Senator Hitchcock. Secretary Baker said he had not heard of the statement and could not remember if the subject had been discussed in conference with Lord Northcliffe. Declaring that "everybody knows about one-half of the men, both of ficers and enlisted men, in the camps have never been trained with artil-lery or machine guns," Senator Mc-Kellar asked the Secretary if he thought it wise to send men to France untrained. Secretary Baker replied that many artillery officers were being trained in France at a school turned over by the French, and that it took more time to train artillery of he Deneriment". "The play of he Deneriment" time to train articlevent ficers. "The plan of he Department," the Secretary added, "is to give as much training in this country as possible by concertrating artillery eupplies in units likeliest to go first to France, but in no case for them to be used in combot until their training is completed on the other gide. I therefore do not think it unwise to send men over who are not completely trained." FOR INDIGESTION **OR BAD STOMACH** Sterling .... Blasius .....
