

CITY POLICE GET BACK MOST OF STOLEN ARTICLES

Fourteen of Seventeen Automobiles Recovered, Police Chief's Report Shows

Harrisburg's police department recovered during 1917, \$16,000 worth of stolen goods, within \$3,000 of the value placed on all property stolen during the year.

Chief J. Edward Wetzel submitted these figures together with other interesting facts in his annual report to Council for the fiscal year, ending January 7.

The increasing use of drugs and the trouble that "dope" users make for the police force is pointed out in a statement that about 250 persons in the city are addicted to its use.

Arrests during the year totaled 3,770, 306 of which were in March, the largest total, and 78 in December, the lowest record.

A tribute is paid to the late Mayors E. S. Meals and Charles A. Miller.

STOCK TRANSFER TAX \$181,000

State Authorities Do Not Get as Much as They Had Hoped From That Item

Pennsylvania's tax on stock transfers, enacted by the legislature in 1915, yielded \$181,860.00 in the calendar year of 1917 against \$166,950.00 in 1916.

During December the tax receipts were \$10,687.18, which has been turned into the Treasury through the state general department.

Payments of capital stock tax and state tax on loans coupled with the big receipts from automobile and oleomargarine licenses will run up the January receipts to a substantial amount in opinion of people at the Capitol. Disbursements are reported to have been heavy.
