

AID SOCIETIES TO HOLD SESSION

Annual Meeting to Be Open This Evening to the General Public

The public is invited this evening to the Civic Club where the Associated Aid Societies will have their annual meeting, which, in addition to presenting the year's finances and progress and electing officers, will be devoted somewhat to acquainting Harrisburg with the knowledge of what this great charity is doing for the city and its citizens. The gathering will be in charge of Mrs. Lyman D. Gilbert, president. The persons who have served the last year with her in developing this most capable benevolent organization were Mrs. George Kunkel, first vice-president; Edwin S. Herman, second vice-president; Mrs. Mercer B. Tate, secretary; Vanco C. McCormick, treasurer; Donald McCormick, assistant treasurer. The other directors are: Francis J. Brady, Mrs. Francis J. Hall, Mrs. William Henderson, Miss Mary C. Heister, Morris E. Jacobson, Mrs. Maria Olmsted, Dr. Clarence R. Phillips and Miss Mary E. Reilly.

The Associated Aid has from its beginning followed a policy of broadening out, more and more each year, until now it is not merely a relief giving institution, but a carefully planned and planned system, supported by trained workers. Among the speakers this evening will be Miss Betsy Libbey of Philadelphia society. The routine business will be cut as short as possible and the evening given to lively, interesting talks on the work of this organization.

\$100.00 REWARD FOR RHEUMATISM

For a case of sciatica, lumbago, neuritis or other uric acid disorder, if anyone proves after using refined alkali saltrates that this is the equal of any treatment ever perfected for quickly eliminating the uric acid and any other impurities from the system, flushing out clogged kidneys or stimulating a sluggish congested liver. This standard compound, obtainable at little cost from any druggist, reproduces certain essential constituents found in the waters of famous natural medicinal springs, hence its wonderful effectiveness even when numerous other treatments have failed. Get a trial supply to-day, dissolve a little in plain hot water, and notice the amazingly quick effects of what users term "Spa Treatment at home." The refined alkali saltrates compound referred to above is always kept in stock locally by all good druggists.—Advertisement.

EAT LESS MEAT AND TAKE SALTS IF KIDNEYS HURT

Says a tablespoonful of Salts flushes Kidneys, stopping Backache.

Meat forms Uric Acid, which excites Kidneys and Weakens Bladder

Eating meat regularly eventually produces kidney trouble in some form or other, says a well-known authority, because the uric acid in meat excites the kidneys, they become overworked; get sluggish; clog up and cause all sorts of distress, particularly backache and misery in the kidney region; rheumatic twinges, severe headaches, acid stomach, constipation, torpid liver, sleeplessness, bladder and urinary irritation.

The moment your back hurts or kidneys aren't acting right, or if bladder bothers you, get about four ounces of salts from any good pharmacy; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush clogged kidneys and stimulate them to normal activity; also to neutralize the acids in the urine so it no longer irritates, thus ending bladder disorders.

And Salts cannot injure anyone; makes a delightful effervescent lithia-water drink which millions of men and women take now and then to keep the kidneys and urinary organs clean, thus avoiding serious kidney disease.

To Stop a Persistent, Hacking Cough

The best remedy is one you can easily make at home. Cheap, but very effective.

Thousands of people normally healthy in every other respect are annoyed with a persistent hanging-on bronchial cough year after year, disturbing their sleep and making life disagreeable. It's so needless—there's an old home-made remedy that will end such a cough easily and quickly.

Get from any druggist 2½ ounces of Pinex (40 cents worth), put into a pint bottle and fill the bottle with plain granulated sugar syrup. Begin taking it at once. Gradually but surely you will notice the phlegm thin out and then disappear altogether, thus ending a cough that you never thought would end. It also promptly loosens a dry or tight cough, stops the troublesome throat tickle, soothes the irritated membranes that line the throat and bronchial tubes and relieves the chest. To avoid disappointment ask your druggist for "2½ ounces of Pinex" with full directions and don't accept anything else. A guarantee of absolute satisfaction or money promptly refunded goes with this preparation. The Pinex Co., Ft. Wayne, Ind.

LAND TAKEN TO RECLAIM COAL

Big Corporation Records Deed of Trust For Twenty-Two Parcels Along Streams

Sunbury, Pa., Jan. 31.—Record of a deed of trust for 22 parcels of land bordering on and in some cases reaching to the center of Shamokin and Mahanoy creek, in Northumberland and Schuylkill counties, made here this week, show what is apparently a plan to reclaim and sell coal that has been turned into these streams from the Shamokin mines, on a large scale. The deed shows that the property was secured by purchase or option at a total cost of \$81,080.77 by a corporation known as the Eastern Coal Company. It is made in favor of Edwin S. Meade, of Doylestown; Charles J. Farrell, of Mt. Vernon, N. Y., and Donald C. Muhlman, of East Orange, N. J., and the Central Trust Company, of New York City, is the grantor.

The trustees are required to guarantee the interest on the principal amount of \$81,080.77, and are to manage and operate the property as they see fit. For this they are to have a \$3,000 yearly salary.

They will also, the deed says, be allowed to issue \$1,000,000 in participation certificates, which are to be turned over to Frank B. Schmitt, whose residence is not given, in exchange for \$200,000 and the seventy-seven shares of the capital stock of the Eastern Coal Company.

Since coal has gone to its present sky-high prices, and because of its participation in the coal industry, it is being taken from creeks and islands adjoining, where it has been washed by twenty years of spring freshets, huge quantities of coal have been mined and shipped. Much of it is nothing but the finest dirt, but is sold at a good profit in Philadelphia and vicinity.

In Sunbury alone, R. L. Beck, a coal dealer, has 100 men taking out this coal from a bed of it on the property of William Reffor, adjoining Shamokin creek. Reffor gets a royalty of five cents a ton, and it is said to sell at \$2.75 a ton on board cars here.

University President to Speak at Sunday Y.M.C.A. Open Meeting For Men

Dr. S. B. McCormick, president of the University of Pittsburgh, will be the speaker at the men's mass meeting in Falmestock Hall next Sunday afternoon. The meeting will open a "Thrift Week," to be conducted under the auspices of the local Y. M. C. A. Dr. McCormick is president of one of the largest educational institutions in the country. His work has been a potent factor in education for many years. He is a well-known orator of great ability.

The first meeting of the businessmen's class in public speaking was recently held at the Central Y. M. C. A. The class has an enrollment of eighty members with a big waiting list. The fee for the course is \$15, which includes full membership privileges as well as a set of textbooks known as Carnegie's Course in Public Speaking. The class is under the instruction of Dr. J. George Becht, executive secretary of the State Board of Education. The officers are: Louis A. Irwin, president; Wayne A. Kershner, secretary; W. A. Riddle, chairman membership committee.

Enemy Aliens to Be Registered by Police

Machinery for the registration of all male enemy aliens over the age of 14 is being oiled, and police will start the registration at the police station February 4, and continue until February 8. Enemy aliens who do not voluntarily register will be interned for the duration of the war. Every registrant will be given a registration card to show that he is registered.

United States Marshal James S. Magee has addressed a letter to all the newspapers in his district, stating that under no circumstances will any one be allowed to charge fees for advice to German aliens on how to register.

TROLLEY SWEEPERS ARE KEPT BUSY CONSTANTLY

As evidence of the severity of the winter through which they are passing, officials of the Harrisburg Railway Company last night showed that their sweeping operations thus far in the winter have consumed more than twice as much rattan as was used in the entire winter last year. More than 3,000 pounds of rattan have been used thus far, as against 1,500 pounds all of last winter. The company is expecting 2,000 additional pounds of rattan from Boston and Brooklyn. The cost of rattan has more than doubled during the past year, it is said.

BOYS IN GYM CLASS

Boys of 10 and 11 years are manifesting a great deal of interest in the "prep" gym class at the Y. M. C. A. building. Nine boys have joined the class, and it is announced that as soon as there are eighteen enrolled the class will be opened. The membership fee is \$2.50, which includes Saturday class privileges. Arch H. Dinsmore, Boys' Work secretary, and C. W. Miller, physical director, are in charge of the class.

SENATOR TO ADDRESS PEOPLE'S FORUM, SUNDAY

Senator Wesley J. Jones, of the state of Washington, will address the People's Forum in the Technical High School Auditorium, Sunday. Members of the Chamber of Commerce and the Rotary Club have been extended special invitations to the lecture. Dr. Charles Crampden, the president, Senator Jones will speak at the Work of the Red Cross in the War.

Built on Bigger Values

WM. STROUSE

THE MAN'S STORE OF HARRISBURG

FINAL REDUCTION SALE

When you pick up your paper this evening and read this news you ought to have one set purpose when you've finished—to attend Wm. Strouse's Final Reduction Sale.

While it is a Reduction Sale in the true sense, it is not the prices that mean everything—it's the merchandise. We clear decks at the wind up of each season. We're going to do it again now—even though conditions are different, even though some people think it's not necessary, since merchandise is so hard to get and so high. We have a policy. We stick to it. This sale was inevitable because it's our rule not to carry goods over. And so the whole store is affected. It's outfitting time for every man and boy. It's an opportunity to fortify your wardrobe against future higher prices! Don't waste time thinking it over. Here is the merchandise, you know it is the right kind—it's the sort that has made a deep and lasting impression on the best dressed men of the community, it's all reduced and the old tickets are on the goods—just like every sale that we have—you have only to pick out what you need. The Sale starts on Friday and it's going to make February a very busy month for the New Store—kept new—by adhering to our policy not to carry goods over.
