

# NEWS AND NOTES OF BOY SCOUTS

## GREEN AND GOLD

(Troop Colors of Troop Six) By RED CLOUD.

Tum tum ta-ta-tum,  
Tom toms throbbing,  
Tum tum ta-ta-tum,  
In the firelight shadows fleeting,  
We are gathered here in council,  
We of Troop Six,  
We of Troop Six.

Tum tum ta-ta-tum  
One Washingtonian,  
He the Seer;  
He the Dreamer;  
Shiklamy, He the athlete,  
He the counselor,  
Geronimo, he the warrior;  
Lone Moose, Standing Elk,  
White Lightning, Running Water,  
Gathered here in council,  
To choose for our troop a color.  
Tum tum ta-ta-tum,  
Speak Oh Lone Moose!  
Speak War Eagle!  
Tell us Metacombet  
What shall be our color.

"From Thee, Oh Mother Nature,  
From thy hues of wondrous beauty,  
From the warm and smiling sunlight,  
From the depths of woodland shadows  
We must weave the color  
We would wear upon our shoulder."  
Thus speaks Metacombet,  
He a Chieftain, born a leader.

"Merrily we weave  
Strands of fairy texture  
When blue as heron's egg  
Smiles the sky of early summer,  
When the grass grows green and  
tender;  
When the brown thrush,  
Rival of the nightingale  
Pall throats his song  
From yardside bush  
And woodland thicket,  
When radiant June spreads o'er the  
earth  
Her soft green mantle,  
Then merrily singing weave we  
strands  
From earth's gay colors,  
From the broad and glossy corn leaf  
From the grass blade gently waving  
At the forest edges,  
From the leaves of beech and maple,  
From the wing of tiny humming  
bird  
Comes the color of our fabric."

Thus speaks Two Moons,  
Follower of the Magic Tiger.  
Tum tum ta-ta-tum,  
"From the leaf  
Of floating poplar lily,  
When the swamp lies still and stag-  
nant;  
From the pines of staid New Eng-  
land,  
From the waving palm leaf  
By St. Augustine's historic gate,  
Weave we fabric green  
For our shoulder.  
Geronimo, Chieftain of the Eagle,  
Bearer of the Eagle Totem,  
I Geronimo have spoken."

Weaving merrily,  
merrily merrily  
Tum toms throbbing,  
Bright flames dancing.  
"In the forest  
Summer no longer proudly flaunts  
Her bright green banner,  
When the summer turns to crimson  
Southward flies the golden oriole,  
From his breast I weave a color.  
From the soft gold haze of Autumn,  
From the nodding head of goldenrod  
flower.

From the frost coated pumpkin,  
From the golden light of sunset,  
When October's sun is setting,  
Weave I hues of brilliant color,  
This from darling Shiklamy,  
He who makes the Wolf his Totem.

Tum tum ta-ta-tum,  
Rises stately Massicot,  
Of our signal fire,  
"Our weaving's done,  
The fabric completed,  
Bravely rests on each brown shoul-  
der.  
Help us now, Oh Mother Nature,  
That in our hearts,  
In our hearts and in our minds  
The seasons of these colors,  
Make each Scout the better  
For the wearing.  
Graceful as the waving palm tree  
Staunch and stately as the towering  
pine;  
Modest as the pale violet,  
Tender as the tiny grass blade,  
Frank and open as the pond lily,  
Cheerful as the song of oriole,  
Generous as the golden sunlight  
Shining for one and all  
without distinction to rich or poor  
Or to race or color.  
Like the seasons never resting,  
Moving ever on and upward  
Till in manhood's richest prime  
Scouting's aim has been attained,  
Till the brow is crowned with silver,  
When Life's sun is slowly setting,  
May these colors,  
From Mother Nature,  
Man's first teacher  
Still arouse us  
To noble thoughts and pleasant mem-  
ories.

Of the days of youthful training  
In the ways of honest Scouting,  
Strength of morals  
Mind and muscle,  
Of these things, Oh Mother Nature,  
May we always be reminded  
By the green of smiling summer,  
And the gold of Autumn's sunset.  
Eagle, Wolf,  
Silver Fox and Tiger,  
All patrol leaders assembled,  
From the Kings of deep approval,  
Tum tum ta-ta-tum,  
Green and gold,  
Gold and green,  
Tum tum ta-ta-tum.

TO GIVE MEMBERS CHANCE  
TO TAKE EXAMINATIONS  
At the last meeting of Troop 20 it  
was announced that members would  
be given an opportunity to pass re-  
quirements 4, 6, 9 and 19 of second  
class work.

The constitution of the troop will be  
brought up for the approval of the  
members this evening.  
William Tyson, Scribe.

### Sour Stomach

Mi-o-na Puts the Stomach in  
Fine Shape in Five Minutes  
If your stomach is continually kick-  
ing up a disturbance, you feel bloated  
and distressed, if you belch gas and  
sour food into the mouth, then you  
need Mi-o-na Stomach Tablets.  
Mi-o-na stomach tablets give in-  
stant relief, of course, but they do  
more; they drive out the poisonous  
gases that cause fermentation of food  
and thoroughly clean, renovate and  
strengthen the stomach so that it can  
readily digest food without artificial  
aid.  
Mi-o-na stomach tablets are guar-  
anteed to encephalitis, acute or  
chronic, or stomach back. This means  
that nervousness, dizziness and bil-  
iousness will disappear. Druggists  
everywhere and H. C. Kennedy sell  
Mi-o-na.—Advertisement.

## TROOP HONORS ITS MEMBER IN NAVY

Ralph Williams Is Presented With Wrist Watch by Scout Associates

At the last Troop Eleven meeting Ralph Williams was presented with a wristwatch by the members of the troop. Scout Williams is a first class scout of the troop, and was in good standing when he left to enlist in the Naval Reserve Corps at Norfolk, Va. Ralph was a popular member of the troop and a great hustler, and is therefore missed very much.

Mr. Manser made a short presentation talk and Williams was asked to say a few words to the troop in regard to his experiences at the training school where he is located. Scout Williams is the first scout from the new troop that has joined the colors and we fully believe and hope that he will not be the last. At the present time there are twelve members of the old troop that have joined some branch of the service. Their names, ranks, regiments and locations will appear in this column later.

The troop did its usual good work in the distribution of pamphlets that were issued by the Bureau on Public Information some time ago. The boys had a large territory to cover, but it was handled well.

Miss Anna Miller has offered her services to teach the boys to knit. All seem anxious to take their first lesson at that line of work.

Mr. Manser took the troop on a hike through the snow starting at 10 o'clock, by way of trolley to Camp Hill and then walking to Oyster's Dam. The crowd then stopped to cook dinner and spend the rest of the afternoon there. All enjoyed the snow battle that followed after the meal and then started towards home about 3 o'clock. The boys followed the tracks of different animals on the way home, and loitered along the way to take notice of such things that occur on a snow hike.

Notice to Scouts of Troop 11. Please bring the scissors that are to be used for the work that is to be done for the Red Cross Auxiliary of the Market Square Presbyterian Church to-night after scout meeting. Don't forget. This means you.

CHARLES H. CRIST, Scout Scribe.

### CONSERVATION OF FUEL PLANNED BY TROOP 7

The orchestra of Troop 7 will hold a rehearsal at the home of Carl Gingrich, 2025 Green street, at 7:30, Friday night.

The regular meeting of the troop has been postponed on account of the conservation of fuel. A short meeting will be held on Wednesday evenings from 7 to 7:45.

The troop will celebrate its birthday anniversary on the 7th of February; pending this celebration all scouts who wish to re-register with the troop must do so before the 8th of the month. After this date they can only enter the troop as new members. Scouts, keep this in mind.

### Senate Demands 'Whole Truth' at Hog Island

Philadelphia, Feb. 1.—Members of the Commerce Committee of the Senate denounced the conduct of the American International Shipbuilding Corporation with regard to the Hog Island shipyard and shipbuilding contracts and made it plain that they are determined to run down the whole truth of what Senator Johnson, of California, termed a "delirium of expenditure" and Senator Harding, of Ohio, "an inordinate waste of money" in operations at the Philadelphia shipbuilding site.

Numbers of the committee are studying the American International Corporation and the facts concerning the interlocking interests out of which it grew, as well as to know the identity of all individuals having an interest in the giant concern. It was developed at the outset that no matter what discoveries of extravagance or carelessness with the Government money by its private spenders may be made, the Government will have to pay the entire bill.

## BASKETBALL TEAMS

For the benefit of those troops wishing to play basketball games with other scout teams, we will operate a booking office at local headquarters where each troop may register its open time, the names of Captain and manager, and a record of their past games.

We will arrange games for various teams on the condition that each team shall arrange for its own playing floor, and the manager and captain of any two teams scheduled, will make all arrangements for officials of proper experience and ability.

J. H. STINE, Scout Executive.

### TROOP SIX HOPES TO MEET OLIVET TEAM AGAIN

Last week there appeared on this page the announcement of a basketball game with the Olivets. We have since learned that the Olivet regular team was not on the floor and in fairness to their organization we wish to say that the team defeated by Troop Six was not the Olivet team. We hope that a game may be arranged with the Olivets before the season closes.

Next week Scout meetings will be held on Thursday night instead of Monday.

ROY A. REEL, Scribe.

## LANSDOWNE NOW FAVORS AIMS OF ALLIED CHIEFS

Concurs Fully With Wilson and Lloyd George as to Terms

London, Feb. 1.—The Marquis of Lansdowne, in an address today, said he could not end the war, but he would countermand the recent speeches of Premier Lloyd George and President Wilson on peace aims.

Lord Lansdowne was replying to an address presented by Earl Loreburn, formerly Lord High Chancellor, and others his supporters, including authors and journalists.

## U-BOAT CHASER OF NEW DESIGN BUILT BY FORD

Fabricated in West and Will Be Assembled in East

Washington, Feb. 1.—Henry Ford is about to turn out ships as he has turned out automobiles. The vessel he is about to make is a new submarine fighter of powerful type, and the

United States Government, through Secretary Daniels, of the Navy, has placed an order for large numbers of them.

After testifying yesterday before the House Naval Committee on the naval appropriation bill, Secretary Daniels authorized the statement that contracts for "several scores" of the new craft have been placed with the Ford Motor Company, at Detroit.

During the 1917 hunting season Game Warden S. Maurice Shuler reported that seventeen bucks and six does were killed in Perry county. The does were killed illegally and it is hoped the guilty hunters will be found.

### How You Can Remove Every Trace of Hair

(Toilet Talks)  
A stiff paste made with some powdered delatone and water and spread on a hairy surface about two minutes will, when removed, take every trace of hair with it. The skin should then be washed to free it from the remaining delatone. No harm can result from this treatment, but be sure it is delatone you get and you will not be disappointed.

### GOOD OLD RUBBER BOOTS

Mount Joy, Pa., Feb. 1.—H. E. Klugh, the East Main street confectioner, is wearing a pair of rubber boots that he purchased from John A. Dehoff, at Maytown, nineteen years ago. They look like new and he says that they don't leak.

## HOW TO GET COAL

Leading Coal Experts and Railroad Executives Make Practical Suggestions for Relieving the Present Acute Situation

Despite the Garfield holidays, the "coal famine" is still with us. In view of this condition, what further steps should be taken to get coal where it is needed, and what should be done to prevent another such fuel crisis?

The result of this canvass of experts is presented in THE LITERARY DIGEST for February 2d, and a reading of this article will do much to enlighten the public and acquaint it with constructive and practical methods for relief.
