Ladies Rub Wrinkles With Amonized Cocoa
And Watch Them Go

Beauty Doctor Says Any Woman May Look From 10 to 20 Years Younger
If your skin shows signs of becoming wrinkled or flabby, go to any good druggist and get a little amonized cocoa and apply this at night over your entire face and neck; massage it into the skin with the finger tips for about two minutes and then wipe off the surplus with a soft dry cloth. Nothing else is required and you will be surprised to see how quickly it brightens up your complexion and how nicely it takes out the wrinkles and contracts the loose skin and enlarged pores.

Beauty Doctors say that it is the only method in the world that will actually remove wrinkles and make old faces look young and beautiful. Amonized cocoa costs little, is easy and delightful to apply, does not promote hair growth and will keep sweet and fresh indefinitely. Druggists everywhere are recommending it in place of face creams and lotions, for instead of hiding your wrinkles or complexion defects, it removes them. This is why many society women, who would not touch an ordinary cold cream, are enabled to keep their skin free from wrinkles and so young and girlish in appearance. Every lady who wants to possess a clear, fair skin, free from wrinkles should just try this for a few nights. A delightful surprise will await you.—Advertisement.

"I come from fruitful, sunny Florida with a message of health and strength. They who heed me, who follow my advice, and who take that which I prescribe will be able to do more of the world's work and to better enjoy life."—Dr. Sealdsweet Citrus

Good oranges and grapefruit build strength; preserve health

Dr. Harvey W. Wiley, of Washington, D. C., famous pure food advocate, says: "Eat oranges—eat them all the time; as many as you can get. I eat Florida oranges every day and advise people that they cannot find a healthier food."

Use more of these Florida fruits and eat less meats and grains

As you eat more oranges and grapefruit and less meats and grains you will conserve the latter for shipments abroad to our soldiers and our allies.

Unfortunately, these fruits cannot be exported to any great extent. They should be eaten in America, leaving solid food to go across the sea.

Buy Citrus Fruits From Your Dealer
Doubtless he will furnish you Sealdsweet oranges and grapefruit if you ask him. Should he hesitate to do so, insist—or find another dealer who will.

Yesterday he addressed a noonday luncheon meeting of the Carlisle Chamber of Commerce.

In his address yesterday Mr. O'Neil urged the building of good roads because of their social and economic value and urged the paying by localities affected of a proportionate share of the cost, stating as his basis for this belief that they benefited materially in increased land values.

His talk was political only at times, the major assertion being that the liquor interests had dominated politics of the Commonwealth for twenty-five years, rather than any special man or group of men. About ninety men attended the luncheon. The attendance at the supervisor's convention was kept down by bad road conditions.
