## **ALARM SYSTEM** FOR WEST SHORE

Firemen's Union Will List **Phones in Private Houses** to Call Companies

Wormleysburg, Jan. 30—President J. Fred Hummel, of the West Shore Firemen's Union, announced to-day that the new telephone alarm system would be put into use about April 1. Fire phones have been established in the homes of residents in the various towns. The plan of the Union is to get a resident in each town who has a telephone and who lives near the firehouse to allow the Union to list this number in the telephone directory as a fire phone. In case of fire in any of the seven district, if it was necessary to call other West Shore comparies firemen would have little difficulty in summoning the comparies difficulty in summoning the commatter has been pending for several months and Union members are ecoming anxious for the new sys tem to get into service.

#### **Uncertainty of Traveling** Postpones Mass Meetings

Patriotic meetings scheduled for West Shore towns this week by Prof. J. Kelso Green, superintend-ent of public schools of Cumberent of public schools of Cumberland county, have been postponed indefinitely on account of the uncertainty of traveling. All the meetings for the West Shore were arranged for and large crowds were expected when the notice of the postponements was sent to Principals of the schools in the various counts. The meetings were for the purpose of discouraging the spread of German propaganda.

vessels, most of which were sailing ships, the United States since February 1 has added to her merchant marine by the seizure of former German and Austrian owned ships, a total of 107 vessels having a gross tonage of 686,494 leaving on the credit side of the American ledger in the account with the Central Powers a net 'gain of 515,433 gross tons. The loss of life caused by the sinking of the sixty-nine American ships was more than 300 persons, however.

The percentage of sinkings of American ships compared with the number of vessels which have sailed through the war zone successfully is small. Records of the Department of Commerce show that for the period beginning with February 1, 1917, and ending with December 1, there were cleared from American ports in the foreign trade ships aggregating 17,738,900 tons net, or approximately 24,834,460 gross tons. The number of ships making up the total of tons was not made public by the department.

## STEELTON **Borough Officials Will** Ask Railways Company to

Assist in Removing Snow

E. C. Henderson, chairman of the Highway Committee of council, said, this morning that he would seek the assistance of officials of the Harrisburg Railways Company to remove snow from Front, Second and Pine streets. Mr. Henderson's plan is to get the company to put several small cars into use in removing the snow from these three streets. Steelton has the largest snow removing job on its hands in the history of the borough, Mr. Henderson said, and without assistance it will be impossible to clear the streets. Several teams and a large squad of men were to-day in clearing the, snow way was et intersections. Much headway was et intersections. Much headway was eathed in collections of garbage and ashes on streets that were opened, Mr. Henderson said. Officials of the Bethlehem Steel Company are informing employes of the various plants of the new income tax ruling. In the next few days notices will be placed at the local plant including information for employes who come under the income tax ruling.

The postor in part reads as follows:

ustrous hair

A CRISP, juicy apple with a sub-acid flavor, not mealy, is a delight to every lover of fruit.

Growing highly flavored apples requires a combination of the proper kind of soil coupled with hard and persistent labor throughout the entire year.

Our Staymen Winesap Apples were grown on stony, flinty soil. Minute attention was paid to the trees from the time they were planted. At frequent intervals the trees were sprayed. Small limbs were removed from the tree to admit sun-Immediately upon removal from the trees the apples were placed in storage at 34 degrees. This

temperature arrests the ripening processes, but does not injure the fruit. Staymen Winesap Apples are sold by first class grocers.
