Wage Commission Hears of More Shortcomings

Washington, Feb. 8 .- The eighthour day for railroad workers is not being observed generally, S. E. Heb-

Railroad Notes

Better train service on the Pennsy nes to-day brought joy to many ravelers. Officials hope to have still etter reports to-morrow.

E. G. Strine ,a Pennsy brakeman, off duty on account of illness. He confined to his home at York.

While three locomotives were going, west on the Lebanon Valley branch of the Reading, with a snow plow, the lead engine, No. 1549, jumped the track at Prescott and keeled over on its side in the snow. The enginemen jumped when the locomotive left the rails and cs-caped injury.

Twenty-six locomotives of the 1700 type on the Reading divison, are to be equipped with Duplex stokers. Engine 1725 has been equipped with the apparatus and is now being tried on the Temple grade

A discipline bulletin issued from

A discipline buildin issued from the office of Superintendent N. W. Smith of the Middle division, at Al-toona, shows that ten employes were reprimanded, seven suspended from one day to two weeks each, another one held under consideration and yet another one dismissed from the service' for reporting late and de-

Pennsy Cuts Cars From Built to Hog Island Plant Many Passenger Trains

The Reading Railway Company is now operating a double-track line between Forty-ninth street. Phila adelphia, tapping the big shipping plant at Hog Island, and the West-inghouse plant. This, it is believed, will solve the transportation prob-lem to those points. Freight will be moved over this line at night. The Pennsylvania railroad is con-structing a new line which starts at the Sun Shipbuilding plant at Ches-ter and runs through the Westing-house plant, the Baldwin plant, the Eddystone, and also the Hog Island plant, and connects with the Penn-sylvania tracks again around Six-tieth street.

land, sixty cars; between Baltimore and Sparrows Point, seventy cars; between Baltimore and Aberdeen, forty-five cars; between Philadelphia and Eddystone, twenty-two cars; be-tween West Chester and Eddystone, eight cars; between Bristol and Ed-dystone, ten cars. In addition, ten cars daily will be operated in the near future for spe-cial industrial service between Phil-adelphia and Bristol and five between Trenton and Bristol for the employes of the shipbuilding plant at the last named point. In order to provide sufficient cars for the use of employes going to and from these essential war industries, the Pennsylvania railroad has been obliged to draw upon the number or-dinarily in use in its suburban lines. Special passenger train service for war industries is also being operated at Erie and Huntingdon. If your skin is yellow—complexion pallid—tongue coated—appetite poor— you have a bad taste in your mouth— a lazy, no-good feeling—you should take Olive Tablets. Dr. Edwards' Olive Tablets—a sub-Dr. Edwards after 17 years of study with his patients. Dr. Edwards 'Olive Tabletsare a purely vegetable compound mixed with olive oil. You will know them by their olive color. To have a clear, pink skin, bright eyes, no pimples, a feeling of buoyancy like childhood day you must get at the cause. Dr. Edwards' Olive Tablets act on the liver and bowels like calomel—yet have no dangerous after effects. They start the bile and overcome con-stipation. That's why millions of boxes are sold annually at 10c and 25c per box. All druggists. Take one or two nightly and note the pleasing results.

Assistant Shop Foreman Has Joined Big Honor Roll

Willfam C. May, one of the best known of the force of foremen of the Altoona Machine shops, has be-come a Pennsy veteran and on Jan-uary 31 was retired from the ser-vice and placed on the pension roll. He held the position of assistant foreman of the truck' and frame shop.

He held the position of assistant foreman of the truck' and frame shop. Mr. May was born in Baltimore on January 24, 1848 and was rear-ed and educated in that city. He came to Altoona early in February, 1887 and entered the employ of the company as a machinist. He re-mained until July, 1868 when he left for Dunkirk where he remained un-til November when he returned to Altoona and again entered the com-pany's service. He was for many years assistant to Foreman Peter the past nine years he was assistant foreman of the truck and frame shop. It is Mr. May's intention to spend a well-earned rest and he in-tends to do some traveling. He leaves the service with an excellent record and enjoys the esteem of hundreds of workmen. GIRL, 11, SELIS MOTHER'S

spite of a two days' thaw, conditions remain somewhat demoralized. The

tendency of drivers to block the tracks with their teams is given as

a reason for impeding street car iraffic. Deep water held between the

tracks by the snow on either side,

tracks by the snow on either side, put a number of cell boxes out of commission. Thirty-five care were put out of commission yesterday, and about a dozen this morning by the deep water in the streets. The above photographs were taken along the Linglestown line.

Asinand, Ore., so she took her moth-er's two rings, valued at \$250, and sold them to a stranger for \$16.90. To-day B. H. Osborne, thirty-seven, is in jail on an open charge after admitting to the police that he bought the rings.

When you darken your hair with Sage Tea and Sulphur, no one can tell, because it's done so naturally, so evenly. Preparing this mixture, though, at home is mussy and troublesome. At little cost you can buy at any drug store the ready-to-use preparation, improved by the addition of other ingredients, called "Wyeth's Sage and Sulphur Com-pound." You just dampen a sponge or soft brush with it and draw this through you hair, taking one small strand at a time. By morning all strand is appears, and, after an-other application or two, your hair becomes beautifully darkened, glossy and luxuriant. Harry Lauder Never Has Any Foot Troubles

ecomes beautifully darkened, glossy ind luxuriant. Gray, faded hair, though no dis-trace, is a sign of old age, and as yee all desire a youthful and attrac-ive appearance, get busy at once with Wyeth's Sage and Sulphur 'campound and look years younger. This ready-to-use preparation is a felightful toilet requisite and not a anedicine. It is not intended for the cure, mitigation or prevention of disease.

Apples Good For the Teeth

"An apple at night makes dentists' bills light."

Dr. Harry E. Barnard, chairman of the Food Division of the American Chemical Society, says:

"An apple eaten in the evening will mehanically and chemically clean the teeth and protect them from bacterial ravages in the night, when the most damage is done."

If you have catarrh, catarrhal deafness, or head noises go to your druggist and get 1 oz, of Parmint (double strength), take this home add to it hot water and just a little sugar as directed in each package. Take 1 tablespoonful 4 times a day.

Take 1 tablespoonful 4 times a day. This will often bring quick relief from the distressing head noises. Clogged nostrils should open, breathing become easy and the mucous stop drop-ping into the throat. It is easy to make, tastes pleasant and costs little. Every one who has catarrh should give this treatment a trial. You will probably find it is just what you need.
