an investment of nothing."

Mr. Reese's charges are being investigated by the Federal Fuel Administration.

A good part of the population was on the scene before the danger was over. The fire started, it is believed, from a too hot furnace. It burned its way through into White's dwelling apartments and the total loss was estimated at \$300.

Gen. Bliss Is in Paris; Will Act in War Council

Washington, Jan. 25.—General Tasker H. Bliss, chief of staff, arrived in Paris with his entire staff yesterday and will represent the United States Army on the Supreme War Council. Secretary Baker in so announcing to-night disclosed that the general is accompanied by high officials of every branch of the service to advise him about any questions that may arise.

General Bliss attended the first meeting of the council, and a decision to send him back to Europe as a permanent representative in that body was made because it was recognized that the general is the best qualified and commanding the ever-increasing American Expeditionary Forces were too great to permit him to undertake the representation of American views on military operations, and to sit with the council in framing plans of strategy that cover all fronts and all armies.

No word of the departure of General Bliss had been published until the news of his safe arrival came to-day.

FIRST ABSENCE IN FIFTY-SIX YEARS

John Stoops, of Lemoyne, Has Remarkable Sunday School Attendance Record

Lemoyne, Pa., Jan. 25.—John Stoops, aged 73, of Lemoyne, missed his first session of Sunday school in fifty-one years on Sunday. He was unable to attend the weekly services on account of ill health and the severe cold weather. Determined to keep up his record at least until next Christmas Mr. Stoops, during the year, despite the fact that it was the coldest winter in years, succeeded in getting to Sunday school every Sunday. It was necessary for his wife and daughter to lead him to the church on his last few trips.

Regardless of the weather, during the many years he held this record, Mr. Stoops refused to miss a session. For more than a year he has been in ill health. He started the remarkable record at the age of 15 in Germany, where he was born. When he was 19 he came to this country and followed his trade as a barber in New York City. Ten years later he moved to Harrisburg and later to Lemoyne, where he followed his trade until several years ago when he was forced to retire on account of ill health.

Mr. Stoops for years was teacher of a Bible class in the Lutheran Sunday school. He is very well known in Harrisburg and along the West Shore.

Keeping Schools of West Shore Provided With Fuel

The West Shore coal situation remained unchanged to-day. Keeping the schools running is causing much concern on the part of school officials. Camp Hill managed to get enough fuel yesterday to keep the school open for a week. The doors of the Lemoyne and West Fairview institutions are still closed on account of the fuel shortage. A member of the Wormleysburg board of directors said to-day that there was enough coal on hand to keep the institutions running for a week.

Curious About M—L—? It stands for the Best Cold Cough and Catarrh Medicine Ever Discovered, Which is Mentho Laxene

Mentho-Laxene has been on the market seven years. It is a concentrated compound of healing, soothing, curative extracts to be mixed with water and used for many ready-made cough or cold remedies—besides, you cannot buy a more effective medicine anywhere. One bottle will last a season for most families, and it checks or aborts a bad cold if taken promptly. Every well-stocked drug store supplies Mentho-Laxene. Don't let Father Time rob you for your sake.—Adv.

PRISONERS GET "DOPE" FROM COUGH REMEDY

Sheriff Finds Drug Victims Novel Source of Supply

Many so-called "cough cures" offered to the public are heavily loaded with chloroform, opium, morphine, cocaine and other narcotic drugs to such an extent that several prisoners of the Suffolk county jail at Boston got the drugs their appetite craved by pretending to the sheriff that they had severe coughs according to an article published not long ago in the Boston Post.

There is great danger in using "cough cures" loaded with such drugs. These dangerous habit-forming drugs do have a temporary effect on the cough but they do not have a lasting effect and soon the cough comes back worse than ever. Doctors sound a warning against these preparations. The safe sane treatment for a cough or cold is Father Time's Medicine because it is guaranteed free from any of these dangerous drugs or alcohol and has a record of more than sixty years' success as a family medicine in thousands of homes. Because of its wholesome purity it is safe for all the family. It soothes the throat and breathing passages, relieves the cough by getting at the cause, drives out the impurities by means of its gentle laxative effect and builds up renewed strength because of its wholesome food elements.

SAVE YOUR HAIR! A SMALL BOTTLE STOPS DANDRUFF

Every Bit of Dandruff Disappears and Hair Stops Coming Out

Try This! Your Hair Appears Glossy, Abundant, Wavy and Beautiful

Thin, brittle, colorless and scraggy hair is mute evidence of a neglected scalp; of dandruff—that awful scourge.

The is nothing so destructive to the hair as dandruff. It robs the hair of its lustre, its strength and its very life; eventually producing feverishness and itching of the scalp, which if not remedied causes the hair roots to shrink, loosen and die—then the hair falls out fast.

A little Dandrine to-night—now any time—will surely save your hair. Get a small bottle of Knowlton's Dandrine from any drug store or toilet counter for a few cents, and have the appearance of abundance, an incomparable gloss and softness; but what will please you most will be after just a few weeks' use, when you will actually see a lot of fine, downy hair—new hair—growing all over the scalp.

Dandrine is to the hair what fresh showers of rain and sunshine are to vegetation. It goes right to the roots, invigorates and strengthens them. Its exhilarating and life-producing properties cause the hair to grow long, strong and beautiful.
