Meade Detweiler, Jr., Tells of Humorous Side of Italian Campaign

Not all blood and tragedy is this terrible war, for youth cannot be denied, and the boys of the first American Ambulance Corps to reach Italy, among whom is Meade Detweiler Jr., of Harrisburg, know how to get all the amusement there is out of the grim affair.

Don't suffer! Relief comes the moment you rub with "St. Jacob's Liniment."

What's rheumatism? Pain only! Stop druging! Not one case in fifty requires internal treatment. Rub the misery right away! Apply soothing, penetrating "St. Jacob's Liniment" directly upon the "tender spot" and relief comes instantly.

Millions of rheumatism sufferers in the last half century, and is just as good for sciatica, neuralgia, lumbago, backache, sprains and swellings.

The expedition which Detweiler accompanied included twenty-six ambulance cars—up-to-date machines of high power. The trip of many hundreds of miles along the Riviera, French and Italian, he describes so vividly that the reader is hungry to go there.

When General Cadorna saw the first copy, declares the Avanti, he gave orders to "postpone the drive until next week" so he could revel in this masterpiece of literature.

MOVE AFOOT TO HAVE EVERY MAN IN ARMY INSURED

Local Insurance Men Issue Warning That Govt. Offer Will Soon Be Withdrawn

A warning call was sent out today by the Central Association of Life Underwriters to friends of soldiers who have not yet taken out the Government insurance policies provided for men in the service.

Albert A. Wert, president of the Central Pennsylvania Association of Life Underwriters, said in an interview today that up to January 15 less than one-third of the men in the Army and Navy had availed themselves of the opportunity to secure life insurance provided under the Government insurance plan.

Approval of the big bond issue planned by the city school board was received in a telegram from Paul M. Warburg, chairman of the Federal Reserve Board, to Secretary D. D. Hammelbaugh, Dr. F. E. Downes, city school superintendent, was in Washington yesterday to explain to Government officials the necessity of the bond issue.

Chairman Warburg two days ago communicated with Mayor Keister, asking for an explanation of the need of the bond issue.

The meeting this afternoon was the first one held under the revised rules. Secretary Hammelbaugh yesterday issued the calendar of business for board action.

"Undoubtedly," said Mr. Wert, "this is the cheapest life and disability insurance ever offered by any company or government to citizens engaged in war work."

"The members of the Central Pennsylvania Association of Life Underwriters are urging every man and woman they know in the service to take the limit of this insurance, namely, \$10,000; and we urge those who are living in this community and who are related in any way to persons qualified to secure this insurance to write them at once and advise them to apply immediately."

"The election of Frank C. Foose as purchasing agent for the board was expected. Mr. Foose has been filling this position under Secretary Hammelbaugh for years and when the board rules were changed it was decided to make this a separate position, as recommended in the school survey report. No action may be taken on filling the positions of assistant and superintendent of buildings, Charles E. Carpenter was recommended to election as an engineer at Tech High, and Charles E. Witt as night fireman."

MILITARY LAW TIES UP GREAT PORT [Continued from First Page.] a climax and that it is losing its effectiveness. Reports received at Amsterdam from other industrial sections say the strike is not getting support. More than 30,000 workers have been reported on strike in Berlin. There are reports of new strikes in the Dortmund mining district and in Danzig, and it is said that the strikers in Nuremberg, Bavaria, have returned to their tasks.

Western Front Quiet Military operations on the western front are still of a minor character. On the front between Asiago and the Brenta the Italians persist in their attacks, but make no such a large scale as earlier in the week. New Italian positions west of the Brenzola valley have been extended. Berlin says that new Italian attacks near Asiago have been repulsed.

A severe blow to the ambitions of the Ukrainian republic appears to have been dealt in the capture of Kiev, the temporary capital, by the Bolsheviks.

The peace negotiations between Russia and the central powers have reopened at Brest-Litovsk. A report from Petrograd says the first question taken up concerned the occupied territories, which has been a stumbling block since the purporters' Legation.

Railroad Bulletins Tell of Rule Infractions The discipline bulletin issued by R. K. Reading, superintendent of motive power, for the week ending January 28 shows that but three employees were delinquent in the past week. The number is possibly the smallest since the custom of enforcing discipline was established in the department. All three men were dropped from the rolls.

The bulletin issued by N. W. Smith, superintendent of the Middle division, for the week ending January 27 shows that twenty-five men were disciplined for various causes. One fireman was dismissed from the service for refusing to go out on a run when called.

Governor Cox Urges Ex-President For Cabinet Columbus, O., Feb. 1.—Governor James M. THE DANCING DAISIES WITH "HENPECKED HENRY" AT THE ORPHEUM NEXT MONDAY AND WEDNESDAY

Halton Powell's "Henpecked Henry," a musical comedy of the merriest sort, with a sprightly chorus of femininity, will be seen at the Orpheum, Monday and Wednesday, with daily matinees. The comedy is broad, but the humor never borders on mere burlesque. The story deals with a much-married man, whose wife is inclined to rule the home with an iron hand. Her tyranny leads to many funny experiences. Domestic life is always a splendid subject for stage treatment and there is no play that handles it in such an amusing way as does "Henpecked Henry."

Frank C. Foose Expected to Be Named Purchasing Agent

Downes, city school superintendent, was in Washington yesterday to explain to Government officials the necessity of the bond issue.

Chairman Warburg two days ago communicated with Mayor Keister, asking for an explanation of the need of the bond issue. The Mayor turned the inquiry over to the school authorities for a reply. Mr. Downes is expected to make one in person.

The meeting this afternoon was the first one held under the revised rules. Secretary Hammelbaugh yesterday issued the calendar of business for board action.

"Undoubtedly," said Mr. Wert, "this is the cheapest life and disability insurance ever offered by any company or government to citizens engaged in war work."

AMUSEMENTS "OLIVES" A FINE MUSICAL COMEDY

Last Two Acts on Majestic Program Get Much Applause

While there are some parts of the offerings on the Majestic bill for the last half which are weak for vaudeville entertainment, as a whole the program is equal to any which has been given this season. The musical comedy and a Scotch comedian please most, judging from the applause.

Following the pictures, Ella Lavall opens with aerial feats, some of which are not seen frequently except at a circus. For one person to attempt such an offering alone is unusual and created more than ordinary interest in the act. Werner and Astor, male pair in song and dance, improved with each number and gave a laughable number. One of these is "The Pink Lady," "The Wizard of Oz" and "Three Twines" are given. The entire production is one of the most enjoyable which has been presented at the Majestic in weeks.

Halton Powell's famous musical comedy, "Henpecked Henry," will be seen at the Orpheum, Monday and Wednesday, with daily matinees. The comedy is broad, but the humor never borders on mere burlesque. The story deals with a much-married man, whose wife is inclined to rule the home with an iron hand. Her tyranny leads to many funny experiences. Domestic life is always a splendid subject for stage treatment and there is no play that handles it in such an amusing way as does "Henpecked Henry."

"This," Goldwyn's magnificent production in which Mary Garden, prima donna, will bring to the world-famous prima, the character she has made famous to the smaller public of the opera, is one of the biggest film sensations ever released for public showing. The photoplay is taken from the novel by Anatole France. The story of the opera is probably well known, but in brief it tells of the love of a monk for Thais, a siren of ancient Alexandria, and the final conversion of the sinful woman to Christianity. The conclusion is thrilling, and affords the star one of the best acting opportunities of her career. Some of the settings have been furnished for the presentation of this famous opera. This production will be shown at the Colonial.

WOMAN'S NERVES MADE STRONG

By Lydia E. Pinkham's Vegetable Compound.

Winona, Minn.—"I suffered for more than a year from nervousness, and was so bad I could not rest at night—would lie awake and get so nervous I would have to get up and walk around and in the morning I would be all tired out. I read about Lydia E. Pinkham's Vegetable Compound and thought I would try it. My nervousness soon left me. I sleep well and feel fine in the morning and able to do my work. I gladly recommend Lydia E. Pinkham's Vegetable Compound to make weak nerves strong." Mrs. ALBERT SULTZE, 603 Olmstead St., Winona, Minn.

How often do we hear the expression among women, "I am so nervous, I cannot sleep," or "It seems as though I should fly." Such women should profit by Mrs. Sultze's experience and give this famous root and herb remedy, Lydia E. Pinkham's Vegetable Compound, a trial. For forty years it has been overcoming such serious conditions as displacements, inflammation, ulceration, irregularities, periodic pains, backache, dizziness, and nervous prostration of women, and is now considered the standard remedy for such ailments.
