

GOVERNOR URGES THRIFT STAMPS

Says That It Is an Investment in Patriotism and Should Be Encouraged

Governor Brumbaugh, who has issued a proclamation calling attention to the importance of Savings Stamps, to-day called upon people to prepare to save systematically and urged that the National Thrift Day be observed next Monday.

In a statement issued in support of the War Savings the Governor said: "Invest in Patriotism, in Democracy by purchasing Thrift Stamps. There is no more convincing way to rebuke autocracy as to support our boys in the Army and Navy than to sacrifice steadily and invest in the War Savings Stamps. It is an investment in all that America stands for."

Col. Ziegler and Capt. Stine Seriously Ill in Camp

Two Harrisburg officers in the National Army are seriously ill in their cantonments, one as the result of an accident, and the other of uremic poisoning.

Captain Henry M. Stine is at the base hospital at Spartansburg, S. C., suffering with uremic poisoning which is thought to have developed from a cold. Mrs. Stine is at her husband's side, and in a telegram to this city last night, said that her husband showed slight signs of improving.

Lieutenant Colonel Frank Ziegler, seriously injured at the Office Training Camp, at San Antonio, Texas, was thrown from a horse several days ago. He may come home.

THREE BOYS ARRESTED Paul Bowman, aged 12; Lewis and Russell Gibbons, aged 12 and 14, were arrested by Officers McCann and Zimmerman yesterday, charged with trying to ride a penny chewing machine. When taken to police headquarters, a gold watch was found in their possession. It was identified as one stolen from a Market street jewelry store.

NEW PRESERVES BADLY NEEDED

Game Commission Is Seeking to Complete Leases For Dauphin County Tract

If plans of the State Game Commission for leasing lands are carried out four new state game preserves will be established before the next hunting season begins. These preserves will be located in the Lykens Valley region of Dauphin county; the Haycock mountain part of Bucks, in Northern Forest and in Fayette and Somerset. Land in Bedford, Blair and Cambria counties is also under consideration.

The chief difficulty appears to be in obtaining leases as the owners are very careful to safeguard coal, oil and gas rights and want right to operate at any time. In the Dauphin case railroad, coal and water companies control the lands and the difficulty is to get the matters acted upon at this time when so many other things are in the air.

Dr. Joseph Kalbfus, Secretary of the Commission, has been in Washington arranging for the importation of mature quail from Mexico and other matters with the Federal Government. The big jump in hunters' licenses has demonstrated that there has been no falling off of interest in hunting because of war.

Strong declarations favoring the extension of the State Game Preserves and declaring that it is "the solution of the game increase proposition" as far as most game is concerned were made in the annual report of the State Game Commission placed in the hands of Governor Martin G. Brumbaugh a few days ago.

The big national reservations are decided to be too large and the reserve of about 3,000 acres, which has been adopted in this State, to be the best. At the same time it is essential to keep such tracts clear of vermin and to prevent forest fires.

The report also urges that the game birds be fed this winter and predicts that unless something is done the game will be seriously diminished. "The question of an adequate food supply for game birds of all kinds when our state is covered with ice and snow, is the paramount question for consideration and that which will be lost each year that is destroyed either by forest fires or is taken by hunters legally or illegally," says the report.

Recommendation is made that next year there be extensive planting of trees and bushes that will supply food for the game, especially apple, mountain ash, sassafras, haw and other nut-bearing trees. The disappearance of the beech and chestnut trees is taking away means of life for many birds.

Urgent recommendations for state-wide efforts to reduce forest fire damage are made. Extensive plans for stocking of not only state game preserves, but various tracts being made by state authorities and thousands of birds will be released as well as a number of deer and other animals.

Between March and July there will be delivered in this state 3,000 mature Mexican quail for general distribution and 200 California quail will also be used.

Almost 2,000 ring-necked pheasants have been contracted for and 100 deer. Plans call for 245 wild turkeys and 400 half wild turkeys to be liberated and 450 fox squirrels and 8,000 rabbits, the latter to be placed in counties where they are scarce.

\$5,035 FOR SACK OF FLOUR Helena, Mont. — The "Gridley" sack of flour started on its journey by the San Francisco Shriners and given further impetus by the Honolulu Temple, is being acted at all temples in the United States for the benefit of the Red Cross, broke all records here the other night, when Algeria Temple ran the auction up to \$5,035, almost five times the sum bid by the Honolulu Temple.

HELD AS OVERCOAT THIEF Chief of Police Wetzel and Detective Spies last night arrested James Freeman, 110 1/2 North Seventh street, for the alleged theft of numerous overcoats and other articles of wearing apparel, all of which he is claimed to have stolen during the last three months. Several overcoats are said to have been found in his room, along with a number of other valuable articles. Most of the articles were taken from halls, while some were taken from stores, and a tailoring shop.

A Store's Public Service

This business growing here through the years and keeping steady pace with the development of Harrisburg.

"To have what people want when they want it at a fair price"—might well be nailed up as a motto over the entrance. That principle is a part of the mental make-up of every member of the store's organization.

—What the people want does not alone mean new styles—but sound reliable qualities.

To make the store measure up to these requirements at all times—even when there is a market scarcity of the right sort of merchandise—is the end to which the organization is devoted.

The store's stocks for the coming spring season will be as complete as is possible; broad and satisfying—and everything will be fairly priced.
